REGULAR ORDER OF BUSINESS.

PETITION.

The following petition, presented by Senator Stratton, was read:

UNITED STATES SENATE, WASHINGTON, D. C., December 19, 1898.

To the Honorable the Senate and Assembly of the State of California :

With a full and realizing sense of my obligations and responsibility to my country, and especially to the people of California, I venture to address you this petition, and to ask your advice and instructions as to the course you wish me to pursue upon the pending question, as presented, of territorial expansion. I am deeply impressed with the belief that it is fraught with more importance to the welfare of our country than any problem has possessed which has arisen during the present generation.

If an apology is needed for my action in seeking your counsel, it is offered in the declaration that I have always believed, and have reiterated the same in my public utterances, that a public office is a public trust, and that a representative, whether an Alderman of a City Council, a Supervisor of a city and county, a Representative in the State Legislature, or in the Congress of the United States, is but the agent, for the time being, of the people, and should at all times be influenced by the wishes of the majority of his constituents. The present great national question of purchasing far distant foreign territory, densely inhabited by alien races, the people of our State have had the opportunity of studying, and on it arriving at a decision. Therefore I believe it my duty to defer my individual opinion and judgment to the wishes of the people of California, whom I have the honor, in part, to represent in the Senate of the United States.

I owe the honor of my election to the Legislature. Many of the members who voted

for me have been reflected, and all, coming direct from the people, know their sentiments and wishes upon many of the vital political issues of the day. I am strengthened in my sense of duty to the people of California that I should seek through you their advice upon this great question, because on former occasions you have, by joint resolutions, in relation to the construction of the Nicaragua Canal, the railroad, monetary, and other national questions, passed resolutions—the language of which reads: "That our Senators be instructed, and our Representatives in Congress requested," etc.

"The Paris treaty of peace," agreed upon and signed by the Commissioners, must be ratified by two thirds of the Senate present. The people of the United States welcome peace, and the treaty will be ratified, either as a whole or with amendments.

In the absence of instructions, through you, of the people of California, I shall vote to amend section seven of the treaty, which provides for the payment of twenty millions of dollars for the relinquishment of Spain's sovereignty, or her interest in the Philippine Islands, to the United States. I am influenced in this course by the following reasons: The United States require only a military reservation, naval, and coaling station in the Philippine Islands. It also seems to me to be contrary to the spirit of our Constitution to acquire a territory on the Asiatic coast nine times as densely populated as California, whose inhabitants equal in numbers one seventh of the present population of all the United States, and who are, moreover, a mixed people, consisting of Malays, Tagals, Chinese, Visayans, Sulus, and Negritos, that have no conception of a government by the people, and can only be controlled by force of arms. The great governmental success of the United States is due to the fact that back of the Government has been the great patriotic heart of the nation, which has found its source of power in the intellectual, religious, thinking people of the land, who agreed that the ballot-box should be the arbiter of our political differences.

The War Department states that it will require fifty thousand troops to maintain order and protect property in Cuba after all the Spanish troops have been returned to Spain. We now have twenty thousand five hundred troops in Manila, and to garrison the other cities of the island of Luzon it will require three times that number. The control of all the islands means an annual expense for a standing army, the expense of a civil government for the islands, and an additional navy. It is estimated that this will, in all, amount to about one hundred millions of dollars per year. The Secretary of the Navy recommends in his annual report that if we annex the islands the present Congress should authorize the building of three first-class battleships and twelve cruisers; otherwise three armored cruisers will be sufficient to provide for building by the present Congress. This does not make a good business showing, when we consider that the total of exports and imports to and from the Philippine Islands to all countries of the world is estimated at only thirty millions of dollars per annum.

But, it is asked, are not the Philippines capable of development, as was the Louisiana purchase, California, Alaska, and other acquired territory? The answer is *no*. There are no lands to preempt or homestead, as they are already densely populated by Asiatic races, and the islands being located in the tropics the Anglo-Saxon race cannot thrive and build up republican institutions and homes in those low latitudes. The country is subject to earthquakes, tornadoes, floods, and epidemic diseases, and those not immuned to the climate find it impossible to endure it—the mean temperature being 84° F., while the minimum temperature is 59°. The rainfall at Manila averages ninety-nine inches per annum; while in other parts of the islands it reaches 156 inches (13 feet), which makes the humidity of the atmosphere so great that the heat is very oppressive and debilitating. But no stronger evidence can be presented of the undesirableness of these islands as a place to live in than the hundreds of telegrams and letters that daily reach me and others in Congress, from relatives and friends of soldiers, asking our influence to have their "boys" discharged and sent home, as they are sick and cannot stand the climate.

California is especially interested in the question of the acquisition of the Philippine Islands, as it affects the cultivation of the sugar beet and the whole beet sugar industry, in which tens of millions of dollars have been already invested. Our farmers cannot compete in raising beet sugar against the cheap peon labor of these islands, where Chinese and Malays work for fifteen cents per day in silver. We labored for many years to pass the Chinese Restriction Act, and remove the blight of cheap servile contract labor from our land; yet if this treaty is adopted we open the doors, and at one fell swoop let in ten millions of Asiatics; for if the Philippine Islands become a territory of the United States its inhabitants will become citizens of the United States, as were the Mexicans of California. But even if it should be possible to withhold from all, or part of the inhabitants, citizenship, and unjustly tax them without representation, no one will deny that *their children* would, under our Constitution, be *citizens of the United States*, and be entitled to all of the rights and privileges thereunder. Are we ready to receive such a heterogeneous people into our political family?

Congress made declaration that, "not for gain; not for territory; but for freedom and humanity, the war was waged in Cuba." Our flag is there, and in due time it will come down in honor, as it did at Chapultepec, Palo Alto, and other towns in Mexico—and it will come down in honor and with the approval of the President and of the American people because they made such a declaration through their Congress. Our flag means civil and religious liberty, and I do not believe the American people will ever permit it to permanently wave over vassal States or a subjugated race.

It is said, however, that we have incurred responsibilities by the late war which must be met in a manly spirit. We are endeavoring to do so in Cuba. But we have made no

promises to the Filipinos, or to the misgoverned and oppressed Spaniards in Spain, or their other colonies; and certainly our task is bounded by our abilities. Many, also, may doubt if it is the best thing we can do for the Filipinos to proceed to rule them by force of arms, as we have the Indians of this country. It is well to stop and consider some other plan. But is it not our duty to first turn our attention to some of the many great questions that so deeply concern our own people and the welfare of our own country? The conflict between labor and capital, the control of trusts and corporations, the regulation of the charges of the transportation, telegraph, and telephone companies, the education and establishment of manual training schools for the colored people of the South, the government of Alaska, the Indian and monetary questions, the reclamation of arid lands, the storage of water and preservation of our forests, the building of the Nicaragua Canal, and the improvement of our rivers and harbors should find sufficient work for the statesman at home.

It is the custom on the anniversary of the birthday of Washington to transact no legislative business in Congress, but to select some Senator to read his farewell address. May we not, with benefit to the country, anticipate the day and now read the following words that seem to apply with accentuated force at this time:

"Observe good faith and justice toward all nations. Cultivate peace and harmony with all. * * * 'Tis our true policy to steer clear of permanent alliances with any portion of the foreign world. * * * Harmony, liberal intercourse with all nations, are recommended by policy, humanity, and interest." Again: "The great rule of conduct for us, in regard to foreign nations, is, in extending our commercial relations, to have with them as little political connection as possible."

Awaiting your instructions as to the course you wish me to pursue in relation to this great question, knowing that you will be influenced only by patriotism and by that which you believe to be for the best interest of our State and Nation, I have the honor to remain,

Your obedient servant,

GEO. C. PERKINS.

The petition was ordered printed in full in the Journal, and its further consideration postponed until each Senator shall have had an opportunity to read the same.

PETITIONS.

Senator Stratton presented the following memorial:

SAN FRANCISCO, CAL., December 30, 1898.

To the Honorable Senate and Assembly of the State of California:

The undersigned committee representing the Society of California Pioneers, the California Academy of Sciences, and the Board of Regents of the University of Cali-

fornia, were appointed to memorialize the Legislature of California for an appropriation for the erection of a statue to the memory of James Lick, in Golden Gate Park, in the City and County of San Francisco.

We respectfully submit that the manner in which he devoted his fortune for the benefit of the public preëminently merits recognition by the State.

In 1875 he conveyed his property to trustees and directed that there should be paid therefrom \$700,000 in purchasing land and placing thereon a telescope more powerful than any previously made, and a suitable observatory, and directed that the whole should be conveyed to the Regents of the University of California, the telescope and observatory to be known as "The Lick Astronomical Department of the University of California"; \$100,000 to found an institute to be called the "Old Ladies' Home," as a retreat for women who are unable to support themselves and who have no resources of their own; \$150,000 to be expended in the erection and maintaining of free baths; \$60,000 to be expended in the erection of a bronze monument in Golden Gate Park in San Francisco to the memory of Francis Scott Key, author of the song, "The Star Spangled Banner"; \$100,000 to erect a group of bronze statuary at the City Hall in San Francisco to represent by appropriate designs and figures the history of California from the earliest settlement of the Missions to the acquisition of California by the United States, and from such acquisition to the time when agriculture became the leading interest of the State, and from the last named period to the first day of January, 1874; \$540,000 to found and endow an institute to be called the "California School of Mechanical Arts," the object and purpose of which should be to educate males and females in the practical arts of life, to be open to all youths born in California; \$25,000 to the Protestant Orphan Asylum of San Francisco; \$25,000 to the City of San José to support an orphan asylum at or near said city free to all orphans; \$25,000 to the Ladies' Protection and Relief Society of San Francisco; \$10,000 to the Mechanics' Institute of San Francisco; \$10,000 to the Society for the Prevention of Cruelty to Animals, with the hope that the trustees of said society might organize such a system as would result in establishing a similar society in every city and town in California; and he directed that the residue of the money arising from such trust should be equally divided between the Society of California Pioneers and the California Academy of Sciences, under which residuary provision each of said societies received the sum of \$604,654 08.

We respectfully ask that the memory of the man whose philanthropic impulses were such as to cause him to devise these numerous benefactions, and to provide the means for their accomplishment, be honored and perpetuated by an appropriate statue, to be erected under the authority of the State, and that the requisite appropriation be made.

To the Members of the Legislature of the State of California, Greeting:

Your petitioners and constituents of the City of Oakland and County of Alameda would respectfully request that you would make such legislation in the case in question as may be legally necessary.

To have the Military Company of Veteran Soldiers now organized in Oakland, Cal., known as Company "A," Veteran Reserves, Captain C. K. King commanding, recognized and mustered into the military service of the State, and either assigned to a regiment or as acting as an independent company. The company was the first organization in the United States to offer their services to the Government after the sinking of the battleship "Maine." They are well drilled and went to the expense of partially equipping themselves. They are organized to serve the State and county in the interests of guarding property and are willing to be called upon at a moment's notice for such purpose. They are experienced men and can be depended upon in any emergency.

SUSPENSION OF RULES.

On motion of Senator Luchsinger, the rules were suspended for the purpose of placing Senate Joint Resolution No. 6 on its adoption.

ADOPTION OF JOINT RESOLUTION.

SENATE JOINT RESOLUTION No. 6.

Relative to the construction of navy yards and ship building.

WHEREAS, The United States has expended for plants and sites for navy yards and stations, more than one hundred million dollars. The expenditure of this vast amount of public money was made that the nation might have under its immediate control a number of navy yards and stations conveniently located and properly equipped where it could build, repair, and equip its ships of war. We now have at least three navy yards that are equal to any demand which may be made upon them; one of these is located in California, namely: Mare Island Navy Yard. Notwithstanding that the Nation has its own navy yards fully equipped, the policy pursued by those in charge of the Navy Department has been to give the building of the navy to private establishments; such a policy is neither wise nor economical, and is directly opposite that followed by all of the great naval powers of the world. England and France never lose sight of the interest of the dock yards of the nation; they keep the dock yards always full of work, even if the private establishments of the country be forced to remain idle. We believe that it is both wise and patriotic to assist the development of private enterprise to the fullest possible degree, having a due regard to the public good. We condemn any policy that will favor private enterprise to the total neglect of the public dock yards of the country, as we would equally oppose the total neglect or discouragement of private enterprise by having all work required for our navy done in the navy yard. We believe that both should be encouraged and assisted, so that in time of great emergency the country would find it possible to have its work done in either or both places with dispatch. We favor the encouragement and building up of our navy yards because it is the best possible safeguard the country can have against the formation of trusts or combines in ship building; it also will be the means of securing under the control of the Navy Department a trained corps of mechanics who can be relied upon at all times. England, the greatest naval power in existence, almost entirely relies on her dock yards for the construction of her ships of war. To such a state of perfection has the dock yard system of England been brought, that the Board of Admiralty can estimate almost to a dollar the cost of the heaviest battle ship, and to a day as to the time needed for its construction. She has demonstrated beyond a doubt that the cheapest, quickest, and most economical place to have her war ships constructed is in her own dock yards. We believe that what England has been able to do in this line, we can do, if the proper encouragement be given; therefore, be it

Resolved by the Senate, the Assembly concurring. That our Senators in Congress be instructed, and our Representatives therein be requested and urged, to have inserted in the present Naval Appropriation Bill a provision providing that a fair proportion of the vessels provided for in that bill shall be constructed in the navy yards of the country, and that at least one of them be constructed at the Mare Island Navy Yard. We also call their attention to the fact that all the ships provided for in the Naval Appropriation Bill for the fiscal year of 1897 and 1898 have not yet been contracted for nor assigned, and we hope that they may use their influence with the Navy Department to have some portion of them built at Mare Island;

Resolved. That the Secretary of the Senate be requested to immediately transmit to each of said Senators and Representatives a copy of these resolutions.

Resolution read.

ARTICLE II.

LEGISLATIVE DEPARTMENT.

Chapter I.—The Board of Supervisors.

SEC. 1. The legislative power of the City and County of San Francisco shall be vested in a legislative body, which shall be designated the Board of Supervisors. Such body is also designated in this charter, the Supervisors.

SEC. 2. The Board of Supervisors shall consist of eighteen members, all of whom shall hold office for two years and be elected from the city and county at large. Each one must be at the time of his election an elector of the city and county, and must have been such for at least five years next preceding his election. Each Supervisor shall receive an annual salary of twelve hundred dollars.

Every person who has served as Mayor of the city and county, so long as he remains a resident thereof, shall be entitled to a seat in the Board of Supervisors and to participate in its debates, but shall not be entitled to a vote nor to any compensation.

SEC. 3. A majority of all the members of the board shall constitute a quorum, but a less number may adjourn from day to day and compel the attendance of absent members in such manner and under such penalties as the board may prescribe.

SEC. 4. The board shall:

1. Appoint a clerk, sergeant-at-arms and, when authorized to do so by ordinance, such additional clerks and other assistants as may be deemed necessary.

2. Establish rules for its proceedings.

3. Keep a journal of its proceedings, and allow the same to be published. The ayes and noes shall on demand of any member be taken and entered therein.

4. Have authority to punish its members for disorderly or contemptuous behavior in its presence.

SEC. 5. The Mayor shall be the presiding officer of the Board of Supervisors. In the absence of the Mayor the Board shall appoint a presiding officer pro tempore from its own members, who shall have the same right to vote as other members.

SEC. 6. The board shall meet on Monday of each week, or if that day be a legal holiday, then on the next day. The board shall not adjourn to any other place than to its regular place of meeting, except in case of great necessity or emergency. The meetings of the board shall be public.

SEC. 7. The clerk of the board, when requested to do so, shall administer oaths and affirmations, without charge, in all matters pertaining to the affairs of his office, and shall perform such services as may be prescribed by the board. He shall have the custody of the seal, and of all leases, grants and other documents, records and papers of the city and county. His signature shall be necessary to all leases, grants, and conveyances of the city and county.

SEC. 8. Every legislative act of the city and county shall be by ordinance. The enact-

ing clause of every ordinance shall be in these words: "Be it ordained by the People of the City and County of San Francisco as follows." No ordinance shall be passed except by bill, and no bill shall be so amended as to change its original purpose.

SEC. 9. No bill shall become an ordinance, nor resolution be adopted, unless finally passed by a majority of all the members of the board and the vote be taken by ayes and noes and the names of the members voting for and against the same be entered in the journal.

SEC. 10. No ordinance shall be revised, reenacted or amended by reference to its title; but the ordinance to be revised or reenacted, or the section thereof amended, shall be reenacted at length as revised and amended.

SEC. 11. An ordinance shall embrace but one subject, which subject shall be expressed in its title. If any subject be embraced in an ordinance and not expressed in its title, such ordinance shall be void only as to so much thereof as is not expressed in its title.

SEC. 12. When a bill is put upon its final passage in the board and fails to pass, and a motion is made to reconsider, the vote upon such motion shall not be acted upon before the expiration of twenty-four hours after adjournment. No bill for the grant of any franchise shall be put upon its final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. Every ordinance shall, after amendment, be laid over for one week before its final passage.

SEC. 13. Every bill or resolution providing for any specific improvement, or the granting of any franchise or privilege, or involving the lease, appropriation or disposition of public property, or the expenditure of public money, except sums less than two hundred dollars, or levying any tax or assessment, and every ordinance providing for the imposition of a new duty or penalty, shall, after its introduction, be published in the official newspaper, with the ayes and noes, for at least five successive days (Sundays and legal holidays excepted) before final action upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before final action thereon. But in cases of great necessity the officers and heads of departments may, with the consent of the Mayor, expend such sums of money, not to exceed two hundred dollars, as shall be necessary to meet the requirements of such necessity.

SEC. 14. If any bill be presented to the Mayor containing several items appropriating money or fixing a tax levy, he may object to one or more items separately, while approving other portions of the bill. In such case he shall append to the bill at the time of signing it a statement of the item or items to which he objects and the reasons therefor, and the item or items so objected to shall not take effect unless passed notwithstanding the Mayor's objection. Each item so objected to shall be separately reconsidered by the Board in the same manner as bills which have been disapproved by the Mayor.

SEC. 15. No ordinance shall take effect until ten days after its passage unless otherwise provided in such ordinance.

SEC. 16. Every bill and every resolution as hereinbefore provided, which shall have passed the board, and shall have been duly authenticated, shall be presented to the Mayor for his approval. The Mayor shall return such bill or resolution to the board within ten days after receiving it. If he approve it he shall sign it and it shall then become an ordinance. If he disapprove it he shall specify his objections thereto in writing. If he does not return it with such disapproval within the time above specified, it shall take effect as if he had approved it. The objections of the Mayor shall be entered at large in the journal of the board, and the board shall, after five and within thirty days after such bill or resolution shall have been so returned, reconsider and vote upon the same. If the same shall, upon reconsideration, be again passed by the affirmative vote of not less than fourteen members of the board, the presiding officer shall certify that fact on the bill or resolution, and when so certified, the bill shall become an ordinance with like effect as if it had been approved by the Mayor. If the bill or resolution shall fail to receive the vote of fourteen members of the board it shall be deemed finally lost. The vote on such reconsideration shall be taken by ayes and noes and the names of the members voting for and against the same shall be entered in the journal.

SEC. 17. All ordinances and resolutions shall be deposited with the clerk of the board, who shall record the same at length in a suitable book.

SEC. 18. No ordinance shall be repealed except by ordinance adopted in the manner hereinbefore set out, and such ordinance shall be presented to the Mayor for his approval as hereinbefore provided.

SEC. 19. Except as provided in Chapter III of Article III of this charter, all demands payable out of the treasury must, before they can be approved by the Auditor or paid by the Treasurer, be first approved by the Board of Supervisors. All demands for more than two hundred dollars shall be presented to the Mayor for his approval, in the manner hereinbefore provided for the passage of bills or resolutions. All resolutions directing the payment of money other than salaries or wages, when the amount exceeds five hundred dollars, shall be published for five successive days (Sundays and legal holidays excepted) in the official newspaper.

SEC. 20. Whenever there shall be presented to the Board of Election Commissioners a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or city and county election, asking that an ordinance to be set forth in such petition, be submitted to a vote of the electors of the city and county, the

Board of Election Commissioners must submit such proposed ordinance to the vote of the electors at the next election.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The tickets used in such election shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall within thirty days from the time of such election, proclaim such fact; and upon such proclamation such ordinance shall have the same force and effect as an ordinance passed by the Supervisors and approved by the Mayor, and the same shall not be repealed by the Supervisors. But the Supervisors may submit a proposition for the repeal of such ordinance, or for amendments thereto, for vote at any succeeding election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly.

Sec. 21. Except as otherwise provided in the Constitution of the State, or as otherwise provided in this charter, every ordinance involving the granting by the city and county of any franchise for the supply of light or water, or for the lease or sale of any public utility, or for the purchase of land of more than fifty thousand dollars in value, must be submitted to the vote of the electors of the city and county at the election next ensuing after the adoption of such ordinance.

The tickets used at such election shall contain the words "For the Ordinance" (stating the nature of the proposed ordinance) and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact; and upon such proclamation such ordinance shall have the same force and effect as an ordinance passed by the Supervisors and approved by the Mayor.

No such franchise, or lease or sale of any public utility, or purchase of land, shall be of any force or effect except it be made by ordinance, and such ordinance be adopted by the people as in this section provided.

Sec. 22. Whenever there shall be presented to the Supervisors a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or municipal election, asking that an amendment or amendments to this charter, to be set out in such petition, be submitted to the people, the board must submit to the vote of the electors of the city and county the proposed amendment or amendments.

The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths that the statements made therein are true and that each signature to such paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The Board of Election Commissioners must make all necessary provision for submitting the proposed amendment or amendments to the electors at a special election to be called by it, and shall canvass the vote in the same manner as in other cases of election.

All the provisions of the Constitution of the State embracing the subject in this section provided for are hereby expressly made applicable to such proposed amendment or amendments. But if at any time there shall be no constitutional provision or provisions under which this charter may be amended, then the aforesaid amendment or amendments must be submitted by the Board of Election Commissioners to the vote of the electors of the city and county at the election which next ensues after such petition is filed with the Supervisors, if any such election is not to be held within sixty days after the filing of such petition.

The tickets used at such election shall contain the words "For the Amendment" (stating the nature of the proposed amendment) and "Against the Amendment" (stating the nature of the proposed amendment).

If a majority of the votes cast upon such amendment or amendments shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact, and thereupon this charter shall be amended accordingly.

35. The Supervisors must appropriate annually to the Mayor thirty-six hundred dollars as and for a contingent fund, for which he need furnish no vouchers.

SEC. 2. The Supervisors shall constitute the Board of Equalization of the city and county. The Clerk of the Supervisors shall be Clerk of the Board of Equalization by virtue of his office.

SEC. 3. The Board of Supervisors shall appoint from its members a committee consisting of three to be denominated Finance Committee, and shall fill all vacancies in the committee. The committee shall investigate the transactions and accounts of all officers having the collection, custody or disbursement of public money, or having the power to approve, allow, or audit demands on the treasury; shall have free access to any records, books and papers in all public offices; shall have power to administer oaths and affirmations, and to examine witnesses, and compel their attendance before them by subpoena. The committee may at any time visit any of the public offices and make its examinations and investigations therein without hindrance.

The committee must, at least once in every six months, examine the official bonds of all city and county officers, and investigate the sufficiency and solvency of the sureties thereon, and report in writing the facts to the Mayor. Such report shall specify each bond with the sureties, and the amounts for which each surety is bound, and state whether or not they are sufficient and solvent. Upon such report the Mayor shall take such action as shall be necessary to protect the city and county, and may require new bonds when necessary, and he may suspend any officer till a sufficient bond is filed and approved.

SEC. 4. The Finance Committee shall have power, and it shall be its duty, to examine the records and examine and expert the books of account of all persons, companies or corporations that are required to pay a portion of their gross receipts into the treasury; and shall likewise, as an aid to the fixing of rates for furnishing water and light to the city and county and to the inhabitants thereof, have like power, and it shall be its duty, to examine the records and examine and expert the books of account of any and all persons, companies or corporations so furnishing water or light.

In the exercise of its functions, the concurrence of two members of the committee shall be deemed sufficient. The committee shall keep a record of its proceedings with the names of the witnesses examined and a substantial statement of the evidence taken. If, from the examination made by the committee, it shall appear that a misdemeanor in office, or a defalcation, has been committed by an officer, the committee shall immediately report to the Mayor, who if he approve the report, shall take such proceedings against such officer as are authorized by law, and may suspend him pending such proceedings. Any police officer shall execute the process and orders of the committee.

SEC. 5. No exclusive franchise or privilege shall be granted for laying pipes, wires or conduits.

SEC. 6. The Board of Supervisors shall have power to grant authority for a term not exceeding twenty-five years to construct and operate street railways upon, or over, or under, the streets or parts of streets of the city and county not reserved for boulevards or carriage driveways, upon the following conditions and in the following manner, and none other:

Upon application being made to the board for any such franchise, it shall by resolution determine whether such franchise or any part thereof should be granted, and at

said time shall determine on what conditions the same shall be granted additional to those conditions provided in this chapter. After such determination, it shall cause notice of such application and resolution to be advertised in the official newspaper of the city and county for ten consecutive days. Such advertisement must be completed not less than twenty nor more than thirty days before any further action is taken by the board on such application. The advertisement must state the character of the franchise sought, the term of its proposed continuance, and the route to be traversed; that sealed bids will be received up to a certain hour on a day to be named in the advertisement; and a further statement that no bids will be received of a stated amount, but that all bids must be for the payment to the city and county in lawful money of the United States of a stated percentage of the gross annual receipts of the person, company or corporation to whom the franchise may be awarded, arising from its use, operation, enjoyment or possession.

Every bidder shall file with his bid a bond executed to the city and county, with at least two good and sufficient sureties to be approved by the Mayor in a penal sum prescribed by the Supervisors, and set forth in such advertisement, conditioned that such bidder will well and truly observe, fulfill and perform each and all of the conditions, terms and obligations of the franchise for which said application was made in case the same shall be awarded to him, and that in case of the breach of any of the conditions of such bond, the whole amount of the penal sum therein named shall be taken to be liquidated damages, and that as such shall be recoverable from the principal and sureties on such bond.

At the next regular session after the expiration of the time stated in such advertisement up to which such bids will be received, the board must open such bids and award the franchise to the person, company or corporation offering to pay the highest stated percentage of the gross receipts arising from the use, operation, possession or enjoyment of the franchise for which such application was made. But no award shall be made, nor any such application granted, unless the stated percentage offered to be paid for the franchise shall be at least three per centum of such gross receipts during the first five years of the period for which the franchise is to be granted, four per centum of the gross receipts during the next succeeding ten years, and five per centum of the gross receipts during the next succeeding ten years.

Except as in this section otherwise provided, bidding for such franchises must be in accordance with the provisions of this charter in relation to bids made to the Board of Public Works, so far as such provisions may be applicable. The Supervisors may reject any and all bids, and may refuse to grant a franchise for any part of the route for which application was made. Every ordinance making such grant shall require the concurrence of three fourths of all the members of the Board of Supervisors, as shown by the ayes and noes, and the approval of the Mayor, and at least ninety days shall intervene between the introduction and final passage of any such ordinance. It shall require a vote of five sixths of all the Supervisors to pass the ordinance notwithstanding the objections of the Mayor.

If any bid be accepted, the franchise must be granted upon the express condition, in addition to the conditions required by this charter, and such other conditions as may be prescribed by the Supervisors, that the per centum of the gross receipts of the railway shall be paid into the treasury on or before the tenth day of the next ensuing month after such gross receipts shall have been earned; and upon the further condition that the whole of the railway shall be continuously operated, and that at the end of the term the road-track and bed of such railway and all its stationary fixtures upon the public streets, shall become the property of the city and county; and that the grantees will, within one hundred days after the date of such grant, commence the construction of such railway, and continuously thereafter, in each and every month until the completion thereof, expend in such construction at least the sum of three thousand dollars.

The failure to comply with any of said conditions shall work an immediate forfeiture of such franchise and the road or track constructed thereunder. There shall be no power in the Supervisors to relieve from such forfeiture or from any of said conditions. On or before the tenth day of each month after said receipts shall have been earned, the president and secretary of said railway company shall make and file with the clerk of the Board of Supervisors a sworn statement of the gross receipts of such railway for the preceding month.

In granting any such franchise the Board of Supervisors shall impose such other lawful conditions as it may deem advisable, and must expressly provide that the franchise shall not be renewed or regranted, and that the board shall at all times have the power to regulate the rates of fare to be charged by those using, operating, possessing or enjoying the franchise, and that the Finance Committee of the board shall at all times be permitted to examine and expert their books as to such gross receipts. All moneys received for such franchises and in payment of the said per centum shall be credited to the General Fund.

SEC. 7. The Supervisors shall have no power to grant franchises or privileges to erect poles or wires for transmitting electric power or for lighting purposes along or upon any public street or highway of the city and county except upon all the conditions and in the manner, including competitive bidding and payment of a percentage of gross receipts, hereinbefore set out, and upon the further condition that the board shall at all times have the right to regulate the charges of any person, company or corporation suing, enjoying or possessing such franchise or privilege.

When, on the expiration of any street railroad franchise, it shall be deemed inexpedient by the board to use any of the property reverting to it by reason of such expiration in the operation of a street railroad, then the board shall have power to lease such property to any person, company or corporation, after the notice, on the terms, and in the manner above provided as to the granting of street railroad franchises, as far as the same may be applicable. But no ordinance authorizing such lease shall be passed prior to ninety days next preceding the expiration of such franchise.

Any ordinance granting a franchise or authorizing a lease under the provisions of this section shall be in force from and after the expiration of thirty days from the date of its signature by the Mayor, or from and after the expiration of thirty days from the date of its passage by the Supervisors over his objections, unless within said thirty days a petition signed by a number of the electors of the city and county equal to fifteen per centum of the votes cast at the last preceding election shall have been filed with the Supervisors, asking that said ordinance be submitted to the vote of the people. In such case said ordinance shall be submitted at the next election to the vote of the electors of the city and county, and unless said ordinance shall at said election receive in its favor a majority of the votes cast thereon it shall have no force or effect for any purpose. If a majority of the votes be in favor of such ordinance, the Board of Election Commissioners shall, on the conclusion of the canvass of the vote thereon, proclaim such fact, and upon such proclamation said ordinance shall have full force and effect as of the date aforesaid. Said petition and submission shall be made in accordance with the provisions of section twenty of Chapter I of this Article.

SEC. 8. All claims for damages against the city and county must be presented to the Board of Supervisors and filed with the clerk within six months after the occurrence from which the damages are claimed to have arisen; otherwise there shall be no recovery on any such claim.

Chapter III.—Contracts.

SECTION 1. All contracts for goods, merchandise, stores, supplies, subsistence or printing for the city and county, as well as for all subsistence, supplies, drugs, and other necessary articles for hospitals, prisons, public institutions and other departments not otherwise specifically provided for in this charter, must be made by the Supervisors with the lowest bidder offering adequate security, after publication for not less than ten days in the official newspaper; and no purchase thereof or liability therefor shall be made or created except by contract.

Except as otherwise provided in this charter, the board must determine annually what goods, merchandise, stores, supplies, drugs, subsistence and other necessary articles will be needed by the city and county for the ensuing year, and it shall have no power to purchase or to pay for the same unless the provisions in this charter provided as to competitive bidding for supplies are strictly followed, and no contract shall be made for any of the same unless upon such competitive bidding.

All proposals shall be accompanied with a certificate of deposit or certified check on a solvent bank in the city and county of ten per centum on the amount of the bid, payable at sight to the order of the Clerk of the Supervisors. If the bidder to whom the contract is awarded shall for five days after such award fail or neglect to enter into the contract and file the required bond, the clerk shall draw the money due on such certificate of deposit or check and pay the same into the treasury; and under no circumstances shall the certificate of deposit or check or the proceeds thereof be returned to such defaulting bidder.

Notices for proposals for furnishing the aforesaid articles shall mention said articles in general and shall state that the conditions and schedule may be found in the office of the Clerk of the Board of Supervisors; and shall also state that such articles are to be delivered at such times, in such quantities, and in such manner, as the Supervisors may designate. Any bidder may bid separately for any article named. The award as to each article shall in all cases be made to the lowest bidder for such article, and where a bid embraces more than one article the Supervisors shall have the right to accept or reject such bid or the bid for any one or more articles embraced therein. In the case of contracts for subsistence of prisoners the advertisement for proposals shall specify each article required, the quality thereof, the quantity for each person, and the existing and probable number of persons to be supplied. No article or articles provided for in this section shall have been made in any prison. The Supervisors shall require bonds with sufficient sureties for the faithful performance of every contract. The Clerk of the Supervisors shall furnish printed blanks for all such proposals, contracts and bonds.

All bids shall be sealed and delivered by the bidder to the Clerk of the Supervisors, and opened by the board at an hour and place to be stated in the advertisement for proposals, in the presence of all bidders who attend, and the bidders may inspect the bids. All bids with alterations or erasures therein shall be rejected. All articles so supplied shall be subject to inspection and rejection by the Supervisors and by the person in charge of the office, institution or department for which the same are supplied. Every contract for work to be performed for the city and county must provide that in the performance of the contract eight hours shall be the maximum hours of labor on any calendar day, and that the minimum wages of laborers employed by the contractor in the execution of his contract shall be two dollars a day. Any contract for work to be performed for the city and county which does not comply with the provisions of this section shall be null and void, and any officer who shall sign the same shall be deemed guilty of misfeasance and upon proof of such misfeasance shall be removed from office.

SEC. 2. All contracts for official advertising shall be let annually in like manner by

the Supervisors to the lowest responsible bidder publishing a daily newspaper in the city and county which has a bona fide daily circulation of at least eight thousand copies, and has been in existence at the time of letting such contract for at least two years. In inviting proposals therefor, such advertising shall not be classified and no proposal shall be acted upon which offers to do such advertising at different rates for different portions thereof.

Such advertising shall be construed to mean the advertising and publication of all official reports, orders, ordinances, messages, resolutions, notices inviting proposals and all notices of every nature relating to city work. No part or kind of such advertising shall be charged or contracted for at a higher rate than any other part or kind of the same is charged or contracted for, except in the case of the delinquent tax list.

The newspaper to which the award of such advertising is made shall be known and designated as the "official newspaper."

The advertising of the delinquent tax list shall be let to the lowest responsible bidder on a separate bidding from all other official advertising.

No board, department or officer shall make any publication which is not expressly authorized by this charter or by the Supervisors.

SEC. 3. The Clerk of the Supervisors shall annually, under the direction of the Supervisors, advertise for proposals for supplying the various departments, officers and offices of the city and county with all stationery and supplies in the nature of stationery, assessment books, minute books, blank books and the printing of blanks. The contracts for stationery shall be separate from those for printing.

Notice for proposals for supplies shall require a greater or less quantity to be delivered at such times and in such manner as the Supervisors may designate. The advertisement for bids for paper shall state the weight, quality and size of the various kinds required, and that for printing shall enumerate the various letter heads, tax bills, tax receipts, court notices, and all blanks, papers and documents now used or hereafter required in any and all departments of the city and county, including the forms, papers and blanks now used or hereafter required by the courts of the city and county.

The forms for all printing shall be consecutively numbered, and each form and blank shall be known as No. — (specifying the number). Such advertisement shall be published for at least ten days, and shall require the bidders to state the price at which each article will be furnished, printed or manufactured, as the same may be required from time to time during such period, and the amount of the bond that will be required as security for the performance of the contract.

No stationery furnished to any officer or department shall contain the name or names of the officer or officers constituting the head of the department or board. The contract or contracts must be made with the lowest bidder offering adequate security, quantity and quality being considered. The Clerk of the Supervisors shall have rooms in the City Hall for the custody of such stationery, and when purchased the same shall be delivered to him, and he shall issue and distribute the same to the various departments as required.

He shall keep accounts in detail, charging himself with all goods received, and crediting himself with the goods delivered upon order or requisition as hereinafter provided. When any of such supplies are required for any department, the Clerk of the Supervisors shall issue the same after the requisition for such articles has been made by the head of such department and approved by the Mayor.

All requisitions for printing shall be made in a similar manner. The clerk shall report monthly in writing to the Supervisors, in detail, the amount of all paper, blanks, books, stationery and printing ordered by and delivered to any department or officer.

SEC. 4. Any officer of the city and county, or of any department thereof, who shall aid or assist a bidder in securing a contract to furnish labor, material or supplies, at a higher price or rate than that proposed by any other bidder, or who shall favor one bidder over another, by giving or withholding information, or who shall willfully mislead any bidder in regard to the character of the material or supplies called for, or who shall knowingly accept materials or supplies of a quality inferior to that called for by the contract, or who shall knowingly certify to a greater amount of labor performed than has been actually performed, or to the receipt of a greater amount or different kinds of material or supplies than has been actually received, shall be deemed guilty of misfeasance and shall be removed from office.

SEC. 5. All contracts provided for in this chapter must be in writing and executed in the name of the city and county by the Mayor. All such contracts must be countersigned by the Clerk of the Supervisors, and registered by number and date in a book kept by him for that purpose. When a contractor fails to enter into the contract awarded to him or to perform the same, new bids must be invited and a contract awarded as provided herein in the first instance. When the Supervisors believe that the prices bid are too high, or that bidders have combined to prevent competition, or that the public interest will be subserved thereby, they may reject any and all bids, and cause the notice for proposals to be re-advertised.

SEC. 6. No contract for lighting streets, public buildings, places or offices, shall be made for a longer period than one year, nor shall any contract to pay for gas, electric light or any illuminating material at a higher rate than the minimum price charged to any other consumer, be valid. Demands for lighting public buildings shall be presented monthly to the board or department using or having charge thereof, and shall specify the amount of gas, electric light or illuminating material consumed in such building during the month.

ARTICLE III.

FINANCE AND TAXATION.

Chapter I.—Levyng of Taxes.

SECTION 1. On or before the first Monday of April in each year the heads of departments, offices, boards, and commissions of the city and county shall send to the Supervisors an estimate, in writing, of the amount of expenditure, specifying in detail the objects thereof, required in their respective departments, offices, boards, and commissions, including a statement of the salaries of their subordinates. Duplicates of these estimates shall be sent at the same time to the Auditor.

SEC. 2. On or before the first Monday of May in each year the Auditor shall transmit to the Supervisors an estimate of the probable expenditures of the city and county government for the next ensuing fiscal year, stating the amount required to meet the interest and sinking funds for all outstanding funded debts, and the wants of all the departments of the municipal government in detail, and showing specifically the amount necessary to be apportioned to each fund in the treasury; also an estimate of the amount of income from fines, licenses, and other sources of revenue, exclusive of taxes upon property and the probable amount required to be levied and raised by taxation.

SEC. 3. The Supervisors shall meet annually between the first Monday of May and the first Monday of June, and by vote of a majority of all the members thereof make a budget of the amounts estimated to be required to pay the expenses of conducting the public business of the city and county for the next ensuing fiscal year. The budget shall be prepared in such detail as to the aggregate sum and the items thereof allowed to each department, office, board, or commission as the Supervisors shall deem advisable.

Before finally determining upon the budget, the Supervisors shall fix such sufficient time or times as may be necessary to allow the taxpayers to be heard in regard thereto, and the Supervisors shall attend at the time or times so appointed for such hearing.

SEC. 4. Any item in said budget may, within ten days, be vetoed in whole or in part by the Mayor, and it shall require fifteen votes of the Supervisors to overcome such veto. Action thereon must be taken before the last Monday of June.

After the final estimate is made in accordance herewith, it shall be signed by the Mayor and the Clerk of the Supervisors, and the several sums shall then be appropriated for the ensuing fiscal year to the several purposes and departments therein named. The estimate shall be filed in the office of the Auditor.

SEC. 5. The Supervisors must cause to be raised annually according to law, and collected by tax, the amounts so appropriated, less the amounts received from fines, licenses and other sources of revenue.

SEC. 6. Except as otherwise provided in this charter, no money shall be drawn from the treasury unless in consequence of appropriations made by the Supervisors and upon warrants duly drawn thereon by the Auditor.

SEC. 7. No warrant shall be drawn except upon an unexhausted specific appropriation.

SEC. 8. The Supervisors may appropriate thirty-six thousand dollars a year for urgent necessities not otherwise provided for by law. No money shall be paid out of this appropriation unless authorized by a five-sixths vote of all the members of the Board of Supervisors and approved by the Mayor.

SEC. 9. It shall not be lawful for the Supervisors, or for any board, department, officer or authority having power to incur, authorize or contract liabilities against the treasury, to incur, authorize, allow, contract for, pay or render payable in the present or future, in any one month, any expenditure, demand or demands, against any appropriation, which, taken with all other expenditures, indebtedness or liability made or incurred up to the time in such month of making or incurring the same, shall exceed one twelfth part of the amount of the appropriation for the fiscal year.

When any board, department or officer having power to incur liabilities against the treasury shall make any agreement for obtaining supplies or having labor performed, such department, officer or board shall register such agreement by number and date, and all demands arising under such agreement shall be payable in the order of such registration. Such department, board or officer must inform the person with whom it is proposed to make such agreement of the amount of money available or likely to be available in the fund from which such demands are payable.

If, at the beginning of any month, any money remains unexpended in any appropriation which might lawfully have been expended during the preceding month, such unexpended sum or sums, except so much thereof as may be required to pay all unpaid claims upon such appropriation, may be carried forward and expended in any succeeding month of such fiscal year; but not afterwards, except in payment of claims lawfully incurred during such fiscal year. Appropriations provided to meet the expense of elections, for the support and maintenance of the Assessor's and Tax Collector's departments, and for urgent necessities, shall be exempt from the provisions of this section.

SEC. 10. No contracts made, the expense of whose execution is not provided by law or ordinance to be paid by assessments upon the property benefited, shall be binding or of any force, unless the Auditor shall indorse thereon his certificate that there remains unexpended and unapplied as herein provided, a balance of the appropriation

or fund applicable thereto, sufficient to pay the estimated expense of executing such contract, as certified by the board or officer making the same. This provision shall not apply to work done, or supplies furnished, involving the expenditure of less than two hundred and fifty dollars, unless the same is required by law to be done by contract at public letting. The Auditor shall make such indorsement upon every such contract so presented to him, if there remains unapplied and unexpended such amount so specified by the officer making the contract, and thereafter shall hold and retain such sum to pay the expense incurred until the contract shall be fully performed. The Auditor shall furnish weekly to the head of each department a statement of the unexpended balances of the appropriation for his department.

SEC. 11. On or before the last Monday of June in each year the Supervisors shall levy the amount of taxes for city and county purposes required to be levied upon all property not exempt from taxation. The amount shall be sufficient to provide for the payment during the fiscal year of all demands upon the treasury authorized to be paid out of the same; but such levy, exclusive of the State tax and the tax to pay the interest and maintain the sinking funds of the bonded indebtedness of the city and county, and exclusive of the tax to pay for the maintenance and improvement of the parks, squares and public grounds of the city and county, shall not exceed the rate of one dollar on each one hundred dollars' valuation of the property assessed. The Supervisors in making the levy shall apportion the taxes to the several funds.

SEC. 12. In making the apportionment, the Supervisors shall take into account and apportion to the several funds the income and revenue estimated to arise during the fiscal year from licenses, fees and other sources; but the income to pay the interest on the bonded indebtedness and provide for the sinking funds shall always be provided for out of the tax on property.

SEC. 13. The limitation in section eleven of this chapter upon the rate of taxation shall not apply in case of any great necessity or emergency. In such case the limitation may be temporarily suspended so as to enable the Supervisors to provide for such necessity or emergency. No increase shall be made in the rate of taxation authorized to be levied in any fiscal year, unless such increase be authorized by ordinance passed by the unanimous vote of the Supervisors and approved by the Mayor. The character of such necessity or emergency shall be recited in the ordinance authorizing such action, and be entered in the Journal of the Board. Nothing in this section shall authorize the incurring of liabilities against the treasury not allowed by law, or which cannot be paid out of the income and revenue provided, collected and paid into the proper fund as its proportion of the same for such fiscal year, or permit liabilities or indebtedness incurred in any one fiscal year to be a charge upon or paid out of the income or revenue of any other fiscal year.

SEC. 14. The Supervisors shall fix the amount of municipal revenues and provide for the collection thereof. They shall from time to time provide for the payment of the interest and principal of the bonds for which the city and county is liable.

SEC. 15. The Supervisors shall authorize the disbursement of all public moneys except as otherwise specifically provided in this charter.

SEC. 16. At the close of each fiscal year, if all demands against each fund have been paid or satisfied, and all disputed or contested demands finally adjudicated, the Supervisors shall direct the Treasurer to transfer all surplus moneys to a fund to be called the Surplus Fund, except such surplus moneys as are in the several interest and sinking funds, in the Common School Fund, in the Park Fund, the Library Fund, the Police Relief and Pension Fund, in the Firemen's Relief and Pension Fund, and in such other funds the disposition of whose surplus moneys is in this charter otherwise provided for.

Chapter II.—The Several Funds.

SECTION 1. The income and revenue paid into the treasury shall be at once apportioned to and kept in separate funds. It shall not be lawful to transfer money from one fund to another or to use the same in payment of demands upon another fund. The provisions of this section shall not apply to fees paid into the treasury and placed temporarily to the credit of the Unapportioned Fee Fund under the provisions of Chapter III of this article.

SEC. 2. The several funds in the treasury authorized by law at the time this charter takes effect, or provided for by this charter, shall continue therein so long as there shall be occasion therefor; and the moneys therein, or which may belong thereto, shall not be used for any purpose other than that for which the same were raised, except as otherwise provided in this charter.

The General Fund shall consist of moneys received into the treasury and not specially appropriated to any other fund.

The Park Fund shall consist of the moneys annually apportioned to said fund by virtue of the tax provided for in this charter for the maintenance, preservation, and improvement of the parks, squares, avenues, and public grounds of the city and county; of all moneys accruing from rents of buildings under the jurisdiction of the Park Commissioners; and of all moneys coming into the hands of said commissioners whether from donations or otherwise. Out of said fund shall be paid all the expenses of every kind for the preservation, maintenance, and improvement of the parks, squares, avenues, and public grounds of the city and county.

The Library Fund shall consist of the moneys annually apportioned to said fund by virtue of the tax provided for in this charter for the maintenance of library and reading-

rooms, and the purchase of books therefor. Out of said fund shall be paid all the expenses necessary to the maintenance of such library and reading-rooms and the purchase of books therefor.

SEC. 3. The Surplus Fund shall consist of the moneys remaining at the end of any fiscal year in any other funds (except the Common School Fund and the other funds by this charter otherwise expressly provided for) after all valid demands, indebtedness and liabilities against said funds incurred within such fiscal year have been paid and discharged; *provided*, that all disputed or contested claims payable out of such funds have been finally adjudicated.

The Surplus Fund shall be used for the purposes and in the order following:

1. In payment of any final judgment against the city and county.
2. In liquidation and extinguishment, under such regulations as the Supervisors may adopt, of any outstanding funded debt of the city and county.
3. To be carried over and apportioned among the funds and used in the ensuing fiscal year as part of the income and revenue thereof.

SEC. 4. The Special Deposit Fund shall consist of:

1. All moneys paid into court and deposited with the Treasurer by the County Clerk.

2. All moneys received by the Public Administrator and deposited by him with the Treasurer.

3. All moneys deposited with the Treasurer on special deposit.

The moneys in the Special Deposit Fund shall be paid out in the manner prescribed by law.

SEC. 5. Except as otherwise provided in this charter any moneys remaining at the end of any fiscal year in any interest and sinking fund or a fund provided by a special bond issue for a specific purpose, the Common School Fund, the Park Fund, the Library Fund, the Firemen's Relief and Pension Fund, Police Relief and Pension Fund, and the Public Building Fund shall be carried forward and apportioned to said respective funds for the ensuing fiscal year.

SEC. 6. Any demand against the treasury or against any fund thereof remaining unpaid at the end of the fiscal year for lack of money applicable to its payment, may be paid out of any money which may subsequently come into the proper fund from delinquent taxes or other uncollected income or revenue for such year. Such demands shall be paid out of such delinquent revenue, when collected, in the order of their registration.

SEC. 7. When there shall be to the credit of any sinking fund in the treasury a sum not less than twenty thousand dollars which may be applied to the redemption of any outstanding bonds to which such fund is applicable, which are not redeemable before their maturity, it shall be the duty of the Mayor, Auditor and Treasurer to advertise for thirty days, inviting proposals for the surrender and redemption of the bonds.

After such advertisement the money in such sinking fund, or such portion thereof as may be required therefor, shall be awarded to the person or persons offering to surrender said bonds for the lowest price. Upon such award, when duly audited, the Treasurer shall, upon the surrender of the bonds, pay the amount to the person or persons to whom the same was awarded. No bid for the surrender of any of the bonds shall be accepted, which shall require a greater sum of money for their redemption than the then worth of the principal and interest of the bonds, calculated with interest not exceeding four per centum per annum.

Chapter III.—The Custody of Public Moneys.

SECTION 1. All moneys arising from taxes, licenses, fees, fines, penalties, and forfeitures, and all moneys which may be collected or received by any officer of the city and county or any department thereof, in his official capacity, for the performance of any official duty, and all moneys accruing to the city and county from any source, and all moneys directed by law or this charter to be paid or deposited in the treasury, shall be paid into the treasury. All officers or persons collecting or receiving such moneys must pay the same into the treasury. No officer or person other than the Treasurer shall pay out or disburse such moneys, or any part thereof, upon any allowance, claim, or demand.

SEC. 2. Salaried officers shall not receive nor accept any fee, payment, or compensation, directly or indirectly, for any services performed by them in their official capacity, nor any fee, payment, or compensation for any official service performed by any of their deputies, clerks, or employes, whether performed during or after official business hours. No deputy, clerk, or employe of such officers shall receive or accept any fee, compensation, or payment, other than his salary as now or hereafter fixed by law, for any work or service performed by him of any official nature, or under color of office, whether performed during or after official business hours.

SEC. 3. Every fee, commission, percentage, allowance, or other compensation authorized by law to be charged, received, or collected by any officer for any official service, must be paid by the officer receiving the same to the Treasurer, in the manner herein provided.

SEC. 4. It shall be the duty of every officer authorized by law to charge, receive, or collect any fee, commission, percentage, allowance, or compensation for the performance of any official service or duty of any kind or nature, or rendered in any official capacity, or by reason of any official duty or employment, to deliver the same to the Treasurer at the expiration of each business day. The Treasurer shall thereupon deliver to such

officer a receipt for the money so paid, which shall show the amount of money received, the day and hour when paid, the name of the officer paying the same, the nature of the service performed, and the name and official designation of the person by whom the service was performed; and like entries shall be made upon the stub of such receipt, which shall be kept by the Treasurer. The Treasurer shall place all such moneys in a fund to be designated the "Unapportioned Fee Fund," which is hereby created, and shall keep such fund as other funds in the treasury are kept, and shall be liable on his official bond for all money so received.

SEC. 5. The Auditor or other proper officer must prepare and deliver from time to time to the Treasurer, and to every officer authorized by law to charge any fee, commission, percentage, allowance, or compensation, for the performance of any official service or duty, as many official receipts as may be required, charging therewith the Treasurer or other officer receiving them. Such official receipts must be bound into books containing not less than one hundred such receipts, and numbered consecutively, beginning with number one in each class required for each officer for each fiscal year, and provided with a stub corresponding in number with receipt. When the books containing receipts are exhausted by the officer receiving them, he shall return the stubs thereof to the Auditor or other proper officer, in whose custody they shall remain thereafter.

SEC. 6. When a receipt as herein provided is issued by the Treasurer he must state therein the date of payment, the name of the person making the payment, the amount of such payment, the nature of the service for which the charge is made, and the name and official designation of the officer performing the service, and shall make corresponding entries on the stub of each receipt.

SEC. 7. When any receipt is issued by any officer other than the Treasurer as herein provided, he shall state therein the day and hour of the delivery to him of the Treasurer's receipt, the nature of the service therein described, and the amount charged therefor, and the name of the person by whom such receipt is delivered to him, and shall make corresponding entries on the stub to which such receipt is attached.

SEC. 8. On the first day of each month the Treasurer must make to the Auditor a report under oath of all moneys received by him during the preceding month, showing the date and number of the receipt on which the money was received, the amount of each payment, by whom paid, the nature of the service, and the name and official designation of the officer performing the service. At the same time, or oftener, if required by the Auditor, the Treasurer shall exhibit to the Auditor all official receipts received by him during the previous month, and all official receipts remaining in his hands, unused or not issued, at the close of business on the last day of the preceding month.

SEC. 9. On the first day of each month every officer authorized by law to charge any fee, commission, percentage, allowance or compensation, must make to the Auditor a report under oath of all official receipts issued by him during the preceding month, showing the date and number of each receipt, to whom issued, the nature of the service for which the charge was made, and the amount of such charge; and must at the same time, or oftener, if required, exhibit to the Auditor, or other proper officer, all the Treasurer's receipts deposited with him during the preceding month, and all receipts remaining in his hands, unused or not issued, at the close of business on the last day of each preceding month.

SEC. 10. Upon receiving the reports prescribed by sections eight and nine of this chapter, the Auditor shall examine and settle the accounts of each officer, and apportion such moneys to the fund or funds to which they are appropriated by law, and certify such apportionment to the Treasurer, who shall thereupon transfer from the "Unapportioned Fee Fund" the amounts so certified, and credit each fund entitled thereto with the proper amount so apportioned.

SEC. 11. Every officer who is by law allowed to charge and collect mileage for the service of process, or other like service, shall at the end of each month prepare and deliver to the Auditor a statement showing each process served, the title of the cause, the name of the deputy or other subordinate officer who made the service, the number of miles actually traveled in making such service, the exact day when such service was made, and between what hours of the day, and such statement shall be verified by the oath of such officer. The Auditor shall examine such statement, and issue his warrant upon the Treasurer for such amount of money as will reimburse such officer for his lawful expenses in making such service. Such warrant shall be paid by the Treasurer, without further approval, out of the "Unapportioned Fee Fund." No extra mileage shall be charged or allowed for service of two or more processes served on the same trip by the same deputy or deputies, except for extra mileage actually traveled in serving additional process. All mileage charged in violation of this section shall be disallowed by the Auditor, and all amounts disallowed for any reason shall be apportioned as other moneys in the "Unapportioned Fee Fund."

SEC. 12. When an officer, legally organized to employ a person other than one of his deputies or assistants at a stated compensation fixed by law, has employed such person, and in pursuance of such employment such person has rendered the service for which he was employed, such officer shall, at the end of each month, prepare and deliver to the Auditor a statement verified by the oath of such officer, showing the case or instance in which such service was performed, for whom performed, the name of the person so employed, by whom the service was performed, the amount of the charge therefor, the time actually employed in performing such service, and the dates of the beginning and ending of the period during which such person was so employed. The Auditor shall

thereupon examine such statement, and if he finds the same correct, he shall audit and allow the verified demand of such person so employed and performing the service for the sum or sums so earned by him for such service, and the Treasurer shall pay such demand so audited and allowed, without further approval, out of the "Unappropriated Fee Fund."

Sec. 13. The demand of the Auditor for his monthly salary shall be audited and allowed by the Mayor. All other demands on account of salaries fixed by law, ordinance, or this charter, and made payable out of the treasury, may be allowed by the Auditor without any previous approval. All demands payable out of the Common School Fund must, before they can be allowed or paid, be previously approved by the Board of Education. Demands payable out of the treasury for salaries, wages, or compensation of deputies, clerks, assistants, or employes, in any office or department, must, before they can be audited or paid, be first approved in writing by the officer, board, department or authority under whom, or in which, such demand originated. All other demands payable out of any funds in the treasury, must, before they can be allowed by the Auditor, or recognized, or paid, be first approved by the department, board or officer, in which the same has originated, and in all such cases must be approved by the Supervisors.

Every demand against the city and county shall, in addition to the other entries and indorsements upon the same required by this charter show :

1. The ordinance or authorization under which the same was allowed.
2. The name of the board, department or authority authorizing the same.
3. The fiscal year within which the indebtedness was incurred.
4. The appropriation provided to meet the demand.
5. The name of the specific fund out of which the demand is payable.

Each demand shall have written or printed upon it a statement that the same can only be paid out of the income and revenue provided, collected and paid into the proper specific fund in the treasury for the fiscal year within which the indebtedness was incurred, and shall refer to Chapter II of this article, and be numbered with reference to the fund out of which it is payable.

Sec. 14. Whenever any person has, or has received, moneys or other personal property belonging to the city and county, or has been intrusted with the collection, management or disbursement of any moneys, bonds, or interest accruing therefrom, belonging to or held in trust by the city and county, and fails to render an account thereof to, and make settlement with, the Treasurer within the time prescribed by law; or, when no particular time is specified, fails to render such account and make such settlement, or who fails to pay into the treasury any moneys belonging to the city and county upon being required to do so by the Auditor, within twenty days after such requisition, the Auditor must state an account with such person, charging twenty-five per centum damages, and interest at the rate of ten per centum per annum from the time of such failure.

A copy of such account in any suit therein is prima facie evidence of the things therein stated. In case the Auditor cannot for want of information state an account, he may in any action brought by him aver that fact, and allege generally the amount of money or other property which is due to or which belongs to the city and county. The City Attorney must prosecute all actions that may be brought under this section within ten days after notification by the Auditor.

Chapter IV.—Payment of Claims.

SECTION 1. The salaries and compensation of all officers, including policemen and employes of all classes, and all teachers in the public schools, and others employed at fixed wages, shall be payable monthly. Any demand upon the treasury accruing under this charter shall not be paid, but shall be forever barred by limitation of time, unless the same be presented for payment, properly audited, within one month after such demand became due and payable; or, if it be a demand which must be passed and approved by the Supervisors or Board of Education, or by any other board, then within one month after the first regular meeting of the proper board held next after the demand accrued; or, unless the Supervisors shall, within six months after the demand accrued as aforesaid, on a careful examination of the facts, resolve that the same is in all respects just and legal, and the presentation of it, as above required, was not in the power either of the original party interested or his agent, or the present holder; in which case they may by ordinance revive such claim; but it shall be barred in the same manner unless presented for payment within twenty days thereafter. No valid demand arising subsequent to the claim which may be revived as aforesaid shall be rendered invalid by reason of such revival exhausting the fund out of which subsequent claims might otherwise be paid. Such revived claim shall take rank as of the day of its revival.

ARTICLE IV.

EXECUTIVE DEPARTMENT.

Chapter I.—The Mayor.

SECTION 1. The chief executive officer of the city and county shall be designated the Mayor. He shall be an elector of the city and county at the time of his election, and must have been such for at least five years next preceding such time. He shall be elected by the people and hold office for two years. He shall receive an annual salary

of six thousand dollars. He may appoint a secretary, who shall receive an annual salary of twenty-four hundred dollars; an usher, who shall receive an annual salary of nine hundred dollars; and a stenographer and typewriter, who shall receive an annual salary of nine hundred dollars. All of said appointees shall hold their positions at the pleasure of the Mayor.

SEC. 2. The Mayor shall vigilantly observe the official conduct of all public officers and the manner in which they execute their duties and fulfill their obligations. The books, records and official papers of all departments, officers and persons in the employ of the city and county shall at all times be open to his inspection and examination. He shall take special care that the books and records of all departments, boards, officers and persons are kept in legal and proper form. When any official defalcation or willful neglect of duty or official misconduct shall come to his knowledge, he shall suspend the delinquent officer or person from office pending an official investigation.

The Mayor shall from time to time recommend to the proper officers of the different departments such measures as he may deem beneficial to public interest. He shall see that the laws of the State and ordinances of the city and county are observed and enforced. He shall have a general supervision over all the departments and public institutions of the city and county, and see that they are honestly, economically and lawfully conducted, and shall have the right to attend the meetings of any of the boards provided for in this charter, and offer suggestions at such meetings. He shall take all proper measures for the preservation of public order and the suppression of all riots and tumults, for which purpose he may use and command the police force. If such police force is insufficient, he shall call upon the Governor for military aid in the manner provided by law, so that such riots, or tumults, may be promptly and effectually suppressed.

SEC. 3. The Mayor shall see that all contracts and agreements with the city and county are faithfully kept and fully performed. It shall be the duty of every officer and person in the employ or service of the city and county, when it shall come to his knowledge that any contract or agreement with the city and county, or with any officer or department thereof, or relating to the business of any office, has been or is about to be violated by the other contracting party, forthwith to report to the Mayor all facts and information within his possession concerning such matter. A willful failure to do so shall be cause for the removal of such officer or employé. The Mayor shall give a certificate on demand to any person reporting such facts and information that he has done so, and such certificate shall be evidence in exoneration from a charge of neglect of duty.

The Mayor must institute such actions or proceedings as may be necessary to revoke, cancel, or annul all franchises that may have been granted by the city and county to any person, company, or corporation which have been forfeited in whole or in part or which for any reason are illegal and void and not binding upon the city. The City Attorney on demand of the Mayor must institute and prosecute the necessary actions to enforce the provisions of this section.

The Mayor shall have power to postpone final action on any franchise that may be passed by the Supervisors until such proposed franchise shall be ratified or rejected by a majority of the votes cast on the question at the next election.

SEC. 4. The Mayor shall appoint all officers of the city and county whose election or appointment is not otherwise specially provided for in this charter or by law. When a vacancy occurs in any office, and provision is not otherwise made in this charter or by law for filling the same, the Mayor shall appoint a suitable person to fill such vacancy, who shall hold office for the remainder of the unexpired term.

SEC. 5. The Mayor shall be president of the Board of Supervisors by virtue of his office. He may call extra sessions of the board, and shall communicate to them in writing the objects for which they have been convened; and their acts at such sessions shall be confined to such objects.

SEC. 6. When and so long as the Mayor is temporarily unable to perform his duties, a member of the board shall be chosen president pro tempore, who shall act as such Mayor. When a vacancy occurs in the office of Mayor, it shall be filled for the unexpired term by the Supervisors.

Chapter II.—The Auditor.

SECTION 1. The head of the Finance Department of the city and county shall be designated the Auditor. He shall be an elector of the city and county at the time of his election and must have been such for at least five years next preceding such time. He shall be elected by the people and hold office for two years. He shall receive an annual salary of four thousand dollars. The Auditor must always know the exact condition of the treasury and every demand upon it. He shall be in personal attendance at his office daily during office hours. He shall be the general accountant of the city and county, and shall receive and preserve in his office all accounts, books, vouchers, documents and papers relating to the accounts and contracts of the city and county, its debts, revenues and other financial affairs. He shall give information as to the exact condition of the treasury and of every appropriation and fund thereof, upon demand of the Mayor, the Supervisors, or any committee or members thereof.

SEC. 2. The Auditor shall appoint a Deputy Auditor, who shall possess the qualifications required of the Auditor, and who shall receive an annual salary of twenty-four hundred dollars. The Auditor may also appoint two assistant deputies, who shall each receive an annual salary of fifteen hundred dollars, and two clerks, who shall each receive an annual salary of twelve hundred dollars. He may employ such number of

extra clerks during the time their services may be necessary for the lawful discharge of his official duties, as the Board of Supervisors may designate. Such extra clerks shall each receive a salary not to exceed one hundred dollars a month for the time they shall be actually employed. The Auditor shall be allowed to expend not exceeding eighteen hundred dollars a year for counsel and attorney's fees.

SEC. 3. The Auditor shall keep an account of all moneys paid into and out of the treasury, and the Treasurer shall pay no money out of the treasury except upon demands approved by the Auditor. Any ordinance or law providing for the payment of any demand out of the treasury or any fund thereof (whether from public funds or from private funds deposited therein) shall always be construed as requiring the auditing of such demand by the Auditor before the same be paid.

SEC. 4. He shall number and keep an official record of all demands audited by him, showing the number, date, amount, name of the original holder, on what account allowed, against what appropriation drawn, out of what fund payable, and if previously approved or allowed, by what officer, department or board it has been so approved or allowed. It shall be misconduct in office for the Auditor to deliver a demand with his official approval until this requirement shall have been complied with.

SEC. 5. The Auditor shall approve no demand unless the same has been allowed by every officer, board, department and committee required to act thereon.

SEC. 6. No demand shall be allowed by the Auditor in favor of any corporation or person in any manner indebted to the city and county, except for taxes not delinquent, without first deducting the amount of any indebtedness of which he has notice; nor in favor of any person having the collection, custody or disbursement of public funds, unless his account has been presented, passed, approved and allowed as herein required; nor in favor of any officer who has neglected to make his official returns or reports in the manner and at the time required by law, ordinance, or the regulations of the Supervisors; nor in favor of any officer who has neglected or refused to comply with any of the provisions of law regulating his duties, nor in favor of any officer or employee for the time he shall have absented himself without legal cause from the duties of his office during office hours. The Auditor must always examine on oath any person receiving a salary from the city and county touching such absence.

The Auditor may require any person presenting for settlement an account or claim for any cause against the city and county to be sworn before him touching such account or claim, and when so sworn, to answer orally as to any facts relative to the justice of such account or claim. Moneys placed in the Special Deposit Fund shall not be subject to the provisions of this section.

SEC. 7. Every demand upon the Treasurer, except the salary of the Auditor, must, before it can be paid, be presented to the Auditor, who shall satisfy himself whether the money is legally due, and its payment authorized by law, and against what appropriation payable and out of what fund it is payable. If he allow it, he shall indorse upon it the word "allowed," with the name of the fund out of which it is payable, and the date of such allowance, and sign his name thereto. No demand shall be approved, allowed, audited or paid unless it specify each special item, date and amount composing it, and refer by chapter and section to the provisions of this charter authorizing the same.

SEC. 8. The Auditor shall keep a register of warrants, showing the funds upon which they are drawn, the number, in whose favor, for what service, the appropriation applicable to the payment thereof, when the liability accrued, and a receipt from the person to whom the warrant is delivered. He shall not allow any demand out of its order, nor give priority to one demand over another drawn upon the same specific fund, except for the purpose of determining its legality.

Chapter III.—The Treasurer.

SECTION 1. There shall be a Treasurer of the city and county, who shall be an elector of the city and county at the time of his election and who must have been such for at least five years next preceding such time. He shall be elected by the people, and hold his office for two years. He shall receive an annual salary of four thousand dollars, which shall be in full compensation for all his services. He may appoint a chief deputy, who shall receive an annual salary of twenty-four hundred dollars; two assistant deputies, who shall each receive an annual salary of eighteen hundred dollars, and one clerk, who shall receive an annual salary of twelve hundred dollars.

SEC. 2. The Treasurer shall receive and safely keep all moneys which shall be paid into the treasury. He shall not lend, exchange, use, nor deposit the same, or any part thereof, to or with any bank, banker or person; nor pay out any part of such moneys, nor allow the same to pass out of his personal custody, except upon demands authorized by law or this charter, and after they shall have been approved by the Auditor. At the close of business each day he shall take an account of and enter in the proper book the exact amount of money on hand. At the end of every month he shall make and file with the Mayor and publish quarterly in the official newspaper a statement of the condition of the treasury, showing the amounts of receipts into and payments from the treasury, and on what account, and out of what fund. If he violate any of the provisions of this section, he shall be guilty of misconduct in office, and be liable to removal therefrom, and be proceeded against accordingly.

He shall keep the accounts belonging to each fund separate and distinct, and shall in no case pay demands chargeable against one fund out of moneys belonging to another. He shall be in personal attendance at his office each day during office hours. No fees

of any kind shall be retained by him, but the same, from whatsoever source received or derived, shall be paid by him into the treasury.

SEC. 3. For the better security of the moneys in the treasury, there shall be provided a joint custody safe in which shall be kept the moneys of the city and county. Said safe shall have two combination locks, neither one of which alone will open the safe. The Treasurer shall have the knowledge of one combination and the Auditor of the other. The Auditor shall be joint custodian with the Treasurer of all funds in the joint custody safe; but shall have no control over them except to open and close the safe in conjunction with the Treasurer, when requested to do so in his official capacity, and shall not be held responsible on his official bond for any shortage which may occur in the treasury.

The gold shall be kept in bags containing twenty thousand dollars each, and the silver in bags containing one thousand dollars each. To each bag shall be attached a tag showing the nature and amount of coin contained therein. Each bag shall be sealed with the seal of each custodian.

There shall be kept in the safe a joint custody book, showing the amount and description of all funds in the safe, and whenever any amounts are withdrawn, the Auditor and Treasurer shall make the proper entry in the joint custody book and initial the same. If on account of sickness or urgent necessity the Auditor is unavoidably absent the Deputy Auditor shall perform his duties. The estimated amount of money required daily for the payment of demands against the treasury shall be taken from the joint custody safe and kept in another safe, and the money therein shall be balanced daily at the close of business hours.

SEC. 4. The Treasurer, on receiving any money into the treasury, shall make out and sign two receipts for the money. Such receipts shall be alike, except upon the face of one of them shall appear the word "original," and upon the face of the other shall appear the word "duplicate." Such receipts shall be numbered and dated, and shall specify the amount, on what account and from what person or officer received, and into what fund or on what account paid. The Treasurer shall enter upon the stubs of such receipts a memorandum of the contents thereof, and deliver the receipt marked "original" to the person or officer paying such money into the treasury, and forthwith deliver the receipt marked "duplicate" to the Auditor, who shall write upon its face the date of its delivery to him, and charge the Treasurer with the amount specified therein, and file the receipt in his office.

SEC. 5. No demand shall be paid by the Treasurer unless it specify each several item, date and amount composing it, and refer by title, date and section to the law, or ordinance or provision of this charter authorizing the same; but the allowance or approval of the Auditor, or of the Supervisors, or of any department, board or officer, of any demand which is not authorized by law or this charter, and which, upon its face appears not to have been expressly made payable out of the funds to be charged therewith, shall afford no warrant to the Treasurer for paying the same.

SEC. 6. Every lawful demand upon the treasury, audited and allowed as in this charter required, shall in all cases be paid upon presentation, if there be sufficient money in the treasury applicable to the payment of such demand, and on payment canceled with a punch, cutting the word "Canceled" therein, and the proper entry thereof made. If, however, there be not sufficient money so applicable, then it shall be registered in a book kept for that purpose by the Treasurer. Such register shall show the special number given by the Supervisors or other authority, and also by the Auditor to each demand presented, also when presented, the date, amount, name of original holder, and on what account allowed and against what appropriation drawn, and out of what specific fund payable. All demands shall be paid in the order of their registration. Each demand upon being so registered shall be returned to the party presenting it, with the indorsement of the word "Registered," and dated and signed by the Treasurer; but the registration of any demand shall not operate to recognize or make valid such demand if incurred contrary to any of the provisions of this charter.

Chapter IV.—The Assessor.

SECTION 1. There shall be an Assessor of the city and county, who shall be an elector of the city and county at the time of his election, and who must have been such for at least five years next preceding such time. He shall be elected by the people and hold office for four years. He shall receive an annual salary of four thousand dollars, which shall be in full compensation for all his services. He may appoint a chief deputy, who shall receive an annual salary of twenty-four hundred dollars; one cashier, who shall receive an annual salary of eighteen hundred dollars; six assistant deputies, who shall each receive an annual salary of eighteen hundred dollars; twenty-one clerks, who shall each receive an annual salary of twelve hundred dollars; and during four months of the year not more than one hundred clerks, who shall each be paid at the rate of not more than one hundred dollars a month during the time of their employment.

He may appoint one chief deputy, who shall receive an annual salary of twenty-four hundred dollars; one cashier, who shall receive an annual salary of twenty-four hundred dollars; fifteen deputies, who shall each receive an annual salary of fifteen hundred dollars; and extra clerks, who shall each be paid at the rate of not more than one hundred dollars a month during the time of their employment, but the total amount of payment for such extra clerks shall not exceed thirty-six thousand dollars a year.

SEC. 2. The Tax Collector must collect all licenses which may at any time be required by law or ordinance to be collected within the city and county. He shall be charged with all taxes levied upon real and personal property within the city and county, upon the final settlement to be made by him according to law, or this charter. He shall pay into the treasury, without any deduction for commissions, fees, or charges of any kind or on any account, the full amount of all taxes, assessments, and moneys received by him, and not previously paid over, including all moneys paid under protest, and money received for taxes paid more than once, and for street assessments. He shall also be charged with, and be debtor to the city and county for the full amount of all taxes due upon the delinquent tax list delivered to him for collection, unless it appear to the satisfaction of the supervisors, expressed by resolution, that it was out of his power to collect the same by levy and sale of property liable to be seized and sold therefor.

SEC. 3. The Tax Collector may appoint an attorney to prosecute actions for the collection of delinquent taxes, and may agree on paying him as compensation therefor a stated percentage out of the amounts recovered; but such percentage shall in no case exceed fifteen per centum of the amounts recovered.

SEC. 4. He shall examine all persons liable to pay licenses, and see that licenses are taken out and paid for. In the performance of their official duties, he and his deputies shall have the same powers as police officers in serving process and making arrests. He may demand the exhibition of any license for the current term from any person, firm or corporation engaged or employed in the transaction of any business for which a license is required; and if such person, firm, or corporation shall refuse or neglect to exhibit such license, the same may be revoked forthwith by the Tax Collector.

SEC. 5. The Auditor shall from time to time deliver to the Tax Collector such city and county licenses as may be required, and sign the same and charge them to the Tax Collector, specifying in the charge the amounts thereof named in such licenses respectively and the class of licenses, and take receipts therefor, and the Tax Collector shall sign and collect the same. The Tax Collector shall once in every month, and oftener when required by the Auditor, make to the Auditor a report under oath of all licenses sold and on hand, and of all amounts paid to the Treasurer, and shall also in that regard comply with the regulations which may be prescribed by the supervisors. At the time of making such report, the Tax Collector shall exhibit to the Auditor all licenses on hand and the Treasurer's receipts for all moneys paid into the treasury.

DEPARTMENT OF PUBLIC WORKS.

Chapter I.—The Board of Public Works.

SECTION 1. There shall be a Department of Public Works under the management of three commissioners, who shall constitute the Board of Public Works, and who shall give all their time during official business hours to the duties of their office. The members of said board shall be appointed by the Mayor. Of those first appointed he shall appoint one for one year, one for two years, and one for three years. Each year thereafter he shall appoint for three years one person as the successor of the commissioner whose term of office expires in that year. All such appointments shall be so made that not more than one member shall at any one time belong to the same political party. No person shall be eligible for appointment as such commissioner unless he is, and has been for at least five years next preceding his appointment, an elector of the city and county. Each of said commissioners shall receive an annual salary of four thousand dollars.

SEC. 2. Of the commissioners first appointed under this charter, one shall be designated by the Mayor to serve as president for one year. All subsequent presidents of the board shall be elected by the members thereof for terms to be fixed by said board. The president of the board shall in each case hold office until his successor has been elected or until his membership on the board expires.

SEC. 3. The board may appoint a secretary, who shall receive an annual salary of eighteen hundred dollars. The board may employ such clerks, superintendents, inspectors, engineers, surveyors, deputies, architects and workmen as shall be necessary to a proper discharge of their duties under this article, and fix their compensation; but no compensation to any of said persons shall be greater than is paid in the case of similar employments.

SEC. 4. The board shall establish all necessary rules and regulations for its government, and for the performance of its duties, and for the regulation and conduct of its officers and employes; and shall require adequate bonds from its officers and employes, except laborers, for the faithful performance of all their duties, in such sums as may be fixed by the Supervisors. Said bonds shall be approved by the Mayor and shall be filed in the office of the Auditor.

SEC. 5. The board shall hold regular meetings at least once each week at a place and time to be fixed by resolution entered on its minutes. No changes in place or time of regular meetings shall be made without a resolution passed at least two weeks before the time the change is to go into effect. Such special meetings may be held as the commissioners may deem necessary after notice of the same has been posted ten hours before the time of holding any such meeting. All meetings shall be public. No business shall be transacted at an adjourned meeting except such as may have been under, or proposed for, consideration at the meeting from which the adjournment was had. No business shall be transacted at a special meeting except that which is named in the notice of said meeting. Special meetings may be called by any member of the board. In every case where a power is exercised under this article by the board the vote thereon shall be taken by ayes and noes.

SEC. 6. The board shall keep and preserve a record of all its proceedings, and copies of all plans, specifications, reports, contracts, estimates, certificates, receipts, surveys, field notes, maps, plats, profiles, and of all papers pertaining to the transactions of the board. The secretary of the board shall keep a record of all its transactions, specifying therein the names of the commissioners present at all the meetings, and giving the ayes and noes upon all votes. The secretary shall post and publish all orders, resolutions, and notices as required in this chapter or which the board shall order to be posted or published. He shall perform such other duties as may from time to time be prescribed by the board.

SEC. 7. The board shall be the successor in office and shall have all the powers and perform all the duties of the Superintendent of Streets, Highways and Squares, of the New City Hall Commissioners, and of the commissions in existence at the time this

charter goes into effect, for the opening, extending, widening, narrowing, straightening, closing or changing the grades of streets in the city and county.

SEC. 8. The board shall immediately after its organization take possession and have the custody and control of all maps, plats, surveys, field notes, records, plans, specifications, reports, contracts, models, machinery, instruments, tools, appliances, contract rights, privileges, books, documents and archives and other property belonging to the city and county, or which may be of value and importance to the city and county, and heretofore kept by or in the offices of the City and County Surveyor, the Superintendent of Public Streets, Highways and Squares, the Board of New City Hall Commissioners, and all commissions in existence at the time this charter goes into effect for the opening, extending, widening, narrowing, straightening, closing, or changing the grades of streets, and all other business and works pertaining to any of said offices or commissions.

SEC. 9. The Board of Public Works shall have charge, superintendence, and control, under such ordinances as may from time to time be adopted by the supervisors:

1. Of all public ways, streets, avenues, lanes, alleys, places, courts, roads, highways, and boulevards now opened or which may hereafter be opened in the city and county; of the manner of their use; and of all work done upon, over, or under the same; and herein particularly the board shall have exclusive authority to prescribe rules and grant permits, in conformity with the ordinances of the Supervisors, for the moving of buildings through the streets thereof, and the building or placing of cellars or vaults under the streets or sidewalks, and of temporary fences enclosing areas upon the sidewalks; the laying down and construction of railroad tracks in the streets; the erection of telegraph and telephone poles, and poles for electric lighting, and the laying under the surface of the streets or sidewalks of telegraph or telephone wires, and wires for electric lighting and power; the construction of drains and sewers; the laying down and taking up of gas, steam, and water pipes, pneumatic or other tubes or pipes, and sewers and drains, and determining the location thereof; the using of the street, or any portion thereof, for the deposit of building material in front of a building during its construction or repair, or for any purpose other than such as ordinarily and properly belongs to the public from the dedication thereof to public use; and without such permission, in writing, from said board no person shall do any of the acts in this section enumerated; but nothing in this section shall be so construed as to give said board the power to grant permits for or allow the permanent encroachment upon any sidewalk of any structure;

2. Of all sewers, drains, and cesspools, and of the work pertaining thereto or to the drainage of the city and county.

3. Of the cleaning and sprinkling of all public streets, avenues, alleys, places, courts, roads, highways, and boulevards, and the lighting of the same, and the lighting of the parks, squares, and other public places and public buildings;

4. Of the cleaning of all the public buildings of the city and county and of the appointment of such janitors and employes as are needed for such purpose;

5. Of the supervision of any and all building construction in the city and county;

6. Of the construction of any and all public buildings and structures, under plans duly approved by the various departments, including all school-houses and fire department buildings, and the repair and maintenance of any and all buildings and structures owned by the city and county;

7. Of any and all wires and conduits, the collection and disposal of street refuse, garbage and sewage, and the designing, construction, and maintenance of the sewerage and drainage systems of the city and county;

8. Of any and all public utilities owned, controlled, or operated by the city and county, or which may hereafter be so owned, controlled, or operated.

9. When at any time any person, company or corporation desires to have opened or torn up the roadway of any street, lane, alley, place or court in the city and county for any purpose, a written application shall be made to the Board of Public Works for permission to do so. The board shall thereupon make an estimate of the expense of opening or tearing up such street, lane, alley, place or court and of restoring the same to as good a condition as it was in before said opening or tearing up. Such person, company or corporation must thereupon deposit the amount of such estimate with the Board of Public Works, which shall thereupon pay the same into the General Fund.

The board shall thereupon proceed to open or tear up said street, lane, alley, place or court as in said application requested, and shall at the proper time restore such street, lane, alley, place or court to as good a condition as it was in before said opening or tearing up. Contracts for the doing of such work by the board may be let by it in the manner provided in this chapter, or the work may, at the option of the board, be done by days' labor.

If the expense of such work has been more than the aforesaid estimate, the person, company or corporation shall be indebted to the city and county for such balance; and the same shall constitute a lien upon the property of such person, company or corporation. Said lien shall remain in force until such balance has been paid, or until the lien shall be legally discharged. Said lien may be enforced by suit brought by the city and county in accordance with the provisions of the Code of Civil Procedure of the State of California. If the expense of such work has been less than the aforesaid estimate, then the surplus shall constitute a claim in favor of such person, company or corporation, against the city and county, and as such shall be presented, approved and paid as other claims.

SEC. 10. All examinations, plans and estimates required by the Supervisors in connection with any public improvements or utilities, shall be made by the Board of Public Works, and it shall, when requested to do so, furnish information and data for the use of the Supervisors.

SEC. 11. Said board shall appoint a civil engineer of not less than five years' practical experience as such, who shall be designated the City Engineer. He shall hold his office at the pleasure of the board.

He shall perform all the civil engineering and surveying required in the prosecution of the public works and improvements done under the direction and supervision of said board, and shall certify to the progress and completion of the same, and do such other surveying or other work as he may be directed to do by said board or by the Supervisors. He shall possess the same power in the city and county in making surveys, plats and certificates as is or may from time to time be given by law to City Engineers and to County Surveyors, and his official acts and all plats, surveys and certificates made by him shall have the same validity and be of the same force and effect as are or may be given by law to those of City Engineers and County Surveyors. No street assessment shall be valid without his certificate as to the quantities and unless it be to the effect that the work has been done to the official lines, elevations and grades.

SEC. 12. He shall serve the board exclusively and shall not be engaged in any other business while he is in its service. He shall receive no compensation except his salary. The board shall by resolution establish fees and charges for the services to be performed by the City Engineer for persons, companies and corporations, and may from time to time change and adjust the same. Said Engineer shall require such fees or charges to be paid in advance for any official act or service demanded of him, and such moneys thus paid shall be paid to the Treasurer and credited by him to such fund or funds as said board may direct.

SEC. 13. The board shall appoint the necessary heads of departments under its charge. Each such head shall have the sole executive control in his own department, subject to the rules and regulations prescribed by the board.

SEC. 14. All public work authorized by the Supervisors to be done under the supervision of the Board of Public Works shall, unless otherwise determined by the Board of Public Works, be done under written contract, except in case of urgent necessity as hereinafter provided; and except as otherwise specifically provided in this charter, the following proceedings shall be taken in all cases in the matter of the letting of contracts by said board: Before the award of any contract for doing any work authorized by this article, the board shall cause notice to be posted conspicuously in its office for not less than five days, and published for the same time, inviting sealed proposals for the work contemplated; except, however, that when any repairs or improvement, not exceeding an estimated cost of five hundred dollars, shall be deemed of urgent necessity by the board, such repairs or improvement may be made by the board under written contract or otherwise, without advertising for sealed proposals.

SEC. 15. Said advertisement and notice shall invite sealed proposals to be delivered at a certain day and hour at the office of the board for furnishing the materials for the proposed work, or for doing said work, or for both, as may be deemed best by the board, and shall contain a general description of the work to be done, the materials to be furnished, the time within which the work is to be commenced, and when to be completed, and the amount of bond to be given for the faithful performance of the contract, and shall refer to plans and specifications on file in the office of the board for full details and description of said work and materials.

SEC. 16. All proposals shall be made upon printed forms to be prepared by the board, and furnished gratuitously upon application, with a form for the affidavit hereinafter provided for printed thereon. Each bid shall have thereon the affidavit of the bidder that such bid is genuine, and not collusive or sham; that he has not colluded, conspired, connived, or agreed, directly or indirectly, with any other bidder or person to put in a sham bid, or that such other person shall refrain from bidding; and has not in any manner sought by collusion to secure any advantage against the city and county, or any person interested in said improvement, for himself or any other person. All bids shall be clearly and distinctly written, without any erasure or interlineation, and if any bid shall have an erasure or interlineation it shall not be received or considered by the board. Any contract made in violation of any of the foregoing provisions, and in the case of improvement of streets, any assessment for the work done under such contract, shall be absolutely void.

All proposals offered shall be accompanied by a check, certified by a responsible bank, payable to the order of the clerk of the Supervisors, for an amount not less than ten per centum of the aggregate of the proposal, and no proposal shall be considered unless accompanied by such check.

No person, corporation, or firm shall be allowed to make, file, or be interested in, more than one bid for the same work. If on the opening of said bids more than one bid appear in which the same person, corporation, or firm is interested, all such bids shall be rejected.

SEC. 17. On the day and at the hour specified in said notice inviting sealed proposals the board shall assemble and remain in session for at least one hour, and all bids shall be delivered to the board while it is so in session, and within the hour named in the advertisement. No bid not so delivered to the board shall be considered. Each bid as it shall be received shall be numbered and marked "Filed" by the President and authenticated by his signature. At the expiration of the hour stated in the advertise-

ment within which the bids will be received, the board shall, in open session, open, examine and publicly declare the same, and an abstract of each bid shall be recorded in the minutes of the board by the secretary. Before adjourning the board shall compare the bids with the record made by the secretary, and shall thereupon, at said time, or at such other time, not exceeding twenty days thereafter, as the board may adjourn to, award the contract to the lowest bidder, except as otherwise herein provided. Notice of such award shall forthwith be posted for five days by the secretary of the board in some conspicuous place in the office of the board, and be published for the same period of time.

The board may reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract with the city and county, and all bids other than the lowest regular bid; and on accepting said lowest bid, shall thereupon return to the proper parties the checks corresponding to the bids so rejected. If all the bids are rejected, the board shall return all the checks to the proper parties and again invite sealed proposals as in the first instance.

The check accompanying the accepted bid shall be held by the secretary of the board until the contract for doing said work, as hereinafter provided, has been entered into, whereupon said certified check shall be returned to said bidder.

If said bidder fails or refuses to enter into the contract to do said work, as herein-after provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be forfeited to the city and county, and shall be collected and paid into the General Fund. Neither the Board of Public Works nor the Supervisors shall have power to relieve from or remit such forfeiture.

SEC. 18. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties, for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and the board shall advertise for a new contract for said work.

SEC. 19. In the case of improvement of streets, the owners of the major part of the frontage of lots and lands upon the street whereon the work is to be done, or which are liable to be assessed for said work, or, in the case of an assessment district, the owners of a major part of the superficial area embraced in such district, or their agents, shall not be required to present sealed proposals, but may, upon making oath that they are such owners, or the agents of such owners within ten days after the first posting of notice of said award, elect to take said work and enter into a written contract to do the whole work at the price at which the same has been awarded. Should such owners not enter into a written contract therefor within said ten days, or should they enter into such contract and fail to commence the work within the time stated therein, which time shall not be less than ten nor more than twenty days from the time of the execution of such contract, the board shall enter into a contract with the original bidder to whom the contract was awarded at the price specified in his bid. If the original bidder shall fail or refuse for fifteen days after the first posting of notice of the award to enter into the contract, the board shall again advertise for proposals as in the first instance.

SEC. 20. If the owners or contractor who may have entered into any contract do not complete the same within the time limited in the contract, or within such further time as is hereinafter provided, the board may relet the unfinished portion of said work in accordance with the provisions in this chapter prescribed for the letting of the whole.

SEC. 21. All contracts shall be drawn under the supervision of the City Attorney, and shall contain detailed specifications of the work to be done, the manner in which it shall be executed, and the quality of the material to be used.

Every contract entered into by the board shall be signed by all the members thereof and by the other contracting party. All contracts shall be signed in triplicate, one of which, with the specifications and drawings, if any, of the work to be done, and the materials to be furnished, shall be filed with the Clerk of the Supervisors; one thereof, with said specifications and drawings, shall be kept in the office of the board, and the other, with said specifications and drawings, shall be delivered to the contractor.

At the same time with the execution of the contract the contractor shall execute to the city and county and deliver to the secretary of the board a bond in the sum named in the notice for proposals, with two or more sufficient sureties, to be approved by the board, or shall deposit with the secretary a certified check upon some solvent bank for said amount, for the faithful performance of the contract. No surety on any bond, other than lawfully authorized surety companies, shall be taken unless he shall be a payer of taxes on real property, the assessed value of which, over and above all incumbrances, is equal in amount to his liabilities on all bonds on which he may be security to the city and county; and each surety shall justify and make an affidavit (for which a form shall be printed upon said bond), signed by him, that he is assessed upon the last assessment book of the city and county in his own name for real property in an amount greater than his liability on all bonds on which he is surety to the city and county, and that the taxes on such property so assessed are not delinquent.

The contract shall specify the time within which the work shall be commenced, and when to be completed, as was specified in the notice inviting proposals therefor. Upon the recommendation of the board, the Supervisors may extend said time; but in no event shall the time for the performance of said contract be extended by the Supervisors more than ninety days beyond the time originally fixed for its completion; but, on the unanimous recommendation of the Board of Public Works, a further extension

may be granted by vote of fourteen members of the Board of Supervisors. In case of failure on the part of the contractor to complete his contract within the time fixed in the contract, or within such extension of said time as is herein provided, his contract shall be void, and the Supervisors shall not pay or allow to him any compensation for any work done by him under said contract; and, in the case of the improvement of streets, no assessment shall be made for the work done under said contract.

SEC. 22. The work in this article provided for must be done under the direction and to the satisfaction of the Board of Public Works; and the materials used must be in accordance with the specifications and be to the satisfaction of said board, and all contracts provided for in this article must contain a provision to that effect, and also, that in no case, except where it is otherwise provided in this charter, will the city and county, or any department or officer thereof, be liable for any portion of the expense, or in the case of improvement of streets, for any delinquency of persons or property assessed.

When said work shall have been completed to the satisfaction and acceptance of the board, it shall so declare by resolution, and thereupon the board shall deliver to the contractor a certificate to that effect.

Chapter II.—Improvement of Streets.

SECTION 1. All streets, lanes, alleys, places, or courts in the city and county now open, or dedicated, or which may hereafter be opened, or dedicated to public use, shall be deemed and held to be open public streets, lanes, alleys, places, or courts, for the purposes of this chapter; and the Supervisors are hereby empowered to fix the width and grade thereof, and to order to be done therein and thereon any and all street work and street improvement under the proceedings hereinafter described.

SEC. 2. Application for the doing of any such work or improvement must in the first instance, except where otherwise provided in this article, be made in writing to the Board of Public Works; and if the expense thereof is to be assessed upon private property, the board shall investigate the same; and if it determine that such improvement is expedient, it shall so report to the Supervisors; and the Supervisors shall not order any such improvement until the same has been recommended by said board. When the construction of any sewer or drain shall involve a cost of more than five dollars per lineal foot for any block, it shall not be authorized except by an ordinance passed by the affirmative vote of not less than fourteen members of the Board of Supervisors. If an application is made for any work or improvement of which the expense is to be paid by the city and county, and the Board of Public Works shall not approve of such application, it shall report to the Supervisors its reasons for such disapproval, and the Supervisors may then, after having obtained from the Board of Public Works an estimate of the expense of said work or improvement, by ordinance passed by the affirmative vote of not less than fourteen members of the Board of Supervisors, order the doing of said work, or the making of said improvement.

The Board of Public Works may also, except as herein prohibited, recommend any improvement, the expense of which is to be paid by the city and county, though no application may have been made therefor, and must make, with said recommendation to the Supervisors, an estimate of the expense, and in such case the Supervisors may order the same done.

No street work or street improvements of any kind shall be ordered to be done by the Supervisors unless a written recommendation to do the same has been made to them by the Board of Public Works; and all such recommendations shall be made matters of record in the office of said board.

When the board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles it shall in each such case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Such map shall be transmitted to the Supervisors with said recommendation.

SEC. 3. Before recommending to the Supervisors the ordering of any work or improvement, the expense of which, or any part thereof, is to be assessed upon private property, the Board of Public Works shall pass a resolution of its intention to recommend the same, specifying the work to be recommended, and shall fix a day when it shall take final action upon said resolution.

Upon the passage thereof the secretary of the board shall forthwith, without any further authority, cause a copy of said resolution to be posted conspicuously for five days in the office of said secretary, and to be published for a period of ten days (legal holidays excepted) and cause a copy to be deposited in the postoffice at the city and county, with postage prepaid, addressed to each person represented on the assessment book of the city and county for the next preceding fiscal year as being owner of land liable to be assessed for said improvement; but if said lot stand on said book in the name of unknown owners, such notice need not be sent.

The board shall also cause to be conspicuously posted along the line of said contemplated improvement, at points not more than one hundred feet in distance apart, notices, not less than three in all, of the passage of said resolution. Each of said notices shall be headed "Notice of Street Work" in letters of not less than two inches in length, and shall in legible characters state the fact of the passage of said resolution, its date, and briefly, the work or improvement proposed, and refer to the resolution of intention for further particulars.

SEC. 4. The owners of a majority of the frontage of the property fronting on said proposed work or improvement, and, in the case of a district, those owning more than one half of the superficial area of the district, may make written objections to the same within ten days after the expiration of the time of the publication of said resolution of intention, which objections shall be delivered to the secretary of the Board of Public Works, who shall indorse thereon the date of its reception by him. Such objections shall be a bar for six months to any further proceedings in relation to the doing of said work or making said improvement, unless the owners of the one half or more of the frontage or of the district, as aforesaid, shall meanwhile petition for the same to be done, and the same shall, after the expiration of said six months, be continued under the resolution of intention first passed, if said board shall deem proper. If, however, the owners of at least two thirds of the property fronting on said proposed work or improvement, and, in the case of a district, those owning at least two thirds of the superficial area of the district, shall make written objections to the same within said six months, no further proceedings shall be taken under the aforesaid resolution of intention.

When the work or improvement proposed to be done is the construction of sewers, manholes, culverts or cesspools, and the objections thereto are signed by the owners of a majority of the frontage or of the district, as aforesaid, the board shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The secretary shall thereupon notify the persons making such objections, by depositing a notice thereof in the post office at the city and county, postage prepaid, and addressed to each objector or his agent when he appears for such objector. At the time specified the board shall hear the objections urged, and pass upon the same, and its decision shall be final and conclusive, and if said objections are overruled the proceedings shall be continued as though no objections had been made.

At any time before the making of the assessment as hereinafter provided, all owners of lots of land liable to assessment therein who, after the first publication of the aforesaid resolution of intention, may feel aggrieved, or who may have objections to any proceedings in relation to the performance of the work described in said resolution, may file with the secretary a petition of remonstrance, wherein they shall state in what respect they feel aggrieved, or the proceedings to which they object. Such petition or remonstrance shall be passed upon by the board, and its decision thereon shall be final and conclusive.

SEC. 5. When the contemplated work or improvement in the opinion of the Board of Public Works is of more than local or ordinary public benefit, it may recommend to the Supervisors that the expense of such work or improvement be made chargeable upon a district, and said board shall in its resolution of intention set out the district benefited by said work or improvement and to be assessed to pay the expense thereof. Objections to the extent and boundaries of the district of lands to be benefited by said work or improvement may be made by any interested party in writing, within ten days after the expiration of the time of publication of the resolution of intention.

The secretary of the board shall lay said objections before it and the board shall, at its next meeting, fix a time for hearing said objections not less than one week thereafter. The secretary shall thereupon notify the persons making such objections by depositing a notice thereof in the post office at the city and county, postage prepaid, addressed to each objector. At the time specified the board shall hear the objections urged and pass upon the same, and if said objections are overruled, its decision shall be final and conclusive as to the extent and boundaries of the district.

If the objections are sustained, the board shall proceed to set out another district to the extent and boundaries of which objections may be made and a hearing had thereon as above provided; and so on in like manner until a district has been set out to the extent and boundaries of which all objections shall be overruled by the board—its decision in that behalf to be final and conclusive; and thereupon the proceedings shall continue the same as if no objections had been made. In its report to the Supervisors the board shall accompany its report with a diagram on which shall be delineated each separate lot, piece or parcel of land, the area in square feet of each of such lots, pieces or parcels of land, and the relative location of the same to the work or improvement proposed to be done within the limits of the district. Such diagram shall be certified to be correct by the secretary of the board.

SEC. 6. When the work under any contract shall have been completed, the contractor shall make and file in the office of the Board of Public Works an affidavit to the effect that he has not entered into any private agreement, verbal or written, with any person liable to be assessed for said work, or with any one on his behalf, to accept a price from him less than the price named in said contract, or to make any rebate or deduction to him from such price. Any such agreement shall be deemed a fraud upon all persons liable to be assessed for such work other than the property owners who were parties to the agreement, and shall make void, as to such persons so defrauded, any assessment made for the work done under such contract; and where there is more than one contractor each contractor shall make such affidavit.

SEC. 7. When any work in or upon any public street shall have been completed according to contract, and the affidavit mentioned in the next preceding section shall have been made, the board shall make an assessment to cover the sum due for the work performed and specified in said contract (including all incidental expenses), in conformity with the provisions of this article, according to the nature and character of the work. The assessment shall briefly refer to the contract, the work contracted for and

performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot (if known to the board, and if not known, the word "unknown" shall be written opposite the number of the lot and the amount assessed thereon); the number of each lot assessed, and shall have attached thereto a diagram exhibiting the street or street crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the numbers in the assessment, and showing the number of front feet assessed for said work. A mistake in the name of the owner shall not invalidate any assessment.

When the expense of such work falls in part upon any person, company or corporation having railroad tracks upon the street where such work has been done, said assessment shall include an assessment against said person, company or corporation, for its legal proportion of said expense, and the same shall constitute a lien upon the road-bed, rolling stock, franchises and other property of such person, company or corporation, for a period of two years from the date of recording the warrant, assessment and diagram hereinafter provided for.

Sec. 8. The expense of all work or improvement done upon any part of said streets, lanes, alleys, places or courts, under the order of the Supervisors, shall be borne and paid for as follows:

First—The city and county shall pay out of the General Fund the expense: (a) Of all work done on streets, crossings and intersections of streets that have been or may be accepted by the city and county, after the acceptance of the same, and all repairs and improvements deemed of urgent necessity that may be made upon the public streets and highways. (b) Of all work done in front of, or that may be assessed to, property owned by the city and county or by any department thereof. (c) Of all work done in front of, or that may be assessed to, property owned by the United States.

Second—The expense of all sewers, cesspools, manholes, culverts and drains, and of all grading, planking, macadamizing, paving, piling and capping any street, or portion thereof, and of all curbs thereon, and of all work done on sidewalks, shall be assessed upon the lands within the block or blocks adjacent thereto as herein provided, except where by an assessment district it may be provided otherwise.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company or corporation, having railroad tracks thereon, shall be borne and paid for by such person, company or corporation, and shall be included in the assessment hereinbefore provided for.

No assessment shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per centum of the value at which said property was assessed upon the last preceding assessment book of the city and county.

Sec. 9. Subdivision One—Except where the expense incurred for the street work and improvement authorized herein is to be assessed upon a district as hereinafter provided, such expense, other than that to be paid by a person, company or corporation having tracks on the street where such work and improvement has been done, shall be assessed upon the lots and lands fronting thereon, except as hereinafter specifically provided; each lot or portion of a lot being separately assessed in proportion to the frontage at a rate per front foot sufficient to cover the total expense of the work.

Subdivision Two—The expense of all improvement except such as is done by contractors under the provisions of section sixteen of this chapter, until the streets, avenues, street crossings, lanes, alleys, places, or courts are finally accepted, as provided in section twenty-three of this chapter, shall be assessed upon the lots and lands as provided in this section according to the nature and character of the work.

Subdivision Three—The expense of the work done on main street crossings shall be assessed at a uniform rate per front foot on the quarter blocks and irregular blocks adjoining and cornering upon the crossings, and separately upon the whole of each lot or portion of a lot having any frontage in the said blocks fronting on said main streets, half way to the next main street crossing, and all the way on said blocks to a boundary line of the city where no such crossing intervenes, but only according to its frontage in said quarter blocks and irregular blocks.

Subdivision Four—Where a main street terminates in another main street, the expense of the work done on one-half of the width of the street opposite the termination shall be assessed upon the lots in each of the two quarter blocks adjoining and cornering on the same, according to the frontage of such lots on said main street, and the expense of the other half of the width of said street upon the lot or lots fronting on the latter half of the street at such termination.

Subdivision Five—Where any alley or subdivision street crosses a main street, the expense of all work done on said crossing shall be assessed on all lots or portions of lots half way on said alley or subdivision street to the next crossing or intersection, or to the end of such alley or subdivision street if it does not meet another.

Subdivision Six—The expense of work done on alley or subdivision street crossings shall be assessed upon the lots fronting upon such alley or subdivision streets on each side thereof, in all directions, half way to the next street, place, or court, on either side, respectively, or to the end of such alley or subdivision street, if it does not meet another.

Subdivision Seven—Where a subdivision street, avenue, lane, alley, place, or court, terminates in another street, avenue, lane, alley, place, or court, the expense of the work

done on one half the width of the subdivision street, avenue, alley, place, or court opposite the termination, shall be assessed upon the lot or lots fronting on such subdivision street or avenue, lane, alley, place, or court so terminating, according to its frontage thereon, half way on each side, respectively, to the next street, avenue, lane, alley, court, or place or the end of such street, avenue, lane, alley, place or court, if it does not meet another, and the other one half of the width upon the lots fronting such termination.

Subdivision Eight—Where any work mentioned in this chapter, manholes, cess-pools, culverts, crosswalks, piping and capping excepted, is done on either or both sides of the center line of any street for one block or less, and further work opposite to the work of the same class already done is ordered to be done to complete the unimproved portion of said street, the assessment to cover the total expense of said work so ordered shall be made upon the lots or portions of the lots only fronting the portions of the work so ordered. When sewerage or resewering is ordered to be done under the sidewalk or only on one side of a street for any length thereof, the assessment for its expense shall be made only upon the lots and lands fronting nearest upon that side, and for intervening intersections only upon the two quarter blocks adjoining and cornering upon that side.

Subdivision Nine—Any owner or owners of lots or lands fronting upon any street, the width and grade of which have been established by the supervisors, may perform at his or their own expense (after obtaining permission from the Board of Public Works so to do, but before said board has passed its resolution of intention to recommend grading inclusive of this) any grading upon said street, to its full width, or to the center line thereof, and to its grade as then established, and thereupon may procure, at his or their own expense, a certificate from the City Engineer setting forth the number of cubic yards of cutting and filling made by him or them in said grading, and the proportions performed by each owner, and that the same is done to the established width and grade of said street, or to the center line thereof, and thereafter may file said certificate in the office of the board. Said certificate shall be recorded in a properly indexed book kept for that purpose in the office of the board. Whenever thereafter the supervisors order the grading of said street, or any portion thereof, on which any grading certified as aforesaid has been done, the bids and contract must express the price by the cubic yard for cutting and filling in grading, and such owner or owners and his or their successors in interest, shall be entitled to credit on the assessment upon his or their lots and lands fronting on said street for grading thereof, to the amount of the cubic yards of cutting and filling set forth in his or their said certificate, at the prices named in the contract for said cutting and filling; or, if the grade meanwhile has been legally changed, only for so much of said certified work as would be required for grading to the grade as changed. Such owner or owners shall not be entitled to any credit that may be in excess of the assessments for grading upon the lots and land owned by him or them, and proportionately assessed for the whole of said grading. The board shall include in the assessment for the whole of said grading upon the same grade the number of cubic yards of cutting and filling set forth in any and all certificates so recorded in his office, or for the whole of said grading to the changed grade so much of said certified work as would be required for grading thereto, and shall enter corresponding credits, deducting the same as payments upon the amounts assessed against the lots and lands owned respectively by said certified owners and their successors in interest; but he shall not include any grading quantities or credit any sums in excess of the proportionate assessments for the whole of the grading which are made upon any lots and lands fronting upon said street and belonging to any such certified owners or their successors in interest. When any owner or owners of any lots and lands fronting on any street shall have heretofore done, or shall hereafter do any work, except grading on such street, in front of any block, at his or their own expense, and the supervisors shall subsequently order any work to be done of the same class in front of the same block, the work so done at the expense of such owner or owners shall be excepted from the order ordering work to be done, as provided in subdivision ten of this section; but the work so done at the expense of such owner or owners shall be upon the official grade, and in condition satisfactory to the Board of Public Works at the time said order is passed.

Subdivision Ten—The Board of Public Works may include in the resolution of intention any of the different kinds of work mentioned in this chapter, and it may except therefrom any of said work already done upon the street to the official grade. The lots and portions of lots fronting upon said accepted work already done shall not be included in the frontage assessment for the class of work from which the exception is made; but this shall not be construed so as to affect the special provisions as to grading contained in subdivision nine of this section.

Subdivision Eleven—When the resolution of intention declares that the expense of the work and improvement is to be assessed upon a district, immediately after the contractor has fulfilled his contract to the satisfaction of the Board of Public Works, or to the satisfaction of the supervisors on appeal, the Board of Public Works shall proceed to estimate upon the lands, lots or portions of lots within said assessment district, as shown by the diagram provided for in section five of this chapter, the benefits arising from such work, and to be received by each such lot, portion of such lot, piece or subdivision of land, and shall thereupon assess upon and against said lands in said assessment district the total amount of the expense of such proposed work, and in so doing shall assess said total sum upon the several pieces, parcels, lots, or portions of lots, and

subdivisions of land in said district benefited thereby, to wit: Upon each respectively in proportion to the estimated benefits to be received by each of said several lots, portions of lots, or subdivisions of land. In other respects the assessment shall be as provided in this chapter.

SEC. 10. If at any time there shall be any street work or improvement done, and none of the methods hereinbefore provided are legally sufficient to authorize the Board of Public Works to make an assessment to pay for the expense thereof, then said board shall, before it passes a resolution of its intention to recommend the ordering of said work or improvement, establish by resolution a method by means of which such assessment shall be made; and on the completion of the work or improvement to the satisfaction of said board, or to the satisfaction of the Supervisors on appeal, said board shall make an assessment to pay the expense thereof according to the method established by said resolution.

SEC. 11. In making all assessments the Board of Public Works shall act as a board, and the assessment shall be authenticated by the signatures of all the members thereof.

SEC. 12. To said assessment shall be attached a warrant which shall be signed by the president of the Board of Public Works and countersigned by the secretary thereof. Said warrant shall be substantially in the following form:

By virtue hereof the Board of Public Works of the City and County of San Francisco, by the authority vested in it, does authorize and empower (name of contractor) his (or their) agents, or assigns, to demand and receive the several assessments upon the assessment and diagram hereto attached, and this shall be his (or their) warrant for the same.

(Date) ———. (Name of president of Board of Public Works.)

Countersigned by (Name of secretary of Board of Public Works.)

Said warrant, assessment, and diagram shall be recorded in the office of the board. When so recorded the several amounts assessed shall be a lien upon the lands, lots, or portions of lots assessed, respectively, for the period of two years from the date of said recording, unless sooner discharged; and from and after the date of said recording of any warrant, assessment, and diagram, all persons interested in said assessment shall be deemed to have notice of the contents of the record thereof.

After said warrant, assessment, and diagram are recorded, the same shall be delivered to the contractor, or his agent or assigns, on demand, but not until after the payment to the board of the incidental expenses not previously paid by the contractor or his assigns. By virtue of said warrant said contractor, or his agents or assigns, shall be authorized to demand and receive the amount of the several assessments made to cover the sum due for the work specified in such contracts and assessments.

When it shall appear by the final judgment of any court in this State having jurisdiction to render such judgment, that any suit brought to foreclose the lien of any assessment for street work made under this chapter, or in the recording thereof, has been defeated by reason of any defect, error, informality, omission, irregularity, or illegality thereof or therein, or in the return on the warrant issued pursuant to any such assessment, or in the recording of any such warrant, any person interested therein may, at any time within seven months after the entry of said final judgment, apply to the board for another assessment to be issued in conformity to law; and the board shall, within sixty days after the time of said application, make and deliver to said applicant a new assessment, diagram, and warrant in accordance with law, and sign, record, and authenticate the same as above provided. Such assessment shall be a lien upon the lots of land set out therein for the period of two years from the date of its recording, and suit may be brought to enforce said lien as provided in this chapter. Should such final judgment be that of the Superior Court for the city and county, and an appeal therefrom to the Supreme Court of the State has been taken, no such other assessment shall be made until said appeal has been determined.

SEC. 13. The contractor or his assigns, or some person on his or their behalf, shall call upon the persons assessed, or their agents, if they can conveniently be found, and demand payment of the amount assessed to each. If any payment be made, the contractor, his assigns, or some person on his or their behalf, shall receipt the same upon the assessment in the presence of the person making such payment, and shall also give a receipt if demanded. When the persons so assessed, or their agents, cannot conveniently be found or when the owner of the lot is stated as "unknown" upon the assessment, then said contractor or his assigns, or some person on his or their behalf, shall publicly demand payment on the premises assessed.

The warrant shall be returned to the Board of Public Works within thirty days after its date with a return indorsed thereon, signed by the contractor or his assigns, or some person on his or their behalf, verified upon oath, stating the nature and character of the demand, and whether any of the assessments remain unpaid in whole or in part, and the amount thereof. Thereupon the secretary of the board shall record the return so made in the margin of the record of the warrant and assessment.

The board can at any time receive the amount due upon any assessment and warrant issued by it and give a good and sufficient discharge therefor; but no such payment so made after suit has been commenced shall operate, without the consent of the plaintiff in the action, as a complete discharge of the lien until the costs in the action shall be refunded to the plaintiff.

The board may release any assessment upon the books of its office on the payment to it of the amount of the assessment with interest against any lot or on the production to it of the receipt of the party or his assigns to whom the assessment and warrant were issued. If any contractor shall fail to return his warrant within the time and in the

form provided in this section he shall thenceforth have no lien upon the property assessed; but if any warrant is lost, upon proof of such loss a duplicate may be issued, upon which a return may be made with the same effect as if the original had been so returned. After the return of the assessment and warrant as aforesaid, all amounts remaining due thereon shall draw interest at the rate of seven per centum per annum until paid.

SEC. 14. The owners, whether named in the assessment or not, the contractor or his assigns, and all other persons directly interested in any work provided for in this chapter, or in the assessment, feeling aggrieved by any act or determination of the Board of Public Works in relation thereto, or who claim that the work has not been performed according to the contract in a good and substantial manner, or having or making any objection to the correctness or legality of the assessment or other act, determination, or proceedings of the board, shall, within thirty days after the date of the warrant, appeal to the Supervisors, by briefly stating their objections in writing and filing the same with the Clerk of the Supervisors. Notice of the time and place of the hearing, briefly referring to the work contracted to be done, or other subject of appeal, and to the acts, determinations or proceedings objected to or complained of, shall be published for five days. Upon such appeal the Supervisors may remedy and correct any error or informality in the proceedings, and revise and correct any of the acts or determinations of the board relative to said work, may confirm, amend, set aside, alter, modify or correct the assessment in such manner as to them shall seem just; and require the work to be completed according to the directions of the Supervisors, and may at their option direct the Board of Public Works to correct the warrant, assessment or diagram in any particular, or to make and issue a new warrant, assessment and diagram to conform to the decisions of the Supervisors in relation thereto.

All the decisions and determinations of the Supervisors, upon notice and hearing as aforesaid, shall be final and conclusive upon all persons entitled to appeal under the provisions of this section, as to all errors, informalities and irregularities, which the Supervisors might have remedied and avoided; and no assessment shall be held invalid, except upon appeal to the Supervisors, as provided in this section, for any error, informality or other defect in the proceedings prior to the assessment, or in the assessment itself, where the Board of Public Works has acquired jurisdiction to make the same.

SEC. 15. At any time after the period of thirty-five days from the day of the date of the warrant, or if an appeal has been taken to the Supervisors, then, at any time after five days from the decision of the Supervisors on such appeal, or after the return on the warrant, after the same may have been corrected, altered or modified, as herein provided, but not less than within thirty-five days from the date of the warrant, the contractor or his assignee may sue in his own name the owner or the mortgagee of the land, lots, or portions of lots assessed on the day of the date of the recording of the warrant, assessment and diagram, or any day thereafter during the continuance of the lien of said assessment, and recover the amount of any assessment remaining unpaid, with interest thereon at the rate of seven per centum per annum until paid.

In all cases of recovery under the provisions of this chapter the plaintiff shall recover the sum of fifteen dollars in addition to the taxable costs, as attorney's fees, but not any percentage upon said recovery. When suit has been brought, after a personal demand has been made and a refusal to pay such assessment so demanded, the plaintiff shall also be entitled to have and recover said sum of fifteen dollars as attorney's fees in addition to all taxable costs, notwithstanding that the suit may be settled or a tender be made before a recovery in said action, and he may have judgment therefor.

Said warrant, assessment and diagram, with the affidavit of demand and non-payment, shall be held prima facie evidence of the regularity and correctness of the assessment and of the prior proceedings and acts of the Board of Public Works and of the Supervisors upon which said warrant, assessment and diagram are based, and like evidence of the right of the plaintiff to recover in the action. The court in which said suit shall be commenced shall have power to adjudge and decree a lien against the lots of land assessed, and to order such premises to be sold on execution as in other cases of the sale of real estate by the process of said courts. In all actions brought to enforce the lien of assessments made pursuant to the provisions of this chapter, the proceedings therein shall be governed and regulated by the provisions of this chapter, and, when not in conflict herewith, by the codes of this State.

SEC. 16. When any portion of the roadway of any street, avenue, lane, alley, court or place, or any portion of any sidewalk in the city and county, none of which has been accepted by the Supervisors as in this chapter provided, shall be so out of repair as to endanger persons or property passing thereon, or so as to interfere with the public convenience in the use thereof, the Board of Public Works shall require the owners or occupants of lots or portions of lots fronting on said portion of said street, avenue, alley, lane, court or place, by a notice in writing, to be delivered to them or their agents personally, to repair forthwith said portion of said street, avenue, lane, alley, court or place, to the center line thereof, in front of the property of which he is the owner or tenant, or occupant. The board shall particularly specify in said notice what work is required to be done and what material shall be used in said repairs. If said repairs be not begun within five days after notice given as aforesaid, and diligently and without interruption prosecuted to completion, the board may make such repairs, or enter into a contract with any suitable person, at the expense of the owner, tenant or occupant, after the specifications for the doing of said work shall have been conspicuously posted

by it in its office for three days, inviting bids for the doing of said work. Said bids shall be delivered to it at its office on or before the second day after the completion of said posting, and opened by it on the next day following; whereupon the contract shall be awarded to the lowest responsible bidder.

All of said bids shall be preserved in the office of the board, and shall be open at all times after the letting of the contract to the inspection of all persons; and such owner, tenant, or occupant, shall be liable to pay said contract price. Such work shall be commenced within twenty-four hours after the contract shall have been signed, and completed without delay to the satisfaction of the board. Upon the completion of such repairs by the contractor as aforesaid to the satisfaction of the board, it shall make and deliver to the contractor a certificate to the effect that such repairs have been properly made by said contractor to the grade, and that the charges for the same are reasonable and just, and that the Board of Public Works has accepted the same.

Sec. 17. If the expense of the work and material for the repairs provided for in the last preceding section be not paid on demand to the contractor so employed, or his agent or assignee, said contractor, or his assignee, shall have the right to sue such owner, tenant, or occupant for the amount contracted to be paid; and the certificate provided for in said section shall be prima facie evidence of the amount claimed for said work and materials, and of the right of the contractor to recover for the same in such action. Said certificate shall be recorded by the Board of Public Works in a book kept by it in the office for that purpose, properly indexed, and the sum contracted to be paid shall be a lien as in case of other assessments provided for in this chapter.

Sec. 18. In addition to the remedies above given the Supervisors may prescribe the penalties that shall be incurred by any owner or person neglecting or refusing to make repairs when required, as hereinbefore provided. Such penalties shall be enforced for the use of the city and county by prosecution in the name of the people of the State of California in the court having jurisdiction thereof, and may be applied in the case of fines, to the payment of expense of any such repairs not otherwise provided for.

Sec. 19. The person owning the fee, or the mortgagee of such fee, or the person who, on the day the action is commenced, appears by deed duly recorded in the County Recorder's office of the city and county, to have the legal title to the land, or the person in possession of lands, lots, portion of lots or buildings under claim, or exercising acts of ownership over the same for himself, or as executor, administrator or guardian of the owner, shall be regarded, treated and deemed to be the "owner" for all the purposes of this chapter. And in case of property leased, the possession of the tenant or lessee holding and occupying under such persons shall be deemed to be the possession of such owner.

Sec. 20. Any tenant or lessee of any lot of land on which has been imposed an assessment under the provisions of this chapter may pay said assessment, or he may discharge any liability imposed thereon by virtue of the provisions of this chapter, or he may redeem the property within the time prescribed by law, if legally sold on execution, and may deduct the amount so paid from the rents due and to become due from him; and he shall have a lien upon, and may retain possession of, said lots until the amount so paid and advanced, with legal interest thereon, be satisfied from accruing rents or by payment by the owner.

Sec. 21. The records kept by the Board of Public Works shall have the same force and effect as other public records, and duly certified copies therefrom may be used in evidence with the same effect as the originals. Said records shall, during all office hours, be open, free of charge, to the inspection of any citizen wishing to examine them.

Sec. 22. Notices in writing required to be given by the board may be served by any person over the age of twenty-one years, and the fact of such service may be verified by the oath of the person making it. Such oath may be taken before the secretary of said board or before any member thereof.

Sec. 23. When any street or portion of a street has been or shall hereafter be fully constructed to the satisfaction of the Board of Public Works and of the Supervisors, and is in good condition throughout, and a sewer, gas pipes, and water pipes are properly laid therein, the same shall be accepted by the Supervisors by ordinance; and thereafter such street or portion of a street shall be kept in repair and improved by the city and county. The Supervisors shall not accept any portion of a street less than the entire width of the roadway including the curbing, and one block in length, or one entire crossing; but they may partly or conditionally accept any street, without a sewer, or gas pipes or water pipes therein, if the ordinance of acceptance expressly states that they deem such sewer, or gas pipes or water pipes to be then unnecessary. In such case the lots of land previously or at any time assessable for the cost of constructing a sewer shall remain and be assessable for such cost and for the cost of repairs and restoration of the street damaged in said construction, whenever the Supervisors shall deem a sewer to be necessary and shall order it to be constructed. The Board of Public Works shall keep in its office a register of all streets accepted by the Supervisors under this section, which register shall be indexed for easy reference thereto.

Sec. 24. The Board of Public Works may at any time, without any application therefor, recommend to the Supervisors to order the paving or macadamizing of the portion of any street required by law to be paved or macadamized by the person, company or corporation having railroad tracks thereon. Upon such recommendation the Supervisors shall by ordinance order said work to be done and direct said board to notify said person, company, or corporation of the fact of the passage of such ordinance.

The secretary of said board shall thereupon forthwith in writing notify said person, company or corporation of the passage of said ordinance; and if said person, company or corporation shall not within ten days after receiving said notice commence in good faith to do said work and prosecute the same diligently to completion, the board shall invite sealed proposals for doing said work in the manner provided in this article; and all the provisions of this article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and to the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of the board the contractor shall be entitled to recover from such person, company or corporation the contract price for the expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action, the certificate of the board of the completion of said work to its satisfaction shall be prima facie evidence of the regularity of all the proceedings prior thereto and of plaintiff's right to recover in said action.

SEC. 25. Except as otherwise in this charter specifically provided, no ordinance for the improvement of any street other than for sewers, sidewalks and curbs, except for the improvement of the streets constituting or lying along the water front of the city and county, and except for such work as is provided for in the next preceding section, shall be passed by the Supervisors without extending said improvement throughout the whole width of such street.

SEC. 26. Wherever in this article the word "street" occurs, it shall be held to include all streets, lanes, alleys, places and courts which have been, or may be hereafter, dedicated and open to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossings of the main streets.

The word "improvement" shall be held to include grading, paving, planing, macadamizing, piling and capping; and the construction and repairs of sewers, cesspools, man-holes, culverts, drains, sidewalks and curbs.

The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing.

The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor.

The term "quarter block," as used in this chapter as to irregular blocks, shall be deemed to include all lots, or portions of lots, having any frontage on either intersecting street half way from such intersection to the next main street, or, when no main street intervenes, all the way to a boundary line of the city and county.

The word "paved" shall include any pavement of stone, iron, wood, or other material which the Supervisors may by ordinance order to be used; but no patented pavement shall be ordered during the existence of the patent therefor, until the owner of such patent shall have transferred to the city and county all right to the use of the same therein, with the privilege to any person to manufacture and lay the same upon its streets under any contract that may be awarded to him, or entered into by him with the city and county.

The term "expense" shall include the price at which the contract was awarded, and the term "incidental expenses" shall include all expenses incurred in printing and advertising the work contracted for, and all expenses for surveying, measuring and inspecting the work.

All notices and resolutions required in this article to be published shall be published daily, legal holidays excepted, in the official newspaper.

All notices herein required to be served, whether by delivery, mailing or posting, may be so served by any male citizen of the age of twenty-one years, and his affidavit thereof shall be prima facie evidence of such service. The affidavit by the publisher of the official newspaper, or his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

SEC. 27. When the owners of all the lands fronting upon any street which is less than forty feet in width, for the entire distance of said street, or for the distance of one or more entire blocks, shall petition the Board of Public Works that the said street, or that portion thereof upon which said lands front, be closed, the board may pass a resolution recommending that the same be closed. Before passing such resolution the board shall cause a notice of the application to be published in the official newspaper, and shall fix a time and place at which it will consider the same and hear objections thereto. Upon such hearing it shall determine whether it will recommend that the street be closed; and if it shall so determine, it shall transmit such recommendation to the Supervisors. Thereupon the Supervisors may pass an ordinance that the street be closed; and the same shall not thereafter be, or be deemed to be, a public street, or subject to any public expense or improvement; and the land theretofore included within the roadway and sidewalks of said street shall thereafter be the property of the city and county. No such ordinance shall be passed until the petitioners shall have paid all the expenses of said proceedings.

SEC. 28. In all cases where lands in the city and county shall be hereafter subdivided and laid out into blocks or plats, sub-lots, streets and alleys, or when new streets or public grounds shall be laid out, opened, donated or granted to the public by any proprietor, the map or plat thereof shall be submitted to the Board of Public Works for its approval, and if the board approves the same, such approval shall be by it indorsed upon the said map or plat, and said map with said approval shall then be filed in the office of the Recorder; and without such approval indorsed thereon no such map or

plat shall be filed in the office of the Recorder, or have any validity; nor shall any street, alley, or public ground hereafter opened and dedicated as such, become or be a public street or be subject to any public improvement or expense without such approval, indorsement and record. No street hereafter laid out shall be approved or become a public street unless the same shall be at least forty feet in width and two hundred feet distant from any parallel street.

Sec. 29. The board shall annually invite proposals for cleaning and sprinkling such of the streets of the city and county as the board shall determine should be cleaned and sprinkled at the public expense. Before causing notice for such proposals to be published the board shall divide the city and county into such number of districts as in its judgment will best induce competition for bids, and secure the cleaning and sprinkling of the streets at the lowest cost. The secretary of the board shall, under its direction, on the first Monday in May of each year, cause to be published for a period of ten days a notice inviting proposals for cleaning and sprinkling each of said districts, specifying in said notice the streets of each district which are to be cleaned and sprinkled, the number of times a week that they are to be cleaned and sprinkled, and the amount of security to be given with each contract. Bids shall be made for each district separately. All the provisions of this article in relation to the making and opening of bids, awarding of contracts and entering into and performance of contracts, shall be applicable to said contracts.

The board may, at the time it invites proposals for said cleaning and for said sprinkling, also invite proposals for said cleaning separately, and for said sprinkling separately, and may award such contracts accordingly as may be for the best interest of the city and county.

The board may also, with the consent of the Supervisors expressed by ordinance, purchase one or more machines for sweeping the streets, and may enter into contracts for sweeping the streets with said machines; but the board must give the preference to hand-sweeping so far as it can do so with reference to the proper sweeping of the streets and to the funds at its disposal.

Sec. 30. The board shall cause to be made all urgent repairs upon the public streets that may from time to time be requisite for the public safety, and for that purpose may employ such laborers as may be necessary, and at such wages as may be from time to time fixed by the board; but when the expense of the repairs upon any street or portion of a street shall exceed the sum of five hundred dollars, exclusive of materials to be furnished from the Corporation Store Yard, the same shall be done under contract awarded in the manner provided in this article.

Sec. 31. The board shall, from time to time, after it shall have been directed so to do by the Supervisors by ordinance, invite proposals for supplying to the city and county such materials as may be required for the repair of the public streets or for any improvement thereof, and such proceedings shall be had in awarding the contracts therefor as are in this article provided for awarding other contracts.

Sec. 32. The Supervisors shall select some place in the city and county which shall be known as the Corporation Store Yard, wherein shall be kept all supplies, material, implements and machines belonging to the city and county, to be used in repairing or cleaning and sprinkling the streets or for any improvement thereon. The Board of Public Works shall appoint a storekeeper for said yard, who shall hold his office during its pleasure. He shall have the custody of said yard and of all the supplies, material and implements therein, and shall keep books of account in which shall be kept a systematic account of all purchases, and of the receipt of supplies and material under any contracts awarded under the provisions of the preceding section, and of the delivery thereof, which books shall at all times show the amount of said material and supplies on hand and in store, and when, to whom, and for what purpose each article was delivered. He shall be responsible for all material and supplies in said yard, and shall not deliver any article except upon the written order or requisition of the president and secretary of the Board of Public Works, and he shall take the written receipt, indorsed upon said order, of each person to whom any delivery is made, specifying the date of such delivery and the amount and kind of material and supplies delivered. For any deficiency in his accounts or for the delivery of any article without such order or requisition and receipt, he shall be liable upon his official bond. All cobblestones, or stone blocks, or other material with which any street or portion of a street may have been paved or planked shall, if at any time removed from said street, be taken to said yard, and there kept, accounted for and disposed of by the storekeeper in the same manner as other supplies.

Chapter III.—Opening, Straightening, Widening, Extending and Changing the Grade of Streets.

SECTION 1. When an application shall be made to the Board of Public Works for the straightening, widening or extending of any street, or for the laying out, establishing or opening of a new street, signed by the owners of a majority of the frontage of the lands upon the line of said street, or proposed street, and such improvement requires the condemnation of private property, and the board shall by resolution determine that the improvement would be of public benefit, it shall make an estimate of the expense of such improvement, and determine by resolution the district which will be affected by, and should be assessed for, the expense of such improvement. No proceedings shall be had upon the filing of such petition until after the persons signing the same shall have

deposited with the secretary of the board an amount of money which, as may be determined by the board, will be sufficient to defray all the expense that may be incurred in case the Supervisors shall not pass an ordinance for said improvement.

SEC. 2. If within three months after the passage of the resolution determining such district, a majority of the owners of the land within said district who shall also be the owners of two thirds of the superficial square feet of the property included within said district, and of three fourths in value of said property, including improvements thereon, estimating said value according to the last preceding assessment book of the city and county, shall present to the board a petition for said improvement, verified by their oaths and describing the lands of which they are the owners, and showing the amount at which the same was assessed upon the last preceding assessment book of the city and county, and stating that they are the owners and in possession of the lands named in said petition, the board shall pass a resolution of its intention to recommend such improvement to the Supervisors, and shall in such resolution specify a day upon which it will hear any objections that may be made to such improvement.

Before passing such resolution of intention, the board shall cause to be prepared a map or diagram of the district affected by and to be assessed for the expense of such improvement, upon which shall be delineated the several lots of land upon which said assessment is to be levied, and also the lots of land which are to be taken for such improvement, and showing the name of the person to whom the said lots were assessed upon the last assessment book of the city and county, together with the amounts of such assessments.

SEC. 3. The secretary of the board shall thereupon cause said resolution of intention to be published for a period of thirty days, non-judicial days excepted, and shall also cause a copy of said resolution to be deposited, postage prepaid, in the post office at the city and county, addressed to each person whose name is delineated upon said map, at least ten days before the day named for hearing objections thereto.

SEC. 4. At any time before the day fixed in such resolution for hearing objections to such improvement, any person interested therein may file with the secretary of the board his objections thereto, briefly stating the grounds thereof and the nature of his interest; and upon the day fixed for hearing the same, or some day to which the hearing thereof shall then be postponed, the board shall proceed to hear and determine the sufficiency of any objections which may have been filed.

SEC. 5. If the board shall determine that such objections are sufficient to prevent a recommendation of the improvement, it shall pass a resolution to that effect, and no further proceedings shall be had under said petition. If no objections have been filed, or if the board shall determine that the objections filed are insufficient, it may pass a resolution recommending to the Supervisors said improvement, and in its recommendation shall specially report to the Supervisors whether in its opinion the land within the district specified as affected by said improvement will be benefited to the extent of the expense of said improvement.

SEC. 6. If the board shall pass a resolution recommending said improvement, the secretary shall forthwith transmit to the Clerk of the Supervisors a copy of said resolution, together with the petition, map, estimate of the expense of said improvement, and any objections that may have been filed; and the Supervisors shall at their first regular meeting thereafter, or at any meeting to which said hearing may have been adjourned, pass upon said recommendation, and may by resolution adopt or reject the same. If said recommendation is rejected no further action shall be had thereon or upon said petition. If the Supervisors shall adopt said recommendation, they shall within thirty days thereafter pass an ordinance providing for said improvement, and may in said ordinance prescribe such rules for the conduct of the Board of Public Works respecting the assessment and valuation to be made by said board and providing for the condemnation of said lands, and the collection of said assessment, in addition to, and not inconsistent with, the rules herein prescribed, as to said Supervisors shall seem expedient. Upon the passage of said ordinance the Clerk of the Supervisors shall transmit a certified copy thereof to the Board of Public Works.

SEC. 7. Upon the receipt by the board of a certified copy of said ordinance the board shall cause to be made an accurate survey of the contemplated improvement, and a map thereof, upon which shall be delineated each and every lot of land to be taken or appropriated for the purposes of the intended improvement, showing its extent in feet and inches, and also each and every lot of land within the district determined to be affected by, and which is to be assessed for, the cost and expense of said improvement. After said survey and map are made, the board shall pass a resolution fixing a day on or after which it will proceed to value the several lots of land to be taken for the purpose of the intended improvement, and ascertain and determine the damages and benefits which may result therefrom.

The secretary of the board shall cause said resolution to be published for a period of ten days before the day fixed in said resolution for proceeding to make said valuation.

In estimating the damage to any lot by reason of any portion of said lot having been taken for public use, as herein provided, the measure of damage to said lot shall be the difference at the time of said appropriation between the value of said lot in its entirety and its value as reduced in size by the appropriation of a part thereof to said public use. The expense of the improvement shall include the value of the land taken, with the improvements, if any, thereon, and the expense of the proceedings for its appropriation or condemnation.

SEC. 8. On the day named in said notice and upon such other days as the matter

may be continued to, from time to time, the board shall proceed to value the several parcels of land necessary to be taken for the purpose of the intended improvement. Such value shall be ascertained as of the time of said inquiry, independently of any appreciation or depreciation that may be caused to the same by reason of such intended improvement, and the board shall fix such valuation as the amount to be given to the owners therefor. The board shall also assess the benefits and damages which may result from the contemplated improvement of the lands within said district, and shall distribute the total value of all the lands and improvements taken, together with the damages, if any, caused by said improvement to the adjacent lands, and the estimated cost and expense of said improvement, in the form of an assessment upon each and every lot of land within the district determined to be affected by said improvement in proportion to the benefits which the board shall determine will be received by said lots and lands.

SEC. 9. The meetings of the board, when engaged in making said valuation and assessment, shall be public and held at the office of the board, and all persons interested in such valuation and assessment shall have the right to be present and be heard in person or by counsel. All persons claiming any interest in the lands to be taken for said improvement, or that will be damaged thereby, are required at or during such hearing, to file with the board plats, and a description of their respective lots of land.

SEC. 10. In making said assessment and valuation the commissioners shall act as a board, and said assessment and valuation shall be authenticated by the signatures of said commissioners, and every assessment and valuation so authenticated and recorded in the book of assessments for condemnation shall be prima facie evidence of the correctness and regularity of all the proceedings of said board and of the Supervisors prior to the date of such record.

SEC. 11. In determining the valuation of the property which is taken for said improvement, the board shall in its report set forth, under appropriate headings, a brief description of each lot thereof, the amount allowed for the same, the name of the owner of each lot, when known (and if unknown, that fact shall be stated), and the name of any claimant thereto, or to any interest therein; and in making the assessment for the expense of said improvement the board shall set forth in the assessment, under appropriate headings, a brief description of each lot assessed, the amount assessed against the same, the person to whom said property was assessed upon the next preceding assessment book of the city and county, the owner thereof, if known (and if unknown, that fact shall be stated), and the total amount of the expense of said improvement.

SEC. 12. Upon the completion of said valuation and assessment, the board shall cause to be published for ten days a notice of the completion of said assessment and valuation, notifying all parties therein to examine the same; and for that purpose said assessment, valuation and map shall be open and exhibited to public inspection at the office of the board for thirty days after the first publication of said notice. During said period of thirty days, but not thereafter, the board may alter, change or modify said assessment. Upon the expiration of said thirty days it shall complete the same in the form of a report and schedule, embracing the value of the lands taken and the assessment of said value, together with the expense of the improvement, as hereinbefore provided, upon the several lots of land embraced within the aforesaid district. Said report and schedule shall, within sixty days after the first publication of the last mentioned notice, be filed in the office of the County Clerk, together with a petition signed by the president of said board, to the Superior Court, praying for a judgment of said court confirming the assessment contained therein against the respective lots therein described as assessed, and for the condemnation and conveyance to the city and county, upon the payment of the value thereof as ascertained by said report, of each of the lots of land alleged in said petition to be necessary to be taken for said improvement.

SEC. 13. On filing such petition, and upon application to said court, the presiding judge thereof shall appoint some day, not less than ten nor more than thirty days thereafter, as the time when any objections to the confirmation of said report will be heard by said court. The clerk of said court shall thereupon cause to be published for ten days in the official newspaper, a notice of the filing of said report and of the day assigned for the hearing of any objections that may be made thereto. Any party interested therein may at any time before the day assigned for the hearing thereof file in said court his objections in writing to the confirmation of the same, specifying his objections; and all objections not specified shall be deemed waived. Upon the day fixed in said order said court shall proceed to the hearing of any objections that may have been filed to the confirmation of said report. Upon proof of publication of said notice said court shall have and take jurisdiction of said report and of the subject matter thereof as a special proceeding; and upon said day and at any other time or times to which said hearing may be adjourned may hear the allegations of the parties and proofs adduced in support of the same, and may confirm said report, or change, alter or modify the same, or cause the same to be changed, altered or modified by said board. Said judgment of confirmation shall be a lien upon each lot of land described in said report for the amount assessed against the same, and shall provide for the conveyance to the city and county of each and every of the lots of land declared necessary for the purpose of said improvement, upon the payment of the value thereof as fixed by such judgment. Said lien shall remain in force until said assessment is paid or legally discharged.

SEC. 14. Any person who has filed objections to the confirmation of said report may appeal from said judgment to the Supreme Court at any time within thirty days after

the entry of such judgment. The amount of the undertaking on such appeal shall be fixed by said presiding judge and such undertaking shall be made payable to the city and county. For the purposes of such appeal the judgment roll of the proceedings in the Superior Court shall consist of the report, objections, judgment and bill of exceptions, or so much thereof as may be necessary to determine said appeal. If said judgment be reversed or modified the Superior Court shall take such proceedings as will cause said assessment and valuation to be made in accordance with the decision of the Supreme Court. The City Attorney shall act as the attorney for the Board of Public Works in proceedings under this chapter.

SEC. 15. After the confirmation of said report, if the time for appealing has expired, or if an appeal has been taken and the judgment appealed from has been affirmed upon the application of the Board of Public Works the Clerk of the Superior Court shall issue a certificate to that effect to said board; and said assessment shall then be recorded in the book of assessments for condemnation kept for that purpose, and the record thereof signed by the president and secretary of said board. The Secretary shall then deliver to the Tax Collector the assessment so confirmed and recorded, together with said certificate of said clerk, and a warrant to the Tax Collector directing him to collect the said assessment. The Tax Collector shall, if any part of said assessment is not paid within twenty days after said assessment, certificate and warrant shall have been delivered to him, give notice in the official newspaper by ten days' publication therein that he will, on a day and time certain, to be not more than ten days after the expiration of said publication, sell such of the lots of land on which the assessment thereon remains unpaid, describing each of said lots so delinquent, together with the amount of the assessment and costs due on each, and shall include as part of said costs five per centum on the amount due on each assessment so delinquent, as and for the expenses of said sale. He shall thereupon sell such lots pursuant to such notice. Redemption may be made from such sale within the time and in the manner and on the terms as on sales made under execution as provided in the Code of Civil Procedure of this State. If any amount remain in the hands of the Tax Collector as a result of the collection of said assessment beyond that necessary to make the compensation provided for in the next succeeding section, and to pay the necessary expenses of said sale, such surplus shall be paid by him proportionately to those whose land has been sold as aforesaid.

SEC. 16. Upon the report of the Tax Collector to the Supervisors that the amount of said assessment has been collected and paid into the treasury, the Supervisors shall order to be paid out of the treasury the sums fixed in said judgment as the compensation for the lands to be taken for said improvement; and upon the delivery to the Treasurer by any person entitled to receive compensation for any lot of land so taken, of a conveyance of said lot of land to the city and county, approved by the City Attorney, and a certificate from the City Attorney that such person is entitled to the compensation for the lands described in said conveyance, the Treasurer shall pay to said person the amount awarded for said lot by said judgment of condemnation, after the demand therefor has been audited by the Auditor.

SEC. 17. If the owner of any of said lots or subdivisions neglect or refuse for ten days to make and deliver such conveyance, or be unable by reason of incapacity to make a good and sufficient conveyance thereof to the city and county, or if the City Attorney shall certify that the title to any of said lots is in dispute or uncertain, or that there are conflicting claimants to the amount awarded as compensation therefor, or to any part thereof, a warrant upon the treasury for the payment of the amount so awarded shall be by order of the Supervisors drawn by the president and secretary of the Board of Public Works, together with a certificate of the Treasurer indorsed thereon that the said warrant has been registered by him and that there are funds in the treasury set apart to pay the same, shall be deposited with the County Clerk; and thereupon, upon a petition to said Presiding Judge by the president of the said board, setting forth said facts, said Judge shall issue an order ex parte directing the Sheriff to place said board in the possession of said land.

SEC. 18. At any time thereafter any claimant to said award, or any part thereof, may file his petition in said Superior Court against all parties in interest for an adjudication of all conflicting claims to the same, or for an order that the same be paid to him; and thereupon such proceedings shall be had thereon as may be agreeable to law and equity. Upon entry of final judgment in such proceedings, the County Clerk shall, after said demand has been audited by the Auditor, collect the warrant and pay the proceeds to the person or persons named in said judgment as entitled thereto. It shall be provided in said judgment that before receiving the proceeds of said warrant said party, or some one authorized in his behalf, shall make and execute to said city and county and deliver to the County Clerk a sufficient conveyance of said lot of land. Immediately after taking possession of the land required for said street, the board shall report that fact to the Supervisors.

SEC. 19. If any member of the board be interested in any of the land to be taken or assessed for such improvement, the Mayor shall appoint, for the purpose of making the said assessment and valuation only, some competent person to act as one of the commissioners therefor, who shall possess the same qualifications as are provided for said commissioners, and who, before entering upon his duties, shall take the oath of office required of said commissioners, and enter into a bond for such amount as may be fixed by the Supervisors.

SEC. 20. The Supervisors may, on the written recommendation of the Board of Public Works, change the grade of any street or street crossing in the manner and to the

grade set out in such recommendation; but no grade shall be changed unless the same proceedings are taken by way of providing compensation to those who may suffer damage by such change of grade, so far as such proceedings may be applicable, as are hereinbefore provided in the matter of opening, straightening, widening, and extending streets; and where such proceedings are not applicable they may be supplemented by ordinance of the Supervisors.

Chapter IV.—Sewers and Drainage.

SECTION 1. The Board of Public Works shall devise a general system of drainage, which shall embrace all matters relative to the thorough, systematic, and effectual drainage of the city and county, and shall from time to time make to the Supervisors such recommendations upon the subject of sewerage and drainage as it may deem proper.

SEC. 2. The board shall prescribe the location, form, and material to be used in the construction, reconstruction, and repairing of all public sewers, manholes, sinks, drains, cesspools, and all other appurtenances belonging to the drainage system, and of every private drain or sewer emptying into a public sewer, and determine the place and manner of the connection.

SEC. 3. The board shall recommend to the Supervisors rules and regulations concerning the public and private sewers and drains in the city and county, and upon recommendation of said board, the Supervisors are authorized to pass an ordinance establishing the same and prescribing the penalties for any violation thereof.

SEC. 4. No person shall connect with, or open or penetrate, any public sewer or drain without first obtaining a permit in writing from said board, and complying with the rules and regulations of the board in reference thereto.

SEC. 5. The board may also recommend to the Supervisors the construction of such canals, sewers, tunnels, ditches, drains, embankments, reservoirs, pumping works, machinery and other works necessary for the proper and effectual drainage of the city and county, together with plans for connecting the same with sewers and private drains already constructed or hereafter to be constructed.

SEC. 6. The Supervisors may, upon the recommendation of the Board of Public Works, by ordinance passed by not less than fourteen affirmative votes, authorize the purchase of any personal property or the acquisition by purchase or condemnation of any real estate which may be necessary for the construction of any sewer or the making of any improvement provided for in this chapter.

SEC. 7. The board may, with the like approval of the Supervisors, agree with the owners of any real estate upon which it is deemed desirable to construct any sewer or other improvement relative to sewerage or drainage, upon the amount of damage to be paid to such owners for the purpose of such improvement and for the perpetual use of said real estate for such purpose.

SEC. 8. The board may, when authorized by ordinance of the Supervisors passed by not less than fourteen affirmative votes, construct such sewers, reservoirs and pumping works as may be necessary to carry out the general system of sewerage for the city and county.

SEC. 9. Such appointment shall be on probation for a period to be fixed by the rules of the commissioners; but such rules shall not fix such period at exceeding six months. The commissioners may strike off names of candidates from the register after they have remained thereon more than two years. At or before the expiration of the period of probation, the head of the department or office in which a candidate is employed, may, by and with the consent of the commissioners, discharge him upon assigning in writing his reason therefor to the commissioners. If he is not then discharged, his appointment shall be deemed complete. To prevent the stoppage of public business, or to meet extraordinary exigencies, the head of any department or office may, with the approval of the commissioners, make temporary appointments, to remain in force not exceeding sixty days, and only until regular appointments, under the provisions of this article, can be made.

SEC. 11. All officers, courts, boards and heads of departments vested in this charter with the power to appoint deputies, clerks, stenographers, or employees in any of the offices or departments of the city and county mentioned in this section, shall make such appointments in conformity with the rules and provisions prescribed by this article, and any appointment not so made shall be void.

SEC. 12. No deputy, clerk, or employee in the classified civil service of the city and county, who shall have been appointed under said rules, shall be removed or discharged except for cause, upon written charges and after an opportunity to be heard in his own defense. Such charges shall be investigated by or before the Civil Service Commission, or by or before some officer or board appointed by the commissioners to conduct such investigation. The finding and decision of the commissioners, or such investigating officer, or board, when approved by the commissioners, shall be certified to the appointing officer or board, and shall be forthwith enforced by such officer. Nothing in this article shall limit the power of any officer or board to suspend a subordinate for a reasonable period, not exceeding thirty days.

SEC. 13. Immediate notice in writing shall be given by the appointing power to the commissioners of all appointments, permanent or temporary, made in such classified civil service, and of all transfers, promotions, resignations, suspensions or vacancies from any cause in such service, and of the date thereof; and a record of the same shall

be kept by the commissioners. When any place of employment is created or abolished, or the compensation attached thereto altered, the officer or board making such change shall immediately report in writing to the commissioners.

SEC. 14. The commissioners shall investigate the enforcement of the provisions of this article, and of its rules, and the action of the examiners herein provided for, and the conduct and action of the appointees in the classified service in the city and county, and may inquire as to the nature, tenure and compensation of all places in the public service thereof.

SEC. 15. The commissioners shall, on or before the fifteenth day of January in each year, make to the Supervisors a report showing their acts, the rules in force, the practical effects thereof, and suggestions for the more effectual accomplishment of the purposes of this article. The Mayor may require a report from the commissioners at any time.

SEC. 16. The commissioners shall employ a chief examiner, who shall, under their direction, superintend any examination held in the city and county under this article, and who shall perform such other duties as the commissioners may prescribe. The chief examiner shall be secretary of the commission by virtue of his office. He shall keep minutes of its proceedings, preserve all the reports made to it, and keep a record of all examinations held under its direction. He shall receive an annual salary of twenty-four hundred dollars.

SEC. 17. The Supervisors shall furnish the commission with suitable offices, office furniture, books, stationery, blanks, heat, and light, and shall provide for the payment of such other expenses as may be necessarily incurred in carrying out the provisions of this article.

SEC. 18. No person or officer shall by himself, or in cooperation with other persons, defeat, deceive, or obstruct any person in respect to his or her right of examination; or falsely mark, grade, estimate, or report upon the examination or proper standing of any person examined hereunder, or aid in so doing; or make any false representations concerning the same, or concerning the person examined; or furnish to any person any special or secret information for the purpose of either improving or injuring the prospects or chances of any person of being appointed, employed or promoted.

SEC. 19. The commissioners shall certify to the Auditor all appointments to places of employment in the classified civil service, and all vacancies occurring therein, whether by dismissal, resignation, or death, and all findings made or approved by the commission under the provisions of section twelve of this article.

ARTICLE XIV.

PARK COMMISSIONERS

SECTION 1. The lands designated upon the map of the outside lands of the city and county, made pursuant to Order Number One Hundred, by the word "park," extending from Stanyan street to the Pacific ocean and known as Golden Gate Park; also the land fronting on Haight street, designated upon said map by the word "park," and known as "Buena Vista Park"; also the lands designated upon said map by the word "avenue," extending from Baker street westward until it crosses Stanyan street; also that certain highway bounded on the west by the Pacific ocean, and designated upon said map as "Great Highway"; also "Mountain Lake Park"; also "Seal Rocks," as ceded to the City and County of San Francisco by Act of Congress; and all the other parks and squares in the city and county, and all the grounds surrounding public buildings in the city and county, and all parks and squares and public pleasure grounds hereafter acquired by the city and county shall be under the exclusive control and management of a Board of Commissioners, who shall be known and designated as Park Commissioners.

SEC. 2. The commissioners shall be successors in office of the Park Commissioners holding office in the city and county at the time this charter shall go into effect by virtue of appointment under any statute of this State.

SEC. 3. The commissioners shall be five in number, one of whom must be an artist. They shall be appointed by the Mayor for a term of four years and shall receive no compensation for their services. They shall so classify themselves by lot that one of them shall go out of office at the end of one year, one at the end of two years, one at the end of three years, and two at the end of four years.

SEC. 4. The commissioners shall organize by electing one of their number president, and they may elect a secretary who is not a member of the board. The board shall establish rules and regulations for its government and for the performance of its duties, and for the conduct of its officers and employes, and shall require adequate bonds from all of them, except laborers, for the faithful performance of their duties in such sums as may be fixed by it. Such bonds shall be approved by the Mayor and filed in the office of the Auditor. The person elected president shall hold his office for one year, or until his successor is elected. The board must hold regular meetings at least once in two weeks, and as many special meetings as it may deem proper.

Three of the commissioners shall constitute a quorum for the transaction of business. No contract shall be entered into authorizing the expenditure of money without the approval of four of the commissioners. Every contract exceeding five hundred dollars in amount shall be open to public competition, unless the board shall determine in any

given case to have the work done by days' labor. All the provisions of the article in this charter on the department of public works relating to contracts shall be applicable to all contract work ordered by the commissioners.

SEC. 5. The commissioners may adopt ordinances for the regulation, use and government of the aforesaid parks, squares, avenues and grounds not inconsistent with the laws of the State of California or with this charter. Such ordinances shall, within five days after their passage, be published for ten days, Sundays excepted, in the official newspaper. Any person violating any of such ordinances shall be deemed guilty of a misdemeanor, and shall be punished therefor, on conviction, in any court of competent jurisdiction. None of such ordinances shall be valid unless it receives the vote of four members of the board. No ordinance shall be passed at the same meeting at which it is introduced, or at any other than a regular meeting. Such ordinances shall take effect in not less than ten days after their adoption.

SEC. 6. The commissioners shall have the complete and exclusive control, management and direction of the aforesaid parks, squares, avenues and grounds, and the exclusive right to erect, and to superintend the erection of, buildings and structures thereon; and to that end may employ and appoint superintendents, laborers, surveyors, engineers, and other officers and assistants, and prescribe and fix their duties, authority and compensation. They shall have the exclusive management and disbursement of all funds legally appropriated or received from any source for the support of said parks, squares, avenues and grounds.

The board may accept from donors suitable articles for the museum and art gallery situate in the aforesaid Golden Gate Park and shall manage and control said museum and art gallery.

Except as provided in section nine of this chapter, nothing in this section shall be so construed as to authorize the commissioners to lease any part of any of said parks, squares, avenues and grounds to any person, company or corporation for any purpose; or to permit any person, company or corporation to build or maintain any structure on any part of said parks, squares, avenues or grounds; but this shall not inhibit the board from leasing, for a period not greater than one year, such buildings as may be constructed by itself for the use of the public to such person, company or corporation who shall undertake to serve such use; and in every such lease the board shall reserve the right to enter at all times into and upon the premises so leased, and shall make the condition that the building so leased shall be used for park-pleasure purposes only. No such building shall be constructed by the board except it be within the objects and purposes for which said parks, squares, avenues and grounds were dedicated to the public.

Nothing, however, in this section contained shall inhibit the board from permitting the use of a limited portion of any one of the aforesaid parks or squares for the purpose of conducting thereon a fair or exposition, under such conditions and restrictions as may be necessary to conserve the integrity of said parks and squares, and for a period not greater than six months, and so as not to interfere with the use of any of the same by the public for park-pleasure purposes; but no such permission shall ever be granted except such fair or exposition be of National, State, or municipal importance. None of the moneys in, or apportioned to, the Park Fund shall be used for the purposes of any such fair or exposition.

SEC. 7. The Chief of Police shall, on the request of the commissioners, detail such members of the police force of the city and county for service in said parks, squares, avenues, and grounds as may be necessary for the enforcement of the law and for the proper observance of the ordinances of the commissioners; and the commissioners may provide a place of detention within either of said public places, in which the persons arrested for violating any of the ordinances of the board may be detained temporarily.

SEC. 8. The board may receive donations from persons and corporations and legacies and bequests for the improvement of said parks, squares, avenues, and grounds. All moneys that may be derived from such donations, legacies, and bequests shall, unless otherwise provided by the terms of such gift, legacy, or bequest, be deposited in the treasury of the city and county to the credit of the Park Fund. The same may be withdrawn therefrom and paid out in the same manner as is provided for the payment of moneys legally appropriated for the support and improvement of such parks, squares, avenues, and grounds. If the moneys derived from such gifts, bequests, or legacies shall at any time exceed in amount the sum necessary for immediate expenditures on said parks, squares, avenues, and grounds, the board shall invest all or a part of the same in interest-bearing bonds of the United States, or of the State of California, or of any municipality thereof.

SEC. 9. The board may lease to the State of California, on such terms as it may deem proper, a plot of ground in Golden Gate Park, not more than seven hundred feet square, on which said State may erect and maintain an exposition building, in which may be exhibited the products of the several counties of the State, and in which the collection made by the State Mining Bureau may be maintained and exhibited; but said lease shall be upon the express condition that no fee shall ever be charged for admission to said building.

SEC. 10. Hereafter no work of art shall become the property of the city and county by purchase, gift, or otherwise, unless such work of art or design of the same, together with a statement of the proposed location of such work of art, shall first have been submitted to and approved by the commissioners; nor shall such work of art, until so approved, be erected or placed in or upon, or allowed to extend over or upon, any street

avenue, square, park, municipal building, or other public place belonging to the city and county. The board may require a complete model of the proposed work of art to be submitted. The term "work of art" as used in this section shall apply to and include all paintings, mural decorations, stained glass, statues, bas reliefs, or other sculptures, monuments, fountains, arches, or other structures of a permanent character, intended for ornament or commemoration. No existing work of art in the possession of the city and county shall be removed, relocated, or altered in any way without the similar approval of the board. When so requested by the Mayor, or the Supervisors, or the Board of Public Works, or the Board of Education, the Board of Park Commissioners shall act in a similar capacity, with similar powers, in respect of the designs of municipal buildings, bridges, approaches, gates, fences, lamps, or other structures erected or to be erected upon land belonging to the city and county, and in respect of the lines, grades, and plotting of public ways and grounds, and in respect of arches, bridges, structures, and approaches which are the property of any corporation or private individual, and which shall extend over or upon any street, avenue, highway, park, or public place belonging to the city and county. This section shall not be so construed as to impair the power of the Park Commissioners to refuse their consent to the erection or acceptance of public monuments or memorials or other works of art of any sort within any park, square, or public place in the city and county.

Sec. 11. The Supervisors shall provide all necessary money for the maintenance, preservation, and improvement of said parks, squares, avenues, and grounds, and to that end shall annually levy a tax on all property in the city and county not exempt from taxation, which shall not be less than five cents nor more than seven cents upon each one hundred dollars assessed valuation of said property.

ARTICLE XV.

BONDS OF OFFICIALS.

SECTION 1. Officers of the city and county, before entering upon the discharge of their official duties, shall respectively give and execute to the city and county such official bonds as may be required by law, ordinance, or this charter. When the amount of any bond is not fixed by law or by this charter, it shall be fixed by an ordinance of the Supervisors. All bonds, excepting those of the Mayor and Auditor, must be approved by the Mayor and Auditor; the bond of the Mayor must be approved by the Auditor, and the bond of the Auditor must be approved by the Mayor. The approval of every official bond must be indorsed thereon, and signed by the officers approving the same, after examination of the sureties, as hereinafter provided. Upon the approval of a bond it must be recorded, at the expense of the party giving the bond, in the office of the Recorder, in a book kept for that purpose, entitled record of official bonds. The bond of the Auditor shall be filed and kept in the office of the County Clerk. The bonds of all other officers shall be filed and kept in the office of the Auditor.

Sec. 2. The following officers shall respectively execute official bonds to the city and county, with sureties, in the following sums:

Mayor, twenty-five thousand dollars; Auditor, fifty thousand dollars; Treasurer, one hundred thousand dollars; Tax Collector, one hundred thousand dollars; Assessor, fifty thousand dollars; County Clerk, fifty thousand dollars; Recorder, ten thousand dollars; Sheriff, fifty thousand dollars; Coroner, ten thousand dollars; City Attorney, ten thousand dollars; District Attorney, ten thousand dollars; Public Administrator, fifty thousand dollars; Superintendent of Public Schools, five thousand dollars; each Commissioner of Public Works, twenty-five thousand dollars; Clerk of the Supervisors, ten thousand dollars; each supervisor, five thousand dollars; each School Director, five thousand dollars; each Fire Commissioner, ten thousand dollars; each Police Commissioner, five thousand dollars; each Election Commissioner, ten thousand dollars; Property Clerk of Police Department, ten thousand dollars; the Warrant and Bond Clerk, ten thousand dollars.

Sec. 3. City and county officers shall not be accepted as surety for each other on official bonds. Every bond shall contain a condition that the principal will faithfully perform all official duties then, or that may thereafter be imposed upon or required of him by law, ordinance, or this charter, and that at the expiration of his term of office he will surrender to his successor all property, books, papers, and documents that may come into his possession as such officer. Such bond must also be executed by two or more sureties, who shall each justify in the amount required for said bond; but when the amount of the bond is more than five thousand dollars, the sureties may become severally liable for portions of not less than twenty-five hundred dollars. When there are more than two sureties, such sureties may justify in an amount which in the aggregate shall equal double the amount of said bond.

Sec. 4. Every surety upon an official bond, other than lawfully authorized surety companies, must make an affidavit, which shall be indorsed upon such bond, that he is a resident and freeholder in the city and county, and worth in property situated in the city and county, exclusive of incumbrances thereon, double the amount of his undertaking over and above all sums for which he is already liable or in any manner bound, whether as principal, indorser or surety, and whether such prior obligation or liability be conditional or absolute, liquidated or unliquidated, due or to become due. All persons offered as sureties on official bonds may be examined on oath as to their qualifications by the officers whose duty it is to approve the bond.

SEC. 5. When under any of the provisions of this charter, or of any ordinance, an official bond shall be required from an officer, the Supervisors may, by resolution, require an additional bond, whenever, in the opinion of such board, such bond or any surety thereto becomes insufficient; and such additional bond shall also be required when a surety to a bond shall die or cease to be a resident of the city and county.

SEC. 6. Every officer shall be liable on his official bond for the acts and omissions of his deputies, assistants, clerks, and employes, appointed by him, and of any and each of them, and every official bond shall contain such a condition.

SEC. 7. Every board, department, or officer may require of their deputies, clerks, or employes bonds of indemnity with sufficient sureties for the faithful performance of their duties.

ARTICLE XVI.

MISCELLANEOUS.

SECTION 1. The words "city and county" wherever they occur in this charter mean the City and County of San Francisco; and every department, board, and officer, wherever either one of them is mentioned in this charter, means a department, board, or officer, as the case may be, of the City and County of San Francisco.

SEC. 2. All deputies, clerks, assistants, and other employes of the city and county must be citizens of the United States, and must, during their respective terms of office or employment, actually reside in the city and county, and must have so resided for one year next preceding their appointment.

SEC. 3. No officer of the city and county, except members of the Police Department acting under orders of the Chief thereof, shall absent himself from the State; but he may, once only during his term of office, so absent himself for a period of not more than sixty days upon the written permission of the Mayor so to do. Violation of this section shall be sufficient cause for the removal of any officer violating the same.

SEC. 4. Any person holding a salaried office under the city and county, whether by election or appointment, who shall, during his term of office, hold or retain any other salaried office under the government of the United States or of this State, or who shall hold any other salaried office connected with the government of the city and county, or who shall become a member of the Legislature, shall be deemed to have thereby vacated the office held by him under the city and county.

SEC. 5. No department, board, or officer, shall, under any circumstances, employ more subordinates than are specifically provided for in this charter or buy supplies beyond the sum furnished therefor by the Supervisors.

SEC. 6. No Supervisor and no officer or employe of the city and county shall be or become, directly or indirectly, interested in, or in the performance of, any contract, work, or business, or in the sale of any article, the expense, price or consideration of which is payable from the treasury; or in the purchase or lease of any real estate or other property belonging to, or taken by, the city and county, or which shall be sold for taxes or assessments, or by virtue of legal process at the suit of the city and county. If any person in this section designated shall, during the time for which he was elected or appointed, acquire an interest in any contract with, or work done for, the city and county, or any department or officer thereof, or in any franchise, right or privilege granted by the city and county, unless the same shall be devolved upon him by law, he shall forfeit his office, and be forever after debarred and disqualified from being elected, appointed or employed in the service of the city and county; and all such contracts shall be void, and shall not be enforceable against the city and county.

SEC. 7. No officer or employe of the city and county shall give or promise to give to any other person any portion of his compensation, or any money, or valuable thing, in consideration of having been, or of being, nominated, appointed, voted for, or elected to, any office or employment; and if any such promise or gift be made, the person making such gift or promise shall forfeit his office and employment, and be forever debarred and disqualified from being elected, appointed or employed in the service of the city and county.

SEC. 8. Any officer of the city and county who shall, while in office, accept any donation or gratuity in money, or other valuable thing, either directly or indirectly, from any subordinate or employe, or from any candidate or applicant for any position as employe or subordinate under him, shall forfeit his office; and be forever debarred and disqualified from holding any position in the service of the city and county.

SEC. 9. Every department, board and commission provided for in this charter, except the Supervisors, shall render to the Mayor within one month after the end of each fiscal year a full report of all the operations of such department or board or commission for such year.

SEC. 10. An office becomes vacant when the incumbent thereof dies, resigns, is adjudged insane, convicted of felony, or of an offense involving a violation of his official duties, or is removed from office, or ceases to be a resident of the city and county, or neglects to qualify within the time prescribed by law, or within twenty days after his election or appointment, or shall have been absent from the State without leave for more than sixty consecutive days.

SEC. 11. Every officer who shall approve, allow or pay any demand on the treasury not authorized by law, ordinance or this charter, shall be liable to the city and county individually and on his official bond for the amount of the demand so illegally approved, allowed or paid.

SEC. 12. The departments, boards, commissioners and officers provided for in this charter shall be entitled to the possession of all papers, books, documents, maps, plats, records and archives in the possession or under the control of those respectively who are superseded in office under this charter by such departments, boards, commissioners and officers.

SEC. 13. All books and records of every office and department shall be open to the inspection of any citizen at any time during business hours. Certified copies or extracts from said books and records shall be given by the officer having the same in custody to any person demanding the same, and paying or tendering ten cents a folio of one hundred words for such copies or extracts; but the records of the Police Department shall not be subject to such inspection except permission be given by the Police Commissioners or by the Chief of Police.

SEC. 14. The Treasurer shall keep his office open for business every day, except legal holidays, from nine o'clock in the forenoon until four o'clock in the afternoon. Except where otherwise provided for by law, or by this charter, all other public offices shall be kept open for business every day, except legal holidays, from half-past eight o'clock in the forenoon until five o'clock in the afternoon; and, in addition thereto, from the first day of November until the last Monday of December in each year the office of the Tax Collector shall be kept open until nine o'clock in the evening.

SEC. 16. The fiscal year mentioned in this charter shall commence on the first day of July and end on the thirtieth day of June following.

SEC. 17. All moneys, assessments and taxes belonging to or collected for the use of the city and county, coming into the hands of any officer of the city and county, shall immediately be deposited with the Treasurer for the benefit of the funds to which they respectively belong. If such officer for twenty-four hours after receiving the same shall delay or neglect to make such deposit, he shall be deemed guilty of misconduct in office and may be removed.

SEC. 18. Any elected officer, except Supervisor, may be suspended by the Mayor and removed by the Supervisors for cause; and any appointed officer may be removed by the Mayor for cause. The Mayor shall appoint some person to discharge the duties of the office during the period of such suspension.

SEC. 19. When the Mayor shall suspend any elected officer he shall immediately notify the Supervisors of such suspension and the cause therefor. If the board is not in session he shall immediately call a session of the same in such manner as shall be provided by ordinance. The Mayor shall present written charges against such suspended officer to the board and furnish a copy of the same to said officer, who shall have the right to appear with counsel before the board in his defense. If by an affirmative vote of not less than fourteen members of the Board of Supervisors, taken by ayes and noes and entered on its record, the action of the Mayor is approved, then the suspended officer shall thereby be removed from office; but if the action of the Mayor is not so approved such suspended officer shall be immediately reinstated.

SEC. 20. When the Mayor shall remove an appointed officer from office, he shall immediately notify the Board of Supervisors of such removal and furnish it a statement of the cause therefor, which statement shall be entered in the record of its proceedings.

SEC. 21. Unless otherwise provided by law or by this charter, any officer, board or department authorized to appoint any deputy, clerk, assistant or employé, shall have the right to remove any person so appointed.

SEC. 22. All appointments of officers, deputies and clerks to be made under any provision of this charter must be made in writing and in duplicate, authenticated by the person or persons, board or officer making the same. One of such duplicates must be filed with the secretary of the Civil Service Commission and the other with the Auditor.

SEC. 23. Wherever it is provided in this charter that the members of any board, department or commission shall so classify themselves by lot that their terms of office shall expire at different times, such members shall, on the day of making such classification, cause the same to be entered in the records of their proceedings, and a copy thereof, certified by the secretary thereof and signed by all of said members, shall be filed with the Clerk of the Supervisors. In every case such classification must be made at the first meeting of the board.

SEC. 24. Every officer and every member of any board or committee provided for in this charter shall have the power to administer oaths and affirmations, and every such board, officer or committee shall have power to issue subpoenas, to compel by subpoena the production of books, papers and documents, and to take and hear testimony concerning any matter or thing pending before any such board, officer or committee. If any person so subpoenaed neglect or refuse to appear, or to produce any book, paper or document, as required by such subpoena, or shall refuse to testify before any such board, officer or committee, or to answer any question which any officer or a majority of such board or committee shall decide to be proper or pertinent, he shall be deemed in contempt, and any such board, officer or committee shall have power to take the proceedings in that behalf provided by the general laws of this State. The Chief of Police must, on request of such officer or of any member of any such board or committee, detail a police officer or officers to serve such subpoenas.

SEC. 25. All publications provided for in this charter must be made in the official newspaper only.

SEC. 26. All franchises and privileges heretofore granted by the city and county which are not in actual use or enjoyment, or which the grantees thereof have not in good faith commenced to exercise, are hereby declared forfeited and of no validity unless said grantees or their assigns shall, within six months after this charter takes effect, in good faith commence the exercise and enjoyment of such privilege or franchise.

SEC. 27. All ordinances or resolutions for the improvement of any street for which no contract shall have been entered into at the time this charter takes effect are hereby repealed.

SEC. 28. All ordinances, orders and resolutions of the Supervisors of the city and county in force at the time this charter takes effect, and not inconsistent therewith, shall continue in force until amended or repealed.

SEC. 29. When the Supervisors shall determine that the public interest requires the construction or acquisition of any permanent municipal building or improvement, the cost of which in addition to the other expenses of the city and county will exceed the income and revenue provided for the city and county for any one year, they must by ordinance passed by the affirmative vote of not less than fourteen members of the board submit a proposition to incur a bonded indebtedness for such purpose to the electors of the city and county at a special election to be held for that purpose only. All the provisions of this charter providing for the acquisition of public utilities, so far as the same are applicable, shall apply to the manner of submitting such proposition to the electors, to the limitations of said bonded indebtedness, to the issuance and character of the same, and to the time when and the kind of money in which said bonded indebtedness shall be payable. The proceeds of the sales of such bonds shall be paid into the treasury to the credit of the Public Building Fund.

SEC. 30. Every assistant deputy or other subordinate of any board, department or officer, shall discharge any of the duties pertaining to such department, board or office as his chief may assign him to.

SEC. 31. No member of the Board of Police Commissioners and no member of the Board of Fire Commissioners shall be eligible to any elective office while he is a member of such board, or for one year thereafter.

SEC. 32. No member of the Board of Police Commissioners and no member of the Board of Fire Commissioners, and no officer, subordinate, or employé of the Police Department or of the Fire Department, shall be a member of any partisan convention the purpose of which is to nominate candidates for office; nor shall either of them directly or indirectly electioneer, by soliciting votes or otherwise, for or against any candidate for office at any election, or for or against any candidate for nomination before any political convention, or for or against any candidate for delegate to such convention at any primary election; nor shall either of them be a member of any committee, club, or organization the purpose of which is to nominate or indorse candidates for office at any election; nor in any way attempt to influence or control such committee, club, or organization, while nominating or indorsing said candidates; nor take any part in the control, management or distribution of the political patronage of any public officer; nor shall any member of either of said boards, or any officer, subordinate or employé of either of said departments directly or indirectly attempt to control or in any manner influence the action of any officer, subordinate or employé of either of said departments at any general, special or primary election. And no officer, subordinate or employé of either of said departments shall levy, collect or pay any amount of money as an assessment or contribution for political purposes. Any person violating any of the provisions of this section shall be removed forthwith from his office or employment. If the violation be by a member of either of said boards the Mayor must remove such member; and if by an officer, employé or subordinate of either of said departments, then the board whose officer, employé or subordinate has been guilty of such violation, must remove such officer, employé or subordinate; and if such board fail or refuse to make such removal, then the Mayor must remove all members of the board who have so failed or refused.

SEC. 33. No deputy, clerk or other employé of the city and county shall be paid for a greater time than that covered by his actual service.

SEC. 34. The salaries provided in this charter shall be in full compensation for all services rendered, and every officer shall pay all moneys coming into his hands as such officer, no matter from what source derived or received, into the treasury of the city and county within twenty-four hours after receipt of the same.

SEC. 35. When any officer, board or department shall require additional deputies, clerks or employés, application shall be made to the Mayor therefor, and upon such application the Mayor shall make investigation as to the necessity for such additional assistance; and if he find the same necessary he may recommend to the Supervisors to authorize the appointment of such additional deputies, clerks or employés; and thereupon the Supervisors, by an affirmative vote of not less than fourteen members, may authorize such appointments, and provide for the compensation of such appointees, subject to the limitations contained in this charter, and subject to the provisions of Article XIII thereof.

SEC. 36. At any time between the first day of December, in the year one thousand eight hundred and ninety-nine, and the first day of January, in the year nineteen hundred, the person who, at the election held under this charter in the month of November next preceding, has been elected the Mayor of the city and county, shall make all the appointments provided by this charter to be made by him, and all the persons so appointed shall thereupon qualify as in this charter provided, and shall take office at

the hour of noon on the first Monday after the first day of January in the year nineteen hundred, and all boards, commissions, and officers of the city and county holding by appointment under existing laws shall hold office no longer than said last aforesaid time.

SEC. 16. No bill shall become an ordinance, nor resolution be adopted, unless finally passed by a majority of all members of the board and the vote be taken by ayes and noes and the names of the members voting for and against the same be entered in the journal, and approved by the Mayor.

SEC. 17. No ordinance shall be revised, reenacted, or amended by reference to its title; but the ordinance to be revised or reenacted, or the section thereof amended, shall be reenacted at length as revised or amended.

SEC. 18. An ordinance shall embrace but one subject, which subject shall be expressed in its title. If any subject be embraced in an ordinance and not expressed in its title, such ordinance shall be void only as to so much thereof as is not expressed in its title.

SEC. 19. When a bill is put upon its final passage in the board and fails to pass, and a motion is made to reconsider, the vote upon such motion shall not be acted upon before the expiration of twenty-four hours after adjournment. No bill for the grant of any franchise shall be put upon its final passage within ninety days after its introduction, and no franchise shall be renewed before one year prior to its expiration. Every ordinance shall, after amendment, be laid over for one week before its final passage.

SEC. 20. Every bill or resolution providing for any specific improvement, or the granting of any franchise or privilege, or involving a lease, appropriation, or disposition of public property, or the expenditure of public money, except sums less than two hundred dollars, or levying any tax or assessment, and every ordinance providing for the imposition of a new duty or penalty, shall, after its introduction, be published in one newspaper, with the ayes and noes, for at least five consecutive days (Sundays

and legal holidays excepted) before final action upon the same. If such bill be amended, the bill as amended shall be advertised for a like period before the action thereon. But in cases of great necessity the officers and heads of departments may expend such sums of money, not to exceed two hundred dollars, as shall be necessary to meet the requirements of such necessity.

SEC. 21. No ordinance shall take effect until ten days after its passage, unless otherwise provided in such ordinance.

SEC. 22. All ordinances and resolutions shall be deposited with the clerk of the board, who shall record the same at length in a suitable book.

SEC. 23. No ordinance shall be repealed, except by ordinance adopted in the manner hereinbefore set out.

SEC. 24. Except as provided in this charter, all demands payable out of the treasury must, before they can be approved by the Auditor, or paid by the Treasurer, be first approved by the Board of Trustees.

SEC. 25. All books, papers, vouchers, franchises, contracts, bonds, and public documents of every name and description, belonging to the board or any officer of the city, shall be open for the inspection of the public during business hours, and no member of the board, clerk, or any elective officer or employé of the city, shall remove, or allow any one to remove from the office where it properly belongs, any book, paper, voucher, franchise, contract, bond, or other public document of any name or description belonging to the board or any officer of the city, except on the order of a legally organized court, or by order of the board when required for examination or investigation; any violation of this section shall constitute a misdemeanor, and each officer is charged with a knowledge of all books, papers, and documents, whatsoever, placed in his official charge.

SEC. 26. Whenever there shall be presented to the Board of Election Commissioners a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding state or city, county, state and county or city election, asking that an ordinance, to be set forth in such petition, be submitted to a vote of the electors of the city, the Board of Election Commissioners must submit such proposed ordinance to the vote of the electors at the next election.

The signatures to the petition need not all be appended to one paper, but each signer shall add to his signature his place of residence, and occupation. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements therein made are true, and that each signature to the paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The tickets used in such election shall contain the words, "For the Ordinance" (stating the nature of the proposed ordinance), and "Against the Ordinance" (stating the nature of the proposed ordinance).

If a majority of the votes cast upon such ordinance shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact; and upon such proclamation such ordinance shall have the same force and effect as an ordinance passed by the Trustees, and the same shall not be repealed by the Trustees. But the Trustees may submit a proposition for the repeal of such ordinance, or for amendments thereto, for vote at any succeeding election; and should such proposition, so submitted, receive a majority of the votes cast thereon at such election, such ordinance shall be repealed or amended accordingly.

SEC. 27. The Mayor shall preside at all meetings of the board, but shall not have the right to vote.

Ordinances and resolutions are the formal acts of the board reduced to writing and passed under legal restrictions governing action thereon; orders embrace all other acts, which, being less formal in character, require only to be duly passed by the board and spread upon the minutes. No order, resolution, or ordinance shall have effect without the approval of the Mayor.

In case of orders the approval shall be presumed, unless at the same meeting at which the order was passed, the Mayor causes his disapproval, with his reasons therefor, to be spread upon the minutes. All resolutions and ordinances after passage must be certified to by the president of the board, and the City Clerk, and shall be submitted to the Mayor, who shall within five days after he has received the same indorse his approval or disapproval thereon, giving the reasons for his disapproval in writing. If he shall sign the same it shall then become an ordinance, but if he shall disapprove the bill he shall state his objections thereto in writing. If the resolution or ordinance is not returned with such approval or disapproval within the time specified, it shall take the same effect as if he had approved the same; *provided*, that when any ordinance or resolution be referred to the Mayor for his approval, within ten days of the end of any term, if he fails to return the same to the board, with his approval or disapproval, within five days after he has received the same, it shall become a law as though he had approved it.

property of said city, for any purpose whatever; *be it further provided*, that nothing in this charter shall authorize, warrant, or empower said board to ever sell, lease, or assign, convey, mortgage, or hypothecate any part of, or interest in, the water system, or any property belonging thereto, or any rents or income therefrom, now belonging to the City of Vallejo or that may hereafter be acquired by said city, but the Board of City Trustees may rent, from year to year, such lands in Green and Wild Horse valleys, as they may think proper and that will not endanger the safety, supply, or quality of the water required for public use.

3. To make and enforce within the limits of the city, all necessary local, police, sanitary, and other laws and regulations.

4. Except as otherwise provided in this charter, or in the Constitution of the State of California, to regulate and control, for any and every purpose, the use of the streets, highways, wharves, piers, chutes, public thoroughfares, public places, alleys, and sidewalks of the city.

9. The Trustees may, on the written recommendation of the Commissioners of Public Works, change the grade of any street or street crossing in the manner and to the grade set out in such recommendation; but no grade shall be changed unless proceedings are taken by way of providing compensation to those who may suffer damages by such change of grade, and all such proceedings shall be taken in conformity with the provision of the general law of the State or this charter provided for the making of such improvements; *provided*, that the grade heretofore adopted by the Board of Trustees shall be and is hereby established as the grade of the streets and alleys of said city.

38. To allow any railroad to enter the city with its roads and run its cars to the water front at the most suitable point for public convenience. Every ordinance granting such right shall be upon the condition that said company shall pave and keep in repair the street within their tracks and two feet on each side thereof, in such a manner and with such material as may from time to time be prescribed by the Trustees, and that such company shall allow any other company to use in common with it the same track or tracks, each paying an equal portion for the construction and repair of the tracks and appurtenances used by such railway jointly.
39. The Trustees shall have no power to grant franchises or privileges for the construction and maintenance of bridges, wharves, docks or piers, or for the operation of ferries, or for the erection of poles or wires for transmitting electric power or for lighting purposes along or upon any public street or highway of the city, except upon all the conditions and in the manner prescribed by the general law of the State. The board shall at all times have the right to regulate the charges of any person, company, or corporation using, enjoying, or possessing such franchise or privilege; and must expressly provide that the franchise shall not be renewed or regranted; and that the whole of the stationary fixtures and improvements upon the public streets and highways of the city shall, upon the expiration or abandonment of the franchise, become the property of the city. No franchise shall be granted for the construction and maintenance of any wharf, or for the operation of any ferry for a period exceeding twenty years.
40. When, on the expiration of any franchise, it shall be deemed inexpedient by the Board to use any of the property reverting to it by reason of such expiration in the operation of such franchise, then the Board shall have the power to lease such property

to any person, company, or corporation after the notice, on the terms, and in the manner above provided, as to the granting of franchises, as far as the same may be applicable. But no ordinance authorizing such lease shall be passed prior to ninety days next preceding the expiration of such franchise; *provided*, that such lease shall not be for a longer term than ten years.

41. To provide for the sale at public auction, after advertising for five days, of personal property unfit or unnecessary for the use of the city.

42. The Board of Trustees may provide in the tax levy for the collection of a sum not greater than five hundred dollars, which sum shall be placed in a separate fund to be known as the "Emergency Street Repair Fund," and no greater amount shall be expended by the city in any one year for, or on the repair of, the unaccepted streets of the city, than is provided for in such fund.

46. The Board shall, during the first year after organization under this charter, and every three years thereafter, cause all ordinances then in force to be classified under proper heads, and shall provide for the publication of the same, together with this charter, in book form, and properly indexed.

47. No member of the Board of Trustees or any other board, nor any officer elected or appointed, or employé of the city, shall be or become directly or indirectly interested in or with the performance of any contract, furnishing of any supplies, work or business, or in the sale of any article, the expense, price, or consideration of which is payable from the city treasury, or in the purchase or lease of any real estate or property belonging to or taken by the city, or which shall be sold for taxes or assessment, or by virtue of legal process at the suit of the city. Any member of the Board of Trustees or of any other board, officer or employé of the city, violating the provisions of this section, or who shall be directly or indirectly interested in any franchise, right, or privilege granted by the city, while he is such member, officer, or employé, unless the same shall devolve upon him by law, shall forfeit his office and be forever disqualified from holding any position in the service of the city, and all contracts, or rights, or franchises granted in violation of this section shall be absolutely void.

48. The Board of Trustees shall appoint from its members a committee consisting of three to be denominated "Finance Committee," and shall fill all vacancies in the committee. The committee shall investigate the transactions and accounts of all officers having the collection, custody, or disbursement of public money or having the power to approve, allow, or audit demands on the treasury; shall have free access to any records, books, and papers in all public offices; shall have power to administer oaths and affirmations, and to examine witnesses, and compel their attendance before them by subpoena. The committee may at any time visit any of the public offices and make its examinations and investigations therein without hindrance.

The Finance Committee and the Mayor shall at least once a month count the money in the city treasury and report their findings to the Board of Trustees.

The committee must, at least once in every six months, examine the official bonds of all city officers, and investigate the efficiency and solvency of the sureties thereon, and report in writing the fact to the Mayor. Such reports shall specify each bond with the sureties, and the amounts for which each surety is bound, and state whether or not they are sufficient and solvent. Upon such report the Mayor shall take such action as shall be necessary to protect the city, and may require new bonds when necessary, and he may suspend any officer until a sufficient bond is filed and approved.

The Finance Committee shall have the power and it shall be its duty to examine the records and expert the books and accounts of all persons, companies, or corporations that are required to pay a portion of their gross receipts into the treasury; and shall likewise, as an aid to the fixing of rates for the furnishing water and light to the city and to the inhabitants thereof, have like power, and it shall be its duty to examine the records, and examine and expert the books of account of any and all persons, companies, or corporations so furnishing water and light.

In the exercise of its functions the concurrence of two members of the committee shall be deemed sufficient. The committee shall keep a record of its proceedings, with the names of the witnesses examined, and a substantial statement of the evidence taken. If, from the examination made by the committee, it shall appear that a mis-

demeanor in office, or a defalcation has been committed by any officer or employé of the city, the committee shall immediately report to the Mayor, who shall take such proceedings against such officer or employé as are authorized by law, and may suspend him pending such proceedings. Any police officer shall execute the process and orders of the committee.

49. All claims for damage against the city must be presented to the Board of Trustees and filed with the clerk within six months after the occurrence from which the damages are claimed to have arisen; otherwise, there shall be no recovery on any such claim.

50. To make by-laws and ordinances not repugnant to the Constitution of the United States, of this State, or the provisions of this charter.

51. To do and perform all other acts and things required by law or this charter not herein enumerated.

ARTICLE V.

FRANCHISES.

SEC. 29. No exclusive franchise or privilege shall be granted by the Trustees; and every grant of a franchise shall be subject to the right of the Board of Trustees at any time thereafter to repeal, change, or modify the said grant, and every ordinance making such grant shall contain a reservation of the right of the Board of Trustees to repeal, amend, or modify such ordinance.

SEC. 30. When an application is made for a franchise or privilege, by any person, company, or corporation, to the Board of City Trustees, said application must be accompanied by a sum sufficient to defray the preliminary expenses thereof.

Upon the receipt of such application the board shall consider the necessity of such franchise, or privilege; if it decides that such franchise or grant is a public necessity, or that it may be a public benefit, they shall, by resolution, advertise the fact that an application for such franchise or privilege has been made to the Board of Trustees, together with a statement that it is proposed to grant the same, must first be advertised in one newspaper of said city. Such advertisement must state that bids will be received for such franchise and that it will be awarded to the highest bidder, and such advertisement must be published in such daily newspaper once a day for ten successive days (Sundays and legal holidays not included), and thirty full days must elapse after the date of such advertisement before the board shall take any further action on the matter.

The advertisement must state the character of the franchise or privilege proposed to be granted, the term of its continuance, that sealed bids or tenders will be received up to a certain hour on a day named therein, and the further statement that no bids will be received of a single sum or amount stated; but that all bids must be for the payment, in lawful money of the United States, of a stated per cent of the gross annual receipts of the person, partnership, or corporation, or other authority to whom the franchise is awarded, arising from its use, operation or possession.

Every proposal submitted shall contain a check payable to the Mayor of the City, certified by a responsible bank, equal in amount to that named by the Board of Trustees in the advertisement calling for said bids.

The Board of Trustees must grant the franchise to the highest bidder; *provided*, that nothing in this section shall prevent the Board of Trustees from rejecting any or all bids whenever they may think that it would be for the best interests of the city to do so.

On the opening of said bids the board shall order all checks returned to the proper parties, except the check of the highest bidder, which shall be retained until the bond is filed with the clerk of the Board of Trustees with two good and sufficient sureties, to be approved by the Board of Trustees, in the penal amount as prescribed and set forth in the advertisement for bids, conditioned that such bidder shall well and truly observe, fulfill, and perform each and all of the terms, conditions, and obligations of such franchise; such bond must be filed with the clerk of the board within twenty days after the award of said franchise. Should said highest bidder fail to file the required bond in the stipulated time the board must order the check forfeited to the city; when the bond is furnished within the required time, the check shall be returned to the party furnishing the same.

SEC. 31. No franchise can be surrendered without the consent of the Board of Trustees; *provided*, that on the application of the Mayor or a majority of the Board of Trustees it shall be the duty of the Attorney-General to sue for a forfeiture of any franchise granted when it is alleged by them in such suit non-compliance with the terms of such franchise or privilege.

Any member of the Board of Trustees who by his vote violates, or attempts to violate the provisions of this article, or any of them, shall be guilty of a misdemeanor and of malfeasance in office, and be deprived of his office by the decree of a court of competent jurisdiction, after a trial and conviction.

SEC. 32. No person, company, or corporation shall ever collect tolls or charges on any wharf, pier, or slip, extending out of the City of Vallejo, except they have first received from the city, in the manner set forth and prescribed in this article, a franchise or privilege granting them the right to collect tolls and charges on such wharf, pier, or slip.

SEC. 33. All franchises or privileges granted or awarded from which a per centum of the gross annual earnings of the person, company, or corporation is required to be paid to the city, shall contain a provision that said person, company, or corporation, shall keep a correct account of all earnings of such person, company, or corporation, arising from the use, operation or possession, of the same, in a set of books kept for that pur-

pose, and said books shall be at all times open and subject to the inspection of any agent of the city appointed or empowered by said city to make an inspection of said books and accounts.

SEC. 34. All franchises or privileges now existing, or that may hereafter be awarded, shall be declared forfeited whenever it is shown that they have not been in use for a period of six months, except the person, company, or corporation to whom the same has been awarded shall obtain from the Board of Trustees an extension of the time ; *provided*, that no more than one extension shall be in any case granted ; and said extension shall not be for a longer period than six months.

SEC. 35. Any ordinance granting a franchise, or authorizing a lease under the provisions of subdivision forty of section twenty-eight of this charter, shall be in force from and after the expiration of thirty days from the date of its passage by the Trustees, unless within said thirty days a petition signed by a number of the electors of the city equal to fifteen per centum of the votes cast at the last preceding election shall have been filed with the Trustees, asking that said ordinance be submitted to the vote of the people. In such cases said ordinance shall be submitted at the next election to the vote of the electors of the city, and unless said ordinance shall at said election receive in its favor a majority of all the votes cast thereon, it shall have no force or effect for any purpose. If a majority of the votes be in favor of such ordinance, the Board of Election Commissioners shall, on the conclusion of the canvass of the vote thereon, proclaim such fact, and upon such proclamation said ordinance shall have full force and effect as of the date aforesaid. Said petition and submission shall be made in accordance with the provisions of section twenty-six of this charter.

ARTICLE VI.

He shall take special care to see that the books and records of said departments, boards, officers, and persons are kept in legal and proper form. Any defalcation, or willful neglect of duty, or official misconduct which he may discover, or which may be reported to him, shall be laid by him before the Board of Trustees, in order that the public interests may be protected, and the person in default be proceeded against according to law. He shall, from time to time, give the Board of Trustees information, in writing, relative to the state of the city, and shall recommend such measures as he may deem beneficial. He shall have the books and records of all public departments pertaining to the finances of the city experted by a competent person at least once in every year. Any person refusing to submit to or permit such examination, or purposely delaying or impeding the same, may be suspended from office by the Mayor, and removed for malfeasance in office. He shall have a general supervision over all the departments and public institutions of the city, and see that they are honestly, economically, and lawfully conducted.

SEC. 36. He shall take all proper measures for the preservation of public order and the suppression of all riots and tumults.

SEC. 37. The Mayor, with the consent of the Board of Trustees, shall appoint all officers and fill all vacancies not otherwise provided for in this charter, and such appointees shall serve for the unexpired term ; and they shall possess the qualifications prescribed by this charter for eligibility in their respective offices.

SEC. 38. He shall see that all contracts and agreements with the city are faithfully kept and fully performed, and to that end shall cause legal proceedings to be commenced and prosecuted in the name of the city against all persons and corporations failing to fulfill their agreements and contracts, either in whole or in part. He shall have the general supervision of all city officers elected or appointed. He shall have power to suspend any city officer, except a member of the Board of Trustees, for a dereliction, neglect, or non-performance of duty, and shall immediately, in writing, report the same to the Board of Trustees ; after a hearing, if the Board of Trustees approve the suspensions, they shall declare the office vacant, or continue the suspension for such time as they may deem proper, and such vacancy shall be filled by the Mayor, subject to the approval of the Board of Trustees. It shall be the duty of every officer and person in the employ of the city, when it comes to his knowledge that any contract or agreement with the city, or with any officer or department thereof, or relating to the business of any office, has been, or is about to be violated by the other contracting party, forthwith to report to the Mayor all facts and information within his possession concerning such matter, and a willful failure to do so shall be cause for removal of such officer or employé, as in the case of malfeasance in office.

SEC. 39. The Mayor may, in writing, call special meetings of the Board of Trustees ; the call shall state the object of the meeting, and no business other than that stated therein shall be transacted.

SEC. 40. The Treasurer shall have been a citizen of the State and a resident and qualified elector of the city for at least five years next before his election; it shall be his duty to receive and keep all moneys that shall come to the city, by taxation or otherwise, and to pay the same out, on demands legally audited, in the manner provided for in this charter, and without such auditing he shall disburse no public money whatever, except the principal and interest on the public debt, when payable; he shall keep an accurate account of all his receipts and expenditures, under such rules and regulations as may be prescribed by ordinance; he shall make a monthly statement to the Board of Trustees of all his receipts and expenditures of the preceding month, and shall do all things required of him by this charter, or ordinance of said city.

As soon as suitable vaults and safes are provided, the Treasurer shall keep therein all moneys belonging to the city, and all public documents; he shall not thereafter, under any circumstances, deposit with or loan to any person, corporation, or bank, any of the money of the city, or allow the same, except in payment of demands against the city, to pass out of his custody.

SEC. 41. The Tax Collector and License Collector, as provided in this charter, is also the City Treasurer. Before the commissioners adjourn they shall compare the bids with the record made by the secretary, and shall thereupon, at said time, or at such other time, not exceeding twenty days thereafter, as the commissioners may adjourn to, award the contract to the lowest responsible bidder, except as otherwise herein provided.

Notice of such award shall forthwith be posted for five days by the secretary of the commissioners in some conspicuous place in the office of the commissioners.

The commissioners may reject any and all bids, and must reject the bid of any party who has been delinquent or unfaithful in any former contract with the city, and any bids other than the lowest responsible bid; and on accepting said lowest bid shall thereupon return to the proper parties the checks corresponding to the bids so rejected. If all the bids are rejected the commissioners shall return all checks to the proper parties,

and again invite sealed proposals, as in the first instance. The check accompanying the accepted bid shall be held by the secretary of the commissioners until the contract for doing said work, as hereinafter provided, has been entered into, whereupon said certified check shall be returned to said lowest bidder.

If said bidder refuses or fails to enter into the contract to do said work, as hereinafter provided, then the certified check accompanying his bid, and the amount therein mentioned, shall be forfeited to the city, and shall be collected and paid into the general fund. Neither the Commissioners of Public Works, nor the Board of Trustees, nor the Board of Education shall have power to relieve from or remit such forfeiture.

Sec. 84. If at any time it shall be found that the person to whom a contract has been awarded has, in presenting any bid or bids, colluded with any other party or parties for the purpose of preventing any other bid being made, then the contract so awarded shall be null and void, and no recovery shall be had thereon, and the commissioners shall advertise for proposals for a new contract.

Sec. 85. All contracts shall be drawn under the supervision of the City Attorney, and shall contain detailed specifications of the work to be done, the manner in which it shall be executed, and the quality of the supplies and material to be used. No change or modification in the plans or specifications shall be made after the proposals for doing the work have been called for.

Every contract entered into by the commissioners shall be signed by at least two of their members, and by the other contracting party, and attested by the City Clerk.

All contracts shall be signed in triplicate, and one of which with the specifications and drawings, if any, of the work to be done and the materials to be furnished, shall be filed with the Board of Education, when the work is done upon requisition of that board, and in other cases with the City Clerk; and one thereof, with said specifications and drawings, shall be kept in the office of the commissioners, and the other, with specifications and drawings, shall be delivered to the contractor.

At the same time with the execution of said contract said contractor shall execute to the city and deliver to the secretary of the commissioners, a joint and several bond in the sum named in the notice for proposals, with two or more sufficient sureties to be approved by the commissioners, or shall deposit with the secretary a certified check upon some solvent bank for said amount, for the faithful performance of said contract.

No surety on any bond shall be taken unless he be a resident and householder, or freeholder within the State, and worth the sum specified in the bond over and above all just debts and liabilities exclusive of property exempt from execution; and each surety shall justify and make and sign an affidavit to that effect, of which affidavit a form shall be printed on the bond. But when the amount specified in the bond exceeds three thousand dollars, and there are more than two sureties thereon, they may state in their affidavits that they are severally worth amounts less than that expressed in the bond, if the whole amount be equal to two sufficient sureties.

The contract for work shall specify the time within which the work shall be commenced and when to be completed, as was specified in the notice inviting proposals therefor. Upon the recommendation of the commissioners the Board of City Trustees may extend said time, but in no event shall the time for the performance of said contract be extended by the Board of Trustees more than sixty days beyond the time originally fixed for its completion.

In case of failure on the part of the contractor to complete his contract, within the time fixed in the contract, or within such extension of said time, as is herein provided, his contract shall be void, and the Board of City Trustees shall not pay or allow him any compensation for any work done by him under said contract. But the Commissioners of Public Works shall proceed to complete the work as provided in said contract, at the expense of said contractor and his sureties; *provided*, that the Board of Trustees shall order to be paid to the contractor or his sureties whatever balance may remain after the commissioners shall have completed the work as provided for in this section.

Sec. 86. The work in this article provided for must be done under the direction and to the satisfaction of the commissioners, and all materials and supplies furnished must be in accordance with the specifications, and to the satisfaction of said Board of Commissioners, and all contracts provided for in this article must contain a provision to that effect. When said contract shall have been completed to the satisfaction and acceptance of said Commissioners, they shall so declare by resolution, and thereupon said Commissioners shall deliver to the contractor a certificate to that effect.

Sec. 87. The commissioners of said board shall not, nor shall either of them, or any person employed in said department, be interested, directly or indirectly, in any contract for labor, works, supplies, or material, entered into by said board; nor shall either of such commissioners, officers, or employés be allowed to receive any gratuity or advantage from any contractor, laborer, or person furnishing labor or material for the same.

Sec. 88. Whenever the Commissioners of Public Works shall have perfected all preliminary work for the awarding of a contract for the furnishing of supplies, or the doing of any work, or the making of any improvement, said commissioners shall instruct their secretary to prepare a statement showing the nature and quantity of the supplies required, the work to be done, or the improvements to be made; such report must be accompanied by the proposed contract and a copy of all bids received, for the furnishing of the required supplies, doing the work, or making the improvements contemplated, to the Board of Trustees; said board shall then, or at its next meeting, consider

the matter, and may order the Commissioners of Public Works to accept the bid of the lowest responsible bidder and award to him or them the contract, or it may order said board to reject any and all bids, and to call for new proposals.

SEC. 89. Provided that nothing in this article shall be construed as clothing the Commissioners of Public Works with the power to award contracts, except by order of the Trustees, and said order must be by resolution or ordinance.

The Board of City Trustees shall, by ordinance, provide for the inspections of all public buildings, and no building shall be erected in the city, within the fire limits, until the plans and specifications for said building are submitted to the Commissioners of Public Works, who shall make a careful calculation as to the strength of all the various parts provided for in said plans. The commissioners must give a permit to the owner or contractor, before any building, either public or private, shall be allowed to be erected within the aforesaid limits; said permit must state that the plans and specifications for said building had been submitted to them for approval, and that all proper care had been taken for the protection of life and health, under all conditions.

SEC. 125. The members of the police force shall promptly and fully obey, enforce, observe, and cause to be obeyed and enforced, all lawful orders of their superiors and all rules and regulations of the Police Department. They shall be prompt and diligent in the detection of crime, the arrest of public offenders, with or without a warrant, the suppression of all riots, affrays, and disturbances of the peace, in the abatement of public nuisances, and the enforcement of the laws and city ordinances. It shall be the duty of each member of the police force to acquaint himself with the provisions of this charter, with all the ordinances of the city, and with all laws of the State defining public offenses and regulating criminal proceedings.

Special Policemen.

SEC. 126. In addition to the regular and extra police force, the Mayor may, at times when very large numbers of people, in addition to the permanent inhabitants, congregate in the city, appoint not to exceed five special policemen, to serve not to exceed two weeks, who shall receive the same compensation for their services as is paid to regular policemen. The Mayor may, also, by and with the consent of the Board of Trustees, upon the petition of any person, firm, or corporation, appoint at any time a special policeman for special service, to be paid for by such person, firm or corporation; provided, however, that the locality where such special policeman is to act shall be

described in the warrant of appointment; and *provided further*, that no such appointment shall be made until the Board of Trustees, by affirmative vote of at least three of its members, authorize the appointment of a special policeman for such locality. The policeman so appointed shall not receive any pay from the city. All special policemen shall possess all the powers and discharge all the duties of regular policemen, and be under the direction and control of the Chief of Police, and be subject to and obey all rules and regulations of the Police Department. The term of office of any special policeman shall not extend beyond one year, nor shall such special policeman continue to act as such for a longer period than one year, unless reappointed.

The Board of Trustees shall prescribe the badge of office and uniform to be worn by members of the police force; *provided*, they conform as nearly as practicable to those adopted by cities of the first and second class.

ARTICLE XVI.

Board of Health.

Sec. 127. The Board of Health shall consist of five members, two of whom shall be practicing physicians, who shall be appointed by the Board of Trustees.

Sec. 128. Regular meetings of the Board of Health shall be held once a month, and special meetings when called by the president or any three members, and all meetings shall be public; three members shall constitute a quorum for the transaction of any business.

Powers and Duties of the Board, and Officers.

Sec. 129. Said Board of Health shall have supervision of all matters appertaining to the sanitary condition of the city and public institutions thereof, and full powers are hereby given to said Board over all questions of foul or defective drainage, and of the disinfection and sanitary cleaning of the streets, alleys, cellars, cesspools, sewers, or nuisances of any description, and of low places within the city limits calculated to receive and retain unhealthy deposits.

Sec. 130. The Board of Health shall exercise a general supervision over and be the custodian of all death and cemetery records now belonging to the city, and they shall cause to be kept, in books prepared for the purpose, complete records of all deaths, interments in the city cemeteries, and births occurring in said city. They shall adopt such forms and regulations for the use of physicians, undertakers, and superintendents of cemeteries as in their judgment may be best calculated to secure reliable, vital, and mortality statistics in said city, and prevent the spread of contagious and infectious diseases. They shall have power to prevent or forbid communication with infected families or houses, and by the consent of the Mayor may provide the necessary attendants and supplies for the pesthouse.

Sec. 131. The Board of Trustees of the City of Vallejo shall, by ordinance or otherwise, provide for enforcing such orders and regulations as the Board of Health may from time to time adopt; and all expenses necessarily incurred by the Board of Health in carrying out the provisions of law and this charter shall be provided for by the Board of Trustees, who are hereby authorized and directed to make an appropriation therefor out of the General Fund.

President and Secretary—Duties.

Sec. 132. The Board of Health shall, upon its appointment, and annually thereafter, elect from its members a president and secretary. The secretary shall be a practicing physician and ex officio Health Officer of the city.

Sec. 133. The secretary shall see that the laws and ordinances of the city in relation to the public health and the regulations and orders of the Board of Health are properly enforced. He shall keep a full record of all the transactions of the Board of Health, as well as all records appertaining thereto, and issue all permits for burials or removals in any of the cemeteries of the city, and no interments shall be made therein, unless said Health Officer is satisfied of the correctness and reliability of the certificate of death, presented for his inspection. He shall have the powers of a police officer, and shall make an extended annual report to the Board of Health of the affairs pertaining to his office, including mortuary and other statistics, with such observations and recommendations in relation to the sanitary condition of the city as he may deem proper.

Health Officer.

Sec. 134. The Health Officer shall visit, once in each quarter, all public buildings and school-houses in said city. During such visits he shall examine the manner in which they are lighted, ventilated, and heated, and particularly as to their sanitary condition.

The Health Officer shall promptly report in writing to the superintendents or governing authorities of all schools the name and residence of every person sick with cholera, smallpox, scarlatina, diphtheria, or any contagious disease. Said superintendents when so notified must refuse admittance to the schools of any member of the household, one or more of whose inmates are sick from any of the aforesaid diseases. The person excluded shall be admitted on presenting a certificate from his or her attending physician, or from the Health Officer, that there is no longer any danger from contagion. When a case of contagious disease is reported to the Health Officer he may visit the premises where the person is, and when satisfied that said disease exists,

he shall place a yellow flag or conspicuous notice on said premises, which shall remain during the continuance of the disease on said premises.

The Health Officer may cause to be removed to a smallpox hospital any person in said city affected with smallpox. When a case of smallpox exists in any house, and the person so affected is not removed to said hospital or pesthouse, the Health Officer shall immediately place a quarantine flag on said premises, and may place a competent person in charge thereof, who shall see that a quarantine is strictly enforced so long as public safety requires.

The Health Officer shall vaccinate, free of charge, all persons applying to him.

Every member of the Board of Health may administer oaths on matters connected with the Health Department.

ARTICLE XVII.

ARTICLE XVIII.

FIRE DEPARTMENT.

SEC. 136. The Fire Department and all property belonging thereto shall be under the management and control of the Board of City Trustees.

The Board of Trustees shall provide all necessary apparatus and appliances for the extinguishment and location of fires.

Officers of the Department.

SEC. 137. The Fire Department shall consist of a Chief Engineer and two assistants, and such companies and foremen, firemen, and employes as the Board of Trustees may, by ordinance, from time to time determine to be necessary. The Chief Engineer and foremen of the several companies shall constitute a Board of Management of the Department, of which board the Chief shall be chairman.

All appointments and removals in the department shall be made by the Board of Trustees, upon recommendation of the Board of Management.

SEC. 138. The Board of Trustees shall prescribe the qualifications for membership in the department, provide rules and regulations for its government, determine the manner of their enforcement, and the penalties for their violation, and it shall be the duty of the Board of Management to see that said rules are enforced.

Chief—His Duties.

SEC. 139. The Chief Engineer shall be the executive officer of the Fire Department, and ex officio Fire Marshal of the city, and it shall be his duty to see that the laws, orders, rules, regulations, and ordinances concerning the department are observed and carried into effect; and he shall also attend to such duties as Fire Warden as may be prescribed by the Board of Trustees.

SEC. 140. The Chief Engineer and the Assistant Engineers while in the discharge of their duties shall be vested with all the powers of arrest and detention vested in police officers.

SEC. 141. The Chief Engineer and his assistants shall be elected by the members of the department. The officers of the several companies shall be elected by the members thereof.

SEC. 142. The salary of the Chief of the Fire Department and the manner of his election, and that of his assistants, shall remain as in this charter provided, until the department is reorganized, when the Trustees may, by ordinance, alter the same.

ARTICLE XIX.

REVENUE AND TAXATION.

SEC. 143. All property in the city, not exempt under the laws of the State or the United States, excepting property used exclusively for public schools, and such as may belong to the United States, the State, to Solano County, or to the city, is subject to taxation for municipal purposes. All taxable property must be assessed at its full cash value. The term "cash value" shall mean the amount at which the property would be appraised if taken in payment of a just debt due from a solvent debtor. Land and improvements thereon must be separately assessed. A mortgage, deed of trust, contract, or other obligation by which a debt is secured shall, for the purpose of assessment and taxation, be deemed an interest in the property affected thereby. In case of debts so secured, the value of the property, less the value of security, shall be assessed and taxed to the owner of the property, and the value of the security shall be assessed and taxed to the owner thereof, and the taxes so levied shall be a lien upon the property and security.

SEC. 144. The City Assessor must, between the first Mondays of March and July of each year, ascertain the names of all persons taxable, and of all property in the city subject to taxation, and must assess such property to the person by whom it was

owned or claimed, or in whose possession or control it was at noon on the first Monday of March next preceding; but no mistake in the name of the owner or supposed owner shall render the assessment invalid. In assessing solvent credits not secured by mortgage or trust deed, a reduction therefrom shall be made of debts due to bona fide residents of the State. The Assessor shall have power to, and he must exact from, each person a statement, in writing, under oath, setting forth specifically all the real and personal property owned by such person, or in his possession, or under his control, at noon on the first Monday in March. If any person, after demand made by the Assessor, neglects or refuses to give under oath the statement herein provided for, or to comply with the other requirements of this charter relating to assessments and taxation, the Assessor must make an estimate of the value of the property of such person, and the value so fixed by the Assessor shall not be reduced by the Board of Trustees.

SEC. 145. If the owner or claimant of any property, not listed by another person, is absent or unknown, the Assessor must make an estimate of the value of such property. If the name of the absent owner is known to the Assessor, the property must be assessed in his name; if unknown, the property must be assessed to "unknown owners."

SEC. 146. Any property willfully concealed, removed, transferred, or misrepresented by the owner thereof to evade taxation, must, upon discovery, be assessed at not exceeding ten times its value, and the assessment so made must not be reduced by the Board of Trustees. Any property discovered by the Assessor to have escaped assessment for the last preceding year, if such property is owned or controlled by the same person who owned or controlled it for such preceding year, may be assessed at double its value.

SEC. 147. On or before the twenty-fifth day of February of each year, the County Recorder shall furnish the City Assessor a list of all transfers of city property, and the amount thereof, also the names of all persons who have acquired property during the past year or since the last report has been submitted.

SEC. 148. The City Assessor must annually prepare an assessment book, with appropriate headings, alphabetically arranged, in which must be listed all property within the city subject to taxation; which assessment book must be completed by the Assessor on or before the first Monday of July. The Assessor shall also make a map book showing a plan of the various blocks of the city, and mark thereon, in each subdivision thereof, the name of the person to whom it is assessed. As soon as completed, the assessment book, together with the map book and statements, must be delivered to the City Clerk, who must immediately give notice thereof, and of the time the Board of Trustees will meet to equalize assessments, by publication in a daily newspaper published in the city; and in the meantime the assessment book must remain in his office for the inspection of all persons interested.

SEC. 149. The Board of Trustees must meet on the first Monday of July of each year to examine the assessment book and equalize the assessment. It must continue for that purpose from time to time, until the business of equalization is disposed of, but not later than the third Monday in July. The board has power, after giving notice, in such manner as it may by rule prescribe, to increase or lower any assessment contained in the assessment roll, so as to equalize the assessment of property and make it conform to the true value of such property in money. No reduction must be made in the valuation of any property unless the party affected thereby, or his agent, files with the board a written application therefor, verified by his oath, and showing the facts upon which such reduction is claimed. No reduction must be made unless such person, or his agent, attends or answers, under oath, all questions relating to the value of the property. The board may subpoena such witnesses and hear such other evidence in relation to the matter as it may deem proper.

SEC. 150. During the session of the board it may direct the Assessor to assess any taxable property that has escaped assessment, or to add to the amount, number, or quantity of property, when a false or incomplete list has been rendered, and to make and enter new assessments (at the same time cancelling previous entries) when any assessment made by him is deemed by the board so incomplete as to render doubtful the collection of the tax. The clerk of the board must record, in a book kept for that purpose, all changes, corrections, and orders made by the board, and must enter upon the assessment book all changes and corrections so made, and must, on or before the first Monday in August, deliver the assessment book, so corrected, to the City Auditor.

SEC. 151. The City Auditor, as soon as the assessment book is delivered to him by the clerk, must proceed to add up the valuations and enter the total valuation of each kind of property, and the total valuation of all property on the assessment book; and must, before the third Monday in August, report a statement thereof, in writing, to the Board of Trustees.

SEC. 152. The Mayor, City Collector, and City Auditor shall constitute a Board of Estimate, of which board the Mayor shall be chairman and the Auditor shall be secretary. It shall be the duty of said Board of Estimate, on or before the second Monday of August of each year, to prepare and transmit to the Board of Trustees, accompanied by estimates and reports from the various departments of the city government, an estimate of the probable necessities of the city government for the next ensuing fiscal year, giving the amount required to meet the sinking and interest fund for any and all outstanding debts, together with the amount needed for salaries, and the probable wants of all the departments of the city government in detail, and showing specifically the necessities of each of the several specific funds to be provided for in the treasury. The estimate shall also show, as nearly as may be, what amount of income and revenue

is likely to accrue to the treasury, and be collected, from fines, licenses, water rates, harbor dues, and all other sources of revenue, exclusive of taxes upon property, and shall give an estimate of what amount will be required to be levied and collected by tax upon all property in the city subject to taxation, in order to meet the necessities of such fiscal year. If such estimates shall show that an increased amount will be required in any specific fund over the amount required for such fund for the pending fiscal year, such estimates shall also state the reasons why such increase will be required. The salaries pertaining to the respective offices held by them shall be in full compensation for all services performed by the members of said Board of Estimate.

Sec. 153. The Board of Trustees shall annually fix the rate of taxation to be levied, and levy the taxes upon all property, both real and personal, in the city, necessary to raise sufficient revenue to carry on the various departments of the municipal government for the current fiscal year; *provided*, that the rate of taxation so levied shall not exceed in any year one dollar for each one hundred dollars upon the assessed value thereof, except for the payment of principal and interest of the bonded debt of the city, if any. Every tax has the effect of a judgment against the person, and every lien created by this charter has the effect of an execution levied against all property of the delinquent, and the judgment is not satisfied nor the lien removed until the taxes are paid or the property sold therefor. Every tax due upon personal property is a lien upon the real property of the owner thereof from and after twelve o'clock noon, of the first Monday in March in each year. Every tax due upon real property is a lien against the property assessed; and every tax due upon improvements on real property assessed to others than the real owner of the real property, is a lien on the land and improvements, which several liens attach at twelve o'clock noon, of the first Monday in March in each year.

Sec. 154. As soon as the Board of Trustees has fixed the rates of taxes for the year, the Auditor must compute and enter in a separate column in the assessment book, the respective sums, in dollars and cents, rejecting the fractions of a cent, to be paid on the property therein enumerated, and foot up the columns, showing the total amount of such taxes; and on or before the fourth Monday in September he must deliver said corrected and completed assessment book to the City Collector, and charge the Collector with the full amount of the taxes levied.

Sec. 155. Upon receipt by him of the assessment book, the Collector must publish, for at least five days, a notice in some daily newspaper published in the city, specifying:

First—That the taxes on all personal property, secured by real property, and one half the taxes on all real property, will be due and payable at the office of the City Collector on the first Monday in October, and will be delinquent on the last Monday in November next thereafter, at six o'clock p. m., and that unless paid prior thereto fifteen per cent will be added to the amount thereof, and that if said one half be not paid before the last Monday next thereafter, at six o'clock p. m., an additional five per cent will be added thereto; that the remaining one half of the taxes on all the real property will be payable on, or after, the first Monday in January next thereafter, and will be delinquent on the last Monday in April next thereafter, at six o'clock p. m., and that unless paid prior thereto five per cent will be added to the amount thereof.

Second—That all taxes may be paid at the time the first installment is due and payable.

Sec. 156. At any time after the duplicate assessment book has been received by the Tax Collector, and the taxes have become payable, the owner of any property assessed therein, who may claim that the assessment is void in whole or in part, may pay the same to the Tax Collector under protest, which protest shall be in writing, and shall specify whether the whole of the assessment is claimed to be void, or, if a part only, what portion, and in either case, the grounds upon which such claim is founded; and when so paid under protest, the payment shall in no case be regarded as a voluntary payment, and such owner may at any time within six months after such payment bring an action against the city in the Superior Court, to recover back the tax so paid under protest; and if it shall be adjudged that the assessment, or the part thereof referred to in the protest, was void on the ground specified in the protest, judgment shall be entered against the city therefor.

Sec. 157. The City Collector must mark the fact and date of payment or partial payment, as the case may be, in the assessment book opposite the name of the person assessed. He must also give a receipt to the person making the payment.

Sec. 158. On the last Monday in November of each year, at 6 o'clock p. m., all taxes then unpaid, except the last installment of the real property taxes, are delinquent, and thereafter the Collector must collect an addition of fifteen per cent thereon; *provided*, that, if they are not paid before the last Monday in April next succeeding, at six o'clock p. m., he shall also collect an additional five per cent thereon. On the last Monday of April of each year, at six o'clock p. m., all the unpaid portions of the remaining one half of the taxes on real property are delinquent, and thereafter the Collector must collect an addition of five per cent thereon; *provided*, that the entire tax on real property may be paid at the time the first installment is due; and *provided further*, that the taxes on all personal property unsecured by real property shall be due and payable immediately after the assessment of said personal property is made.

Sec. 159. On the second Monday in December of each year, the City Collector must attend at the office of the Auditor, with the assessment book, and the Auditor must

carefully examine the same, and if satisfied that the statements there appearing of the taxes due and unpaid, are correct, he must foot up the amount of all taxes so due and unpaid, and must settle with him for the taxes paid, and require from him the Treasurer's receipt therefor.

SEC. 160. On the third Monday in May of each year, the Collector must attend at the office of the Auditor, with the assessment book, and must furnish and deliver to the Auditor at said time a complete "delinquent list" of all persons and property then owing taxes, in which list must be set down in numerical or alphabetical order all matters and things contained in the assessment book and relating to the delinquent persons or property. The Auditor must carefully compare the "delinquent list" with the assessment book, and if satisfied that it contains a full and true statement of all taxes due and unpaid he must foot up the amount of taxes so remaining unpaid, and credit the Collector therewith, and must settle with him for the taxes and percentages therein, collected since the December settlement, and require from him the Treasurer's receipt therefor. After such settlement with the Collector, the Auditor must charge the Collector with the amount of taxes due on the delinquent list, with five per cent added thereto, and within three days thereafter deliver said delinquent list, duly certified, to such Collector.

SEC. 161. After April thirtieth, and on or before the second Monday of each year, the Tax Collector must notify all persons, or their agents, by mail where postoffice address can be obtained, that their taxes have become delinquent, the amount of said taxes, and that the property will be sold unless paid prior to the third day of July of said year.

SEC. 162. On or before the fifth day of June of each year, the Collector must publish the delinquent list, which must contain the names of the persons and a description of the property delinquent, and the amount of taxes and costs due, opposite each name and description, with the taxes due on personal property added to the taxes due on real estate, where the real estate is liable therefor, or the several taxes are due from the same person. The expense of the publication shall be a charge against the city. The Collector must append to and publish with the delinquent list, a notice that unless the taxes delinquent, with the costs and percentages, are paid, the real property upon which such taxes are a lien will be sold at a time and place designated in the notice. The time of sale must not be less than twenty-one nor more than twenty-eight days from the first publication, and the place of sale must be at the City Tax Collector's office in the City of Vallejo. The publication must be made once a week for three successive weeks in one daily newspaper, or supplement thereto, published in the city. A copy of the publication, with the affidavit of the Collector attached thereto that it is a true copy of the same, that the publication was made in a newspaper, or supplement thereto, published in the city, and the date of each appearance, shall be filed with the City Auditor, which affidavit shall be prima facie evidence of all the facts therein stated.

SEC. 163. The City Collector must collect, in addition to the taxes and percentages due on the delinquent list, fifty cents on each tract of land separately assessed, as costs for preparing the lists.

SEC. 164. On the day and hour fixed for the sale, all the property delinquent, upon which the taxes of all kinds, penalties, and costs have not been paid, shall, by operation of law and the declaration of the Tax Collector, be sold to the city, and said Tax Collector shall make an entry, "Sold to the City," on the delinquent assessment list, opposite the tax, and he shall be credited with the amount thereof in his settlement, made pursuant to law; *provided*, that on the day of sale the owner or person in possession of any property offered for sale for taxes due thereon, may pay taxes, penalties, and costs due.

SEC. 165. Immediately upon completion of the sale provided for in the preceding section, the Tax Collector must transmit to the Auditor and Assessor a statement or report in proper form, showing in detail each sale wherein the city became such purchaser.

SEC. 166. The Tax Collector must make out a certificate of delinquent tax sale for each piece or tract of land sold, dated on the day of the sale, stating (when known) the name of the person assessed, a description of the land sold, that it was sold for delinquent taxes to the city, and giving the amount and year of the assessment, and specifying when the city will be entitled to a deed.

SEC. 167. A redemption of the property sold may be made by the owner, or any party in interest, within five years from the date of sale to the city, or at any time prior to the entry or sale of said land by the city, in the manner provided by the following section herein.

SEC. 168. In all cases where real estate has been or may hereafter be sold to the city for delinquent taxes, and the city has not disposed of the same, the person whose estate has been or may hereafter be sold, his heirs, executors, administrators, or other successors in interest, shall, at any time after the same has been sold to the city, and before the city shall have disposed of the same, have the right to redeem such real estate by paying to the City Treasurer the amount of taxes due thereon at the time of said sale, with interest thereon at the rate of seven per cent per annum; and also all taxes that were a lien upon said real estate at the time said taxes became delinquent; and also for each year since the sale for which taxes on said land have not been paid an amount equal to the percentage of taxes for that year upon the value of the real estate as assessed for that year; or, if not so assessed, then upon the value of the property as assessed in the year nearest the time of such redemption, with interest from the first day of January of each of said years, respectively, at the same rate, to the time of redemption; and also all costs and expenses of such redemption, as hereinafter specified,

the penalties as follows, to-wit: Ten per cent, if redeemed within six months from date of sale; twenty per cent, if redeemed within one year therefrom; forty per cent, if redeemed within two years therefrom; sixty per cent, if redeemed within three years therefrom; eighty per cent, if redeemed within four years therefrom; and one hundred per cent, if redeemed within five years or any greater number of years therefrom. The penalties shall be computed upon the amount of each year's taxes in like manner, reckoning from the time when the lands would have been sold for the taxes of that year, if there had been no previous sale thereof. The Auditor shall, on the application of the person desiring to redeem, make an estimate of the amount to be paid, and shall give him duplicate certificates of the amount, specifying the several amounts thereof, which certificates shall be delivered to the Treasurer, together with the money, and the City Treasurer shall give duplicate receipts, written or indorsed upon said certificates, to the redemptioner, who shall deliver one of said receipts to the City Auditor, taking his receipt therefor. The City Treasurer shall settle for the moneys received as for other city moneys. Upon the payment of the money specified in said certificate, and the giving of the receipts aforesaid by the Treasurer and Auditor, any deed or certificate of sale that may have been made to the city shall become null and void, and all right, title, and interest acquired by the city, under and by virtue of the tax sale, shall cease and determine. The receipts of the City Treasurer and City Auditor may be recorded in the Recorder's office of the County of Solano, in the book of deeds, and the record thereof shall have the same effect as that of a deed of conveyance of the interest conveyed by such deed or certificate of sale.

SEC. 169. If the property is not redeemed within the time allowed by law for its redemption, the Tax Collector, or his successor in office, must make the city a deed of the property, reciting in such deed the name of the person assessed (when known), the date of the sale, a description of the land sold, the amount for which it was sold, that it was sold for delinquent taxes, giving the assessed value and the year of assessment, the time when the right of redemption had expired, and that no person has redeemed the property in the time allowed by law for its redemption. No charge shall be made by the Tax Collector for the making of any such deed, and the acknowledgment of all such deeds shall be taken by the City Clerk free of charge. All such deeds shall be recorded in the office of the County Recorder of Solano County. The City Clerk shall provide uniform blank deeds, upon which all conveyances to the city under the provisions of this section shall be made. All such deeds, after being duly recorded, as herein provided, shall be forwarded by the County Recorder to the City Clerk. The City Clerk shall record all such deeds in a book to be provided for that purpose, in which book a marginal space shall be left to show the subsequent disposition of the property by the city.

In all cases where land has heretofore been sold to the city for delinquent taxes, the deed therefor shall be made to the city within one year after this charter takes effect; *provided*, five years shall have elapsed after the date of such sale.

SEC. 170. The City Collector shall, after the first Monday in February of each year, collect the taxes due on personal property, except where real estate is liable therefor, by seizure and sale at public auction of any property owned by the delinquent. The sale must be made, after five days' notice, given by publication or by posting in three public places in the city, and must be of a sufficient amount to pay the taxes, percentages, and costs. For seizing and selling personal property, the Collector may charge, in each case, the sum of three dollars costs. On payment of the price bid, the delivery of the property, with a bill of sale, vests the title in the purchaser. All excess over the taxes, percentages, and costs of proceeds of any property sold must be returned to the owner, and, until claimed, must be deposited in the city treasury for his benefit. The unsold portions of the property seized may be left at the place of sale at the risk of the owner.

SEC. 171. The City Collector must, on the second Monday of July of each year, attend at the office of the City Auditor with the delinquent list, and the Auditor must then carefully compare the list with the assessments of persons and property not marked "paid" on the assessment book, and when taxes have been paid must note the fact in the appropriate column in the assessment book. The Auditor must then administer to the Collector an oath, to be written and subscribed on the delinquent list, that every person and all property assessed on the delinquent list, on which taxes have been paid, has been credited in the list with said payment, and that the taxes not marked "paid" have not been paid, and that the Collector has not been able to discover any property of the persons liable to pay the same, out of which to make the collection. The Auditor must then foot up the amount of taxes unpaid, and credit the Collector therewith, and have a final settlement with him; and the delinquent list must remain on file in the Auditor's office. Interest must be collected on all such delinquent taxes, at the rate of one per cent per month from the time delinquent until paid.

SEC. 172. Any taxes, percentages, or costs, erroneously or illegally collected, may, by order of the Board of Trustees, be refunded by the Treasurer.

SEC. 173. The Assessor, between the first Monday in March and the first Monday in July of each year, must collect the taxes on all personal property, when the owner thereof has no real estate, or when, in his opinion, said taxes are not a lien on real property sufficient to secure the payment; he may enforce such collection by seizure and sale of any personal property owned by the person liable to pay the tax. Such seizure and sale shall be conducted in the same manner as provided to be done by the Collector by section one hundred and seventy hereof. The Assessor and Collector are

governed as to the amount of taxes so collected on personal property, by the rate of the previous year. When the rate is fixed for the year in which the collection is made, then, if a sum in excess of the rate has been collected, the excess shall be repaid by the Treasurer to the person from whom it was collected, and if a sum less than the rate has been collected, the deficiency must be collected, as are other taxes on personal property.

SEC. 174. The Assessor must settle with the City Treasurer and pay into the treasury, daily, the personal property taxes collected by him, and the Auditor must, as soon as the assessment book for the year comes into his hands, note opposite the name of each person from whom taxes have been so collected, the amount thereof, and as soon as the rate for the year is fixed, he must also note on the assessment book, in connection with the previous entry, the amount of excess or deficiency.

SEC. 175. Omissions, errors, or defects of form in the assessment book, or in the delinquent list, may, with the written consent of the City Attorney, be supplied or corrected by the Assessor at any time prior to the sale for delinquent taxes. In the assessment, advertisement, and sale of taxes, initial letters, abbreviations, and figures may be made use of, and no assessment or act relating to the assessment or collection of taxes is illegal on account of informality, nor because the same was not completed within the time designated.

SEC. 176. All taxes assessed before this charter takes effect must be collected at the time provided for, and under the laws in force at the time the assessment was made, and all such taxes shall be valid and collectible the same as if this charter had not been adopted.

SEC. 177. Should the Board of Trustees at any time deem it necessary for the interest and protection of the city at large, or any portion thereof, or the property or health of the citizens thereof, or any other matter or thing, the object of which would be to advance the interests of the city, to contract and create any debts or obligations against the city for materials furnished and labor and services performed without having the funds in the treasury to pay the same, the said Board of Trustees may enter into contracts, and create debts or obligations, without interest, and are hereby empowered and authorized to levy and collect a special tax, annually or in one levy, to pay such debts and obligations so created, and provide the mode and manner of their payment; *provided*, that no such debts, obligations, or claims shall be contracted or created against the city without first having been voted upon by the qualified electors thereof, unless expressly provided by this charter. Notice shall be given of such elections by publication for not less than two weeks theretofore in one daily newspaper published in the city, in which notice the contemplated repairs or improvements, and the cost or estimated cost of the same, and the manner it shall be paid for, shall be distinctly stated. If two thirds of the votes cast at such election be in favor of the proposition named, then the board shall be authorized to proceed with the work, and to create the liability against the city to the extent so voted for. For all debts and obligations so contracted and created the said board shall issue warrants therefor, under the seal of the city, and specifying therein the date of election by which the issuance thereof was authorized and the total amount of warrants then issued under and by virtue of such authority.

SEC. 178. The aggregate amount of the bond and floating debt of the city shall never be allowed to exceed ten per cent of the value of all the real and personal property of the city, as shown on the last preceding assessment roll of the city.

ARTICLE XX.

IMPROVEMENT OF STREETS.

Public Streets.

SEC. 179. All streets, lanes, alleys, places, and courts in said City of Vallejo, now open or dedicated to public use, and of which the grade and width have been legally established, shall be deemed and held to be open public streets for the purposes of this article.

Expense of Work.

SEC. 180. The cost and expense of all work or improvements done upon any part of said streets, lanes, alleys, places, or courts, under the orders of the Board of City Trustees, shall be borne and paid for as follows:

First—The city shall pay out of the General Fund the cost and expense of all work done upon street crossings and intersections of streets, that have been or may be accepted by the city, after the acceptance of the same; of all work done in front of or that may be assessed to property owned by the city, or any of the departments thereof.

Second—The cost and expense of all grading, macadamizing, paving, planking, piling, and capping any street or portion thereof, and all curbs and gutters thereon, shall be assessed upon lands within the block or blocks adjacent thereto, as herein provided.

Third—The expense of all work on such portion of any street required by law to be kept in order by any person, company, or corporation having railroad tracks thereon, shall be borne and paid by such person, company, or corporation.

No assessments shall be levied upon any property, which, together with all assessments for street improvements that may have been levied upon the same property during the year next preceding, will amount to a sum greater than fifty per cent of the value at which said property was assessed upon the last assessment book of said city.

Accepting Streets.

SEC. 181. When any street or portion of a street, not less than one block, or any entire crossing shall have been paved with stone, or with such material as may be recommended by the Commissioners of Public Works and approved by the Board of Trustees, by ordinance, throughout the entire width of the roadway thereof, and curbs of stone and sidewalks shall have been constructed thereon, and a brick sewer or ironstone pipe shall have been constructed, as may have been adopted by said board, the same shall be accepted by the Board of Trustees, upon the recommendation of said commissioners, and all improvements of said streets, except for sidewalks, shall thereafter be done at the expense of the city. The Board of Trustees shall not accept any sidewalk or incur any liability against said city for the construction or repair of any sidewalk, except in front of or with respect to public property.

Applications for Street Work.

SEC. 182. When application is made to said board for any work or improvement, the cost and expense of which, or any part thereof, is to be assessed upon private property, the board shall investigate the same, and if it determine that such improvement is expedient, it shall so report to the Board of Trustees, and the Board of Trustees shall not order any such improvement until the same has been recommended by the Commissioners of Public Works. The commissioners may also, except as herein prohibited, recommend any improvement, the cost and expense of which is to be paid by the city, though no application may have been made therefor; and must make, with said recommendations to the Board of Trustees, an estimate of the expense, and in such case the Board of Trustees may order the same done.

When said board shall recommend any work to be done on a street intersection or crossing, where the streets do not intersect each other at right angles, it shall in each case determine what lots in the blocks adjacent to such intersection or crossing will be benefited by said work, and shall cause a map to be made on which shall be delineated the lots so to be benefited. Said map shall be transmitted to the Board of City Trustees with such recommendation. The commissioners shall not recommend, nor the Board of Trustees shall not authorize, any work to be done, or any improvements to be made on any street, lane, alley, court, or place in front of private property, except the cost of all work to be done, or improvements to be made, including incidental expenses, shall be assessed to the property so improved, except otherwise provided in this charter.

SEC. 183. The Commissioners of Public Works may recommend the making of any repairs or improvements that they may deem necessary for the public good, but before recommending to the Board of Trustees the ordering of any work or improvement, the cost and expense of which, or any part thereof, is to be assessed to private property, said commissioners shall pass a resolution of their intention to recommend the same, specifying the work to be recommended, and shall fix a day when they shall take final action upon such resolution, and within ten days thereafter the secretary of said commissioners shall, without any further authority, cause a copy of said resolution to be published in one newspaper for a period of ten days. Said Board of Commissioners shall cause to be conspicuously posted along the line of said contemplated improvements, at points not more than one hundred feet distant apart, notices, not less than three in all, of the passage of said resolution. Each of said notices shall be headed, "Notice of Street Work," in letters of no less than two inches in length, and shall, in legible characters, state the fact of the passage of said resolution, its date, and briefly, the work of improvement proposed, and refer to resolution for particulars.

SEC. 184. At any time within ten days after the first publication of said resolution of intention, the owner of, or any person interested in, any lot liable to be assessed for the proposed improvement, may file with the secretary of the commissioners his objection to said improvement, stating briefly the ground thereof; and if at any time within said period of ten days the owners of a majority of the frontage of the lands liable to be assessed for said improvement shall file written objections to the same, the commissioners shall not recommend the ordering of said improvement, and shall not, within six months thereafter, pass any resolution of their intention to recommend the same, unless prior thereto they shall receive a petition therefor signed by the owners of a majority of the frontage of the lands liable to be assessed for said improvement.

Upon the day fixed in their resolution of intention for final action thereon, or at their next regular meeting, the commissioners shall consider and pass upon said objections.

If the commissioners shall consider that the objections are sufficient, they shall adopt a resolution to that effect, and shall not recommend the ordering of said improvement. If they shall consider that said objections are not sufficient, or if no objections are filed, the commissioners may recommend the ordering of said improvement, and must, with their recommendation, transmit to the Board of Trustees all objections to such recommendation that may have been filed.

At the next regular meeting after receiving from said commissioners their recommendations of such improvement, or at such time within thirty days thereafter, to which the hearing thereof by the Board of City Trustees may be postponed, the Board of City Trustees shall act upon such recommendation; and if any objections to the ordering of such improvement have been transmitted with said recommendations they shall consider and dispose of said objections before passing upon said recommendation. If the Board of Trustees shall consider the objections, or any of them, sufficient, it shall so declare by resolution. If the Board of Trustees consider the objections insufficient, it may, by ordinance, order the work or improvement done. Their action on said recom-

recommendation must, in each case, be certified to the secretary of the Commissioners of Public Works, and the secretary shall thereupon enter the facts so certified in his records of street work.

Street Assessments.

SEC. 185. When any work in or upon any public street shall have been completed according to contract, the commissioners shall make an assessment to cover the sum due for the work performed and specified in the contract, including all incidental expenses, in conformity with this article, according to the nature and character of the work; which assessment shall briefly refer to the contract, the work contracted for and performed, and shall show the amount to be paid therefor, together with any incidental expenses, the rate per front foot assessed, the amount of each assessment, the name of the owner of each lot, if known to said commissioners, and if not known the word "unknown" shall be written opposite the number or letter of each lot assessed, and shall have attached thereto a diagram exhibiting the street or streets crossing on which the work has been done, and showing the relative location of each distinct lot to the work done, numbered to correspond with the number in the assessment, and showing the number of front feet assessed for such work. A mistake in the name of the owner shall not invalidate the assessment.

SEC. 186. After making said assessment said commissioners shall cause notice thereof to be published for five days, and to be delivered to the owner of each lot assessed, which notice shall state the day and hour when the commissioners will at their office take final action upon said assessment. If any of said lots are unoccupied said notice shall be posted in a conspicuous place upon said lots.

SEC. 187. If the owner of any lot affected by said assessment is dissatisfied with the action of the commissioners as to said assessment, he may appeal to the Board of City Trustees at its next regular meeting, or at any time within ten days after such final action, by filing with the secretary of the Commissioners of Public Works a notice of such appeal, and thereupon the secretary shall, within two days after receiving such notice of said appeal, transmit said assessment and diagram, with said objections and notice of appeal, to the Board of Trustees, and said board shall, in not less than ten days from the receipt thereof, consider and determine the sufficiency of said objections.

If it shall determine that said objections are well taken, it shall direct the Commissioners of Public Works to modify or change said assessment in the particulars wherein it is erroneous, and thereupon the like proceedings shall be had in making the assessment as in the first instance.

If the Board of City Trustees shall determine that the objections to the assessment are not well taken, the clerk of said board shall certify such determination upon said assessment, and return said assessment so certified to the Commissioners of Public Works, and thereupon said assessment shall become final and conclusive.

When said assessment shall have become final and conclusive, it, together with the diagram of the lots assessed, shall be recorded in the book of assessments, to be kept in the office of the Commissioners of Public Works for that purpose, and the record thereof shall thereupon be signed by the President and Secretary of said board, and thereafter the assessment shall be a lien upon the respective lots assessed until the same is canceled or discharged as provided in this article, if not otherwise provided for in this charter.

SEC. 188. The expense incurred for any work authorized by this article, except for such portion of any street as is required by law to be kept in order or repair by any person, company, or corporation having railroad tracks thereon, shall be assessed upon the lots and land fronting thereon, except as herein otherwise specifically provided; each lot or portion of a lot being separately assessed in proportion to its frontage at a rate per front foot sufficient to cover the total expense of the work.

Street Crossings.

SEC. 189. The expense of the work on all street crossings where the streets intersect each other shall be paid by the city out of the Street Fund.

Other Street Work.

SEC. 190. The expense of all other work, not herein specifically provided for, shall be assessed according to such rules and regulations as the Commissioners of Public Works may have prescribed prior to the recommendation of said work.

Manner of Making Assessments.

SEC. 191. In making an assessment the Commissioners of Public Works shall act as a board, and the assessment shall be authenticated by the signature of a majority of said commissioners as "Commissioners of the Board of Public Works," and every assessment so authenticated and recorded in the book of assessments shall be prima facie evidence of the correctness and regularity of all proceedings of said commissioners and of the Board of Trustees prior to the date of such record.

SEC. 192. Upon the recording of an assessment as aforesaid, the president and secretary of the Commissioners of Public Works shall sign a warrant for its collection, and thereupon said assessment and diagram, with the warrant attached thereto, shall be delivered to the Tax Collector of said city for collection, who shall immediately give notice thereof by publication for ten days, except otherwise provided for in this charter. Said notice shall set forth in general terms the locality and character of the work or im-

provement for which the assessment was made, and shall notify all persons interested that a warrant for its collection has been given to said Tax Collector, and that unless payment is made within thirty days from the first publication of said notice the property so assessed will be sold to satisfy said assessment, if not otherwise provided for in this charter.

Sec. 193. When the assessment upon any of the lots delineated on said diagram shall be paid, the Tax Collector shall write the word "paid," together with the date of payment, opposite the number of said lot upon the assessment, and shall give to the person paying the same a receipt therefor, showing upon which lot said payment was made, and shall report the payment of said assessment to the secretary of the Commissioners of Public Works. Upon presentation of said receipt to the secretary of the Commissioners of Public Works he shall immediately enter upon the records of such assessment the fact and date of such payment.

Sec. 194. After the expiration of thirty days from the first publication of said notice by the Tax Collector, the assessment therein named shall be delinquent, and within twenty days thereafter, having published a notice for ten days, he shall sell the land upon which said assessments are delinquent. He shall add to the amount of the assessment on each lot its portion of the cost of advertising said sale. After making such sale the Tax Collector shall return the assessment and warrant, with a report of his doings indorsed thereon, to the office of the Commissioners of Public Works, and the secretary of said commissioners shall forthwith note in the record of said assessment, and opposite the number of each lot sold, the fact of payment or of the sale of said lot by the Tax Collector, together with the date and name of said purchaser. Said report of the Tax Collector shall be prima facie evidence of the correctness of all the proceedings taken by him in the matter of collecting said assessments.

Sale of Property for Delinquent Assessments.

Sec. 195. The general revenue law of the city, in force at the time of said sale, in reference to the manner of sale of property for delinquent taxes, the execution of certificates of sale and deeds therefor, the force and effect of such certificates and deeds, and the provisions of said laws, in relation to the redemption from tax sales, except as herein otherwise provided, shall be applicable to the proceedings for the sale of land for delinquent assessments.

Payment of Contractor.

Sec. 196. When said sale is completed, the contractor shall present his demand for the work done under his contract, to the Commissioners of Public Works, who shall act upon the same; if the said commissioners approve said demand, or any part thereof, the same must then be presented to the Board of Trustees, who shall pass on the same, and when audited by the Auditor, shall be paid by the Treasurer, out of the street fund; *provided*, that at any time before said sale, the Commissioners of Public Works, under such regulations as they may establish, may allow partial payments to be made to the contractor, as the work progresses, not to exceed twenty-five per cent of the value of the work done by the contractor at the time.

Planking, Paving, and Macadamizing.

Sec. 197. The Commissioners of Public Works may at any time, without application therefor, recommend to the Board of Trustees to order the planking, paving, or macadamizing of the portion of any street required by law to be planked, paved, or macadamized, by the person, company, or corporation having railroad tracks thereon. Upon such recommendation the Board of Trustees may, by ordinance, order such work to be done, and direct said commissioners to notify said person, company, or corporation of the fact of the passage of such ordinance. The secretary of the said commissioners shall thereupon forthwith, in writing, notify said person, company, or corporation of the passage of said ordinance; and if said person, company, or corporation shall not, within ten days after receiving said notice, commence in good faith to do said work, and prosecute the same diligently to completion, said Commissioners of Public Works shall invite sealed proposals for doing said work in the manner provided in the article on powers and duties of the Commissioners of Public Works, and all the provisions of said article in regard to such proposals, to the awarding of contracts, to the execution of contracts, and the doing of public work, shall apply to all similar proceedings taken under this section. On the completion of the work to the satisfaction of said commissioners, the contractor shall be entitled to recover from such person, company, or corporation, the contract price for the cost and expense of said work, together with incidental expenses, in an action instituted in a court of competent jurisdiction. On the trial of such action the certificate of said commissioners of the completion of said work to their satisfaction shall be prima facie evidence of the regularity of all proceedings prior thereto, and of plaintiff's right to recover in said action.

Improvement Must Extend Full Width.

Sec. 198. No ordinance for improvement of any street, other than for sewers, sidewalks, and curbs, except for the improvement of the streets constituting or lying along the water front of said city, and except for such work as is provided for in the last preceding section, shall be passed by the Board of Trustees without extending the said improvement throughout the whole width of said street.

Definitions.

SEC. 199. Whenever in this article the word "street" occurs it shall be held to include all streets, lanes, alleys, places, and courts which have been, or may be hereafter, dedicated to public use, and whose grade and width have been legally established; and the grade of all intermediate or intersecting streets in any one block shall be deemed to conform to the grades as established at the crossing of the main streets. The word "improvement" shall be held to include grading, paving, planing, macadamizing, piling, and capping; and the construction and repair of public buildings, wharves, sewers, cesspools, manholes, culverts, drains, sidewalks, and curbs. The term "main street" shall mean such street or streets as bound a block, and the term "street" shall include crossing. The word "block" shall mean the blocks known or designated as such upon the maps and books of the Assessor. The word "pave" shall include any pavement of stone, iron, wood, or other material which the Board of Trustees may, by ordinance, order to be used. The term "expense" shall include the price at which the contract was awarded, and the term "incidental expense" shall include all expenses incurred in printing and advertising the work contracted for; charges for advertising shall be no greater on any work, or any part of any work, ordered done by the Board of City Trustees, or any other board having authority to order work done, than is charged for what is known as "city printing," and no board or court shall allow any greater charge to be collected.

All notices and resolutions required in this article to be published shall be published daily in one newspaper published in the city, for the full period required by the ordinance providing for the said publication; *provided*, that Sundays or legal holidays shall not be counted as days of publication.

The affidavit by the publisher of the newspaper in which the notice was published, or of his clerk, of the publication of any notice required in this article to be published, shall be prima facie evidence of such publication.

Changing Grade of Accepted Streets.

SEC. 200. When any street shall have been graded, paved, or otherwise improved in accordance with the terms of this charter, and the costs of said improvements shall have been paid by the owners of the lots or lands adjacent thereto, and such grading, paving, or other improvements shall have been accepted and established, no change shall be made in the grade of such street, unless on the petition of the owners of three fourths of the property fronting on said street. Upon the filing of said petition with the City Clerk, the Board of Trustees shall refer the same to the Commissioners of Public Works, which shall determine whether the improvement described would be a public benefit, and shall report their decision to the Board of Trustees. If the report of said board should favor granting the request of the petitioners, the Board of Trustees shall proceed in the manner specified hereinafter.

New Streets, Public Grounds, Etc.

SEC. 201. In all cases where land in said city shall be hereafter subdivided and laid out into blocks or plots, with lots, streets, and alleys, or where new streets or public grounds shall be laid out, opened, donated, or granted to the public by any proprietor, the map or plat thereof shall be submitted to the Commissioners of Public Works for their approval; and if the commissioners approve the same, such approval shall be by them indorsed upon said map or plat, and said map, with said approval, shall then be filed in the office of the Recorder of Solano County; and without such approval indorsed thereon no map or plat shall be filed in the office of said Recorder, or shall have any validity; nor shall any street, alley, or public ground hereafter opened and dedicated as such, become or be a public street or be subject to any public improvement or expense, without such approval, indorsement, and filing.

Emergency Repairs.

SEC. 202. Said commissioners shall cause to be made all urgent repairs upon accepted streets that may from time to time be requisite for public safety, and for that purpose may employ such laborers as may be necessary, and at such wages as is in this charter provided; but when the cost and expense of such repairs upon any accepted street, or portion of a street, shall exceed the sum of two hundred dollars, exclusive of material to be furnished from the corporation material yard, if there be any such material on hand, the same shall be done under contract, awarded in the manner provided in this charter.

All work required to be done on any street, or part of any street, in said city which has not been accepted, shall be done at the expense of the owners of the property fronting on said street, or part of said street, and in the manner provided in this article; *provided*, that the Board of Trustees may provide for such repairs on unaccepted streets as the Commissioners of Public Works may recommend as necessary to public safety; *provided, also*, that no greater sum than five hundred dollars shall be expended for that purpose in any one year.

SEC. 203. Said commissioners shall, from time to time, after they have been directed to do so by the Board of Trustees, by ordinance, invite proposals for supplying to the

city such materials as may be required for the repair of public streets, or for any improvement thereon, and such proceedings shall be had in awarding the contract therefor, as are in this charter provided for awarding other contracts.

Corporation Yard.

SEC. 204. The Board of Trustees shall select some place in said city which shall be known as the "corporation material yard," wherein shall be kept all material, tools, and implements to be used in cleaning and repairing the streets, or for any improvement thereto. Said yard shall be under the control of the Commissioners of Public Works.

Serial Bonds for Street Improvement.

SEC. 205. Whenever the Board of Trustees shall find, upon the estimates of the Commissioners of Public Works, that the cost of any proposed work or improvement authorized by this charter, will be greater than one dollar per front foot along each line of street so proposed to be improved, including the cost of intersection work assessable on said frontage, it shall have the power, in its discretion, to determine that serial bonds shall be issued to represent the cost of said work or improvement; said bonds to be issued, and the work to be done, in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27th, 1893.

Said serial bonds shall extend over a period not exceeding ten years from their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January of every year after their date, until the whole is paid, and the interest shall be payable semi-annually, by coupon, on the second days of January and July, respectively, of each year, at the rate of not to exceed seven per cent per annum, on all sums unpaid until the whole of said principal and interest are paid. Said bonds and interest thereon shall be paid at the office of the City Treasurer, who shall keep a fund designated by the name of said bonds, into which he shall receive all moneys paid him for the principal of said bonds and the interest thereon, and from which he shall disburse such sums upon presentation of said coupons; and under no circumstances shall the said bonds or the interest thereon be paid out of any other fund. Said Treasurer shall keep a register in his office, which shall show the series, number, date, amount, rate of interest, payee, and indorser of each bond, and the number and amount of each coupon of principal or interest paid by him, and shall cancel and file each coupon paid.

SEC. 206. All work on the public streets in the city, as embraced in the Act of the Legislature of the State of California entitled "An Act to provide for work upon streets, lanes, alleys, courts, places, and sidewalks, and for the construction of sewers within municipalities," approved March 18th, 1885, and all Acts amendatory thereof, or supplementary thereto, shall be done by authority of the Trustees, and in conformity with the provisions of the said Act, except as otherwise provided for in this charter.

Sewers and Drainage.

SEC. 207. The Commissioners of Public Works shall devise, subject to the approval of the Board of Health, a general system of drainage, which shall embrace all matters relative to the thorough, systematic, and effective drainage of the city, and shall from time to time make to the Board of Trustees such recommendations upon the subject of sewerage and drainage as it may deem proper.

SEC. 208. The Commissioners of Public Works shall prescribe the location, form, and material to be used in the construction, reconstruction, and repair of all public sewers, manholes, sinks, drains, cesspools, and all other appurtenances belonging to the drainage system, and every private drain or sewer emptying into a public sewer, and determine the place and manner of the connection.

SEC. 209. The commissioners shall recommend to the Trustees rules and regulations concerning the public and private sewers and drains in the city, and upon recommendation of said commissioners, the Board of Trustees are authorized to pass an ordinance establishing the same and prescribing the penalties for any violation thereof.

SEC. 210. No person shall connect with, or open, or penetrate any public drain or sewer without first obtaining a permit in writing from said Commissioners of Public Works, and complying with the rules and regulations of the commissioners in relation thereto.

SEC. 211. Within one year after this charter shall go into operation, the Board of Trustees shall by ordinance provide that all premises along any street, or part of a street, in which there is a public sewer, shall connect with said public sewer. Upon the approval of said ordinance the Commissioners of Public Works shall give notice, by publication in one newspaper published in this city, for ten days, that all premises on any street, or part of a street, having a public sewer in it, must be connected by such drain or sewer as may be approved by the Board of Public Health; should any owner of any of said premises fail or neglect to have said connection made within six months from the date of the last publication of said notice, the Commissioners of Public Works shall proceed to, and make, such connections as they may deem proper, and all cost of making such connection shall be charged against the property, and shall be collected in the manner that all taxes or assessments are collected.

SEC. 212. Whenever the Commissioners of Public Works make any connection under

the provisions of this article, they shall prepare a bill which shall give the exact amount of cost of said work, and the secretary of the commissioners shall furnish the owner of the premises and the Tax Collector, each with a copy, and the commissioners shall retain on their file a copy of the same.

SEC. 213. The Board of Trustees shall have power to require, upon such notice as the board may direct, any lots, or portion of lot, within the city, which may be covered with stagnant water a portion of the year, to be filled up to such a level or grade as will prevent the same from being covered, and to assess the cost of such filling upon such real estate, and provide that it shall be a lien thereon.

ARTICLE XXI.

MISCELLANEOUS.

Illegal Approval of Demands.

SEC. 214. Every officer who shall approve, allow, or pay any demand on the Treasury not authorized by law, ordinance, or this charter, shall be liable to the city, individually, and on his official bonds, for the amount of the demand so illegally approved, allowed, or paid.

Buildings upon Wharves.

SEC. 215. No person, company, or corporation shall erect or maintain any building or structure, upon any wharf upon which there is a franchise, without the consent of the Board of Trustees, evidenced by ordinance, and said ordinance must clearly set forth the purpose for which such building or buildings are intended to be used, and if the proposed building or structure is to be used and maintained for the transaction therein of any business that cannot be lawfully conducted without a special permit, or license, the Board of Trustees shall have no power to pass such an ordinance; and if any such building or structure shall be on any wharf within the city limits, and if maintained or used for the transaction of any other business than that which is set forth in the franchise, or that requires to be licensed, when this charter goes into effect, the Board of City Trustees shall, by ordinance, order said building or structure removed within a definite time to be specified in said ordinance, and if the owner or person in control of the same shall neglect or refuse to remove it within the specified time, then the Commissioners of Public Works shall remove the same, and the owner shall have no claim against the city for damage, upon account of said removal.

Remuneration of Officials for Expenses Incurred.

SEC. 216. Whenever it shall become necessary for the interests of the city that any member of the Board of Trustees, Commissioners of Public Works, Library Trustees, or Chief of the Fire Department should be called upon to perform any duty for the city which involves travel, and incidental expenses in connection therewith, or to incur any other necessary expense, the member or members of such boards, or the Chief Engineer of the Fire Department, shall get an order or permit to incur such expense, from the Mayor, upon such form as may be adopted; on the completion of such duty such member of such boards, or the Chief Engineer of the Fire Department, shall render an itemized bill to the Board of Trustees, and upon approval of the same by the board, and being audited by the City Auditor, it shall be paid by the Treasurer as in this charter provided.

Limit of Indebtedness.

SEC. 217. No board within the City of Vallejo shall incur any indebtedness or liability in any manner, or for any purpose, exceeding in any year the income and revenue provided for it for such year, without the assent of two thirds of the qualified electors of the city voting at an election to be held for that purpose, nor unless, before, or at the time of incurring such indebtedness, provision shall be made for the collection of an annual tax sufficient to pay the interest on such indebtedness as it falls due, and also to constitute a sinking fund for the payment of the principal thereof within forty years from the time of contracting the same. Any indebtedness or liability incurred contrary to this provision shall be void.

Amendments to the Charter.

SEC. 218. Whenever there shall be presented to the Trustees a petition signed by a number of voters equal to fifteen per centum of the votes cast at the last preceding State or municipal election, asking that amendment or amendments to this charter, to be set out in such petition, be submitted to the people, the board must submit to the vote of the electors of the city the proposed amendment or amendments.

The signatures to the petition need not all be appended to one paper. Each signer shall add to his signature his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer competent to administer oaths, that the statements made therein are true, and that each signature to such paper appended is the genuine signature of the person whose name purports to be thereto subscribed.

The Board of Election Commissioners must make all necessary provisions for submitting the proposed amendment or amendments to the electors at a special election to be called by it, and shall canvass the vote in the same manner as in other cases of election.

All the provisions of the Constitution of the State embracing the subject in this sec-

tion provided for are hereby expressly applicable to such proposed amendment or amendments. But if at any time there shall be no constitutional provision or provisions under which this charter may be amended, then the aforesaid amendment or amendments must be submitted by the Board of Election Commissioners to the vote of the electors of the city at the election which next ensues after such petition is filed with the Trustees, if any such election is not to be held within sixty days after the filing of such petition.

The tickets used at such election shall contain the words "For the Amendment" (stating the nature of the proposed amendment), and "Against the Amendment" (stating the nature of the proposed amendment).

If three fifths of the votes cast upon such amendment or amendments shall be in favor of the adoption thereof, the Board of Election Commissioners shall, within thirty days from the time of such election, proclaim such fact, and thereupon this charter shall be amended accordingly.

Former City Ordinances.

SEC. 219. All city ordinances, resolutions, and other regulations now in force and not inconsistent with the provisions of this charter, shall be and remain in full force after this charter takes effect until changed or repealed by the proper authority.

SENATE JOINT RESOLUTION No. 10.

Relative to construction and ownership of the Nicaragua Canal.

WHEREAS, The construction of the Nicaragua Canal would be of immense value to the people of the Pacific Coast, and especially to the people of the State of California, as it would afford greater protection to this coast in time of war, open new lines of trade and commerce in time of peace, tend to cheapen transportation to foreign and Atlantic seaboard markets, build up new enterprises everywhere within our State, and largely tend to maintain old ones, greatly increase our population, and thus enhance our wealth and multiply our resources, and establish a shorter line of oceanic communication between the United States and its possessions in the Orient; and

WHEREAS, There is now pending in the Congress of the United States a measure providing for the construction of the Nicaragua Canal by, or under the auspices of, the United States Government;

Resolved by the Senate of the State of California, the Assembly thereof concurring, That our Senators in Congress be instructed, and our members of the House of Representatives of the United States be requested, to earnestly support the passage of this measure; and be it further

Resolved, That we favor the absolute ownership and control of the said Nicaragua Canal by the United States Government, if within the power of said Government to own and control the same;

Resolved, That His Excellency the Governor is hereby requested to forward to each of our Senators and Representatives in Congress a copy of this resolution.

SENATE JOINT RESOLUTION No. 8.

Relative to the irrigation of arid lands.

WHEREAS, There are many thousand acres of land within the confines of the State of California that are at present lying idle, uninhabited, and of no assessable value; and

WHEREAS, A supply of water for irrigating purposes would render these lands susceptible of the highest cultivation, and a source of revenue to the Government; and

WHEREAS, The expense of securing such a supply of water by the building of storage reservoirs is far beyond the means of the State, and as the result of such work is of great value to the Federal Government, in reclaiming and making salable large tracts of said land, and thereby making them a source of revenue; and

WHEREAS, The money necessary for such work should properly be appropriated by Congress; now, therefore, be it

Resolved by the Senate of the State of California and the Assembly, jointly, That our Senators in Congress be instructed, and our representatives be earnestly requested, to use their best endeavors to secure an appropriation from the Federal Government to provide for the necessary surveys and estimates for the diverting of rivers and streams and the construction of reservoirs for the storage of water, in order that some of our lands, at present arid and worthless, may be irrigated, and thereby rendered suitable for cultivation and a source of revenue to the United States, as well as to the State of California;

SENATE JOINT RESOLUTION No. 10.

Relative to construction and ownership of the Nicaragua Canal.

WHEREAS, The construction of the Nicaragua Canal would be of immense value to the people of the Pacific Coast, and especially to the people of the State of California, as it would afford greater protection to this coast in time of war, open new lines of trade and commerce in time of peace, tend to cheapen transportation to foreign and Atlantic seaboard markets, build up new enterprises everywhere within our State, and largely tend to maintain old ones, greatly increase our population, and thus enhance our wealth and multiply our resources, and establish a shorter line of oceanic communication between the United States and its possessions in the Orient; and

WHEREAS, There is now pending in the Congress of the United States a measure providing for the construction of the Nicaragua Canal by, or under the auspices of, the United States Government;

Resolved by the Senate of the State of California, the Assembly thereof concurring, That our Senators in Congress be instructed, and our members of the House of Representatives of the United States be requested, to earnestly support the passage of this measure; and be it further

Resolved, That we favor the absolute ownership and control of the said Nicaragua Canal by the United States Government;

Resolved, That His Excellency the Governor is hereby requested to forward to each of our Senators and Representatives in Congress a copy of this resolution.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS, {
SAN FRANCISCO, January 19, 1899. }

Hon. JACOB H. NEFF, *President Senate, Sacramento, Cal.*:

DEAR SIR: I have the honor to transmit herewith copy of Resolution No. 2248 (Fourth Series), adopted by the Board of Supervisors of the City and County of San Francisco at a meeting held on January 16, 1899, to which your attention is respectfully called.

Very respectfully,

JNO. A. RUSSELL, Clerk.

RESOLUTION No. 2248 (FOURTH SERIES).

WHEREAS, It is contemplated that an exposition of the products and industries of this State, the United States, and other countries be held to commemorate the fiftieth anniversary of our admission as a State into the Union; and

WHEREAS, In consequence of the Paris Exposition being held in the year 1900, as well as the time required to select a proper location and provide for the erection of suitable buildings for the exposition in this city and county, and to give sufficient time to all exhibitors throughout the United States and elsewhere, it is proposed to have the said exposition opened in or about June, 1901, and continued until December of the same year; and

WHEREAS, His Honor the Mayor has appointed a committee of citizens to prepare a plan for said exposition to show the resources of this and tributary States on the Pacific Slope and of the countries in the Pacific Ocean, notably the Hawaiian and Philippine islands; and

WHEREAS, The advantages and benefits to accrue to this State are incalculable, as the attention of the civilized world will be called to the extraordinary productions of this and other States as well as to its varied industries, and will open up a large field in connection with our foreign possessions, to stimulate enterprise and build up this State and the Pacific Slope; and

WHEREAS, The creation of the California Midwinter Fair, in spite of all opposition, and its success, demonstrated that such enterprises should be liberally patronized and assisted when designed to benefit the State; and

WHEREAS, The fact that such an exposition of our industries and resources, with all the natural wonders and attractions of this coast and of the Hawaiian and Philippine islands, will attract numbers of persons to visit and inspect for themselves the advantages to be reaped by proper and judicious investments; therefore,

Resolved, That the Legislature of this State be and is hereby respectfully requested to give this proposed exposition their earnest attention and support, and to that end to provide in aid of that enterprise a sum not less than \$250,000, in order that this project may be suitably indorsed and assisted;

Resolved, That the Legislature of this State is respectfully requested to pass a statute empowering each county in the State to provide such an amount as may in the judgment of its governing body be proper in the premises, to be provided by the tax levy of each year and to raise one third of the amount each and every fiscal year, commencing on and from the fiscal year 1899-1900, and continuing for the fiscal years 1900-1901 and 1901-1902;

Resolved, That this city and county, appreciating and realizing the benefits to be derived by holding such an exposition in this city and county, will, whenever legislative power and authority is obtained, agree to levy and raise the sum of \$750,000 in the manner and at the times heretofore recited, so that the same can be applied in carrying out the object and intent of this resolution.

ANNOUNCEMENT.

TO CHAIRMEN OF COMMITTEES AND COMMITTEE CLERKS.

The President pro tem. informed the Senate and committee clerks that under the Senate rules all bills carrying or proposing an appropriation of State moneys must be referred to the Committee on Finance and Claims before they can be read the second time, and requested that the several committees in their reports should make recommendations for such reference when the rules require it, as the reading of the titles to the bills by the Secretary oftentimes does not afford the presiding officer with enough information to properly judge their different provisions and to intelligently dispose of them—a thorough reading of many bills being necessary to accomplish the desired information. Chairmen of committees and committee clerks are requested to make in their reports all proper recommendations called for by the rules.

ADJOURNMENT.

MRS. L. A. WILLITS.

And two hundred and thirty-nine others.

Senator Maggard presented the following petition, which was read and ordered printed in the Journal:

To the Senate and Assembly of the California Legislature:

Inasmuch as we believe that the safety of the American nation is contingent upon a moral and intelligent citizenship; and

Inasmuch as such citizenship can be created and perpetuated only by providing educational facilities, and opportunities for reflection and the study of public questions; and

Inasmuch as the first is amply secured in the maintenance of the public school system, so dear to American hearts, while there is no adequate provision for the latter;

Therefore, as a step toward the development of a reflective citizenship, we most respectfully urge your honorable bodies to pass a law making one day out of every seven a legal rest day.

And, inasmuch as the first day of the week is most generally observed as a Sabbath, we ask that Sunday be named as such rest day, on the principle that thus the "greatest good to the greatest number" will be secured.

To this end we have directed the officers of this body to sign this document, and forward it to you as the official action of the Methodist Episcopal Church of Chico, California, for the official board of the Methodist Episcopal Church.

SENECA JONES, President.

H. H. CAMPER, Secretary.

It having come to our knowledge that a certain bill has been introduced prohibiting the wearing of military uniforms by any body of men other than the National Guard of California, etc.;

GENTLEMEN: We, as citizens of Modoc County, respectfully petition you to do all in your power to have the cattle quarantine raised, so as not to include that portion of California lying east of the summit of the Sierra Nevada Mountains. As the law is now, it works a great hardship on, and is a great disadvantage to, the cattlemen of this part of the State. By so doing you will confer a favor on the people of this portion of the State. Every man in this county is interested in this and would sign it but for fear we may be too late in getting this matter before you.

Respectfully,

Senate Joint Resolution No. 7—An Act relating to false branding of food products.

SENATE JOINT RESOLUTION No. 7.

Relating to false branding of food products.

WHEREAS, It has become known to the people in the State of California that many of their staple articles of production that commend themselves to the consumers of the world by reason of their purity and quality, markets for which have only been obtained by the expenditure of much time and energy, are being counterfeited by unscrupulous persons in many parts of the Union, by the substitution for the pure California product of certain mixtures of articles not the product of California, and labeling the packages containing them as being a pure product of California; and

WHEREAS, The subject of false branding and labeling of articles of food and beverages is recognized by producers and consumers throughout the civilized world as being of vital importance to commerce and the health of the people, being especially so to the producers of California, who by reason of their large annual output seek foreign markets for their surplus products, and who find that the good name and reputation of their goods are seriously injured in the markets of the world, and the trade therein restrained by reason of such false branding and labeling; and

WHEREAS, This condition is fully met by the provisions of a bill entitled "A bill for preventing the adulteration, misbranding, and imitation of foods, beverages, candies, drugs, and condiments in the several States, the District of Columbia and the Territories, and for regulating interstate traffic therein, and for other purposes," introduced in the National House of Representatives by Hon. Marriot Brosius (H. R. 9154) and in the Senate by Hon. Charles J. Faulkner (S. No. 4144), and indorsed by the National Pure Food Congress, which makes such false branding and labeling a misdemeanor, Section 5 of which provides that the term "misbranded" as used therein, "shall include all drugs, or articles of food, or articles which enter into the composition of foods or condiments the package or label of which shall bear any statement purporting to name any ingredients or substances as not being contained in such article, which statement shall be false in any particular, or any condiment or food product which is falsely branded as to the State or Territory in which it is manufactured or produced;" therefore, be it

Resolved by the Senate and Assembly, jointly, That we hereby instruct our Senators, and request our Representatives in Congress from this State, to urge by all possible means the passage of the Faulkner and Brosius bills by Congress at an early date; and be it further

STATE OF CALIFORNIA, }
COUNTY OF YOLO. } ss.

Samuel Taylor, being first duly sworn, deposes and says that he is over the age of 21, and a resident of the County of Solano, State of California; that the within hereunto annexed petition contains the names of residents and taxpayers who are residing in the County of Solano; that each and every name is genuine.

SAMUEL TAYLOR.

Subscribed and sworn to before me this thirtieth day of January, 1899.

[SEAL]

W. H. GREGORY, Notary Public,
In and for the County of Yolo, State of California.

To the Senate and Assembly of the State of California, in Legislature assembled:

GENTLEMEN: We, your undersigned petitioners, most respectfully represent and aver the following:

That each and all of your petitioners are residents or taxpayers of the territory hereinafter described; that we, your petitioners, represent — per cent, as nearly as can be ascertained, of the residents or taxpayers in said described territory; that the said described territory includes about 35,000 acres of land, now assessed in Solano County for about \$1,100,000; that the present boundary line between the counties of Solano and Yolo, the same running along Putah Creek, the bed of which is constantly changing along its lower stretches, is unsatisfactory and undesirable, inasmuch as among other objections, local interests on the part of certain localities have used and are now using Putah Creek as a barrier to prevent egress or ingress from or to these localities for the purpose of trade or otherwise, especially during the rainy season.

This end is accomplished by the continual refusal of Solano County to provide her share of costs of bridges crossing the said creek, which have been prayed for by your petitioners many times for the past — years. The only two bridges below the town of Winters, where there is a combined railroad and wagon bridge, which now crosses Putah Creek, were built and are now maintained by Yolo County solely at her cost, Solano County having at all times refused and still refuses to do so, after being often petitioned to perform the work. These two bridges being at and below Davis, are totally inadequate for the use of your petitioners.

We submit that the value of our property is in this way reduced, as these things operate to make it less desirable, and we further submit that the treatment we have received is not in accordance with the broad principles which underlie the very foundation of our Government, and which are supposed to characterize a broader American business sagacity.

Following is a description of the territory in which your petitioners reside:

Beginning at a point in section 29, township 8 north, range 2 west, M. D. M., on a large boulder in Putah Creek, marking the corner between Yolo and Solano counties, and running thence down the said Putah Creek along its meanderings, and following the line dividing Yolo and Solano counties about 25 miles to a point where the eastern boundary of section 24, township 8 north, range 2 east, is intersected by the line of the said creek; thence south on the line dividing ranges 2 and 3 east, and on the line dividing Yolo and Solano counties in township 8 north, about 2½ miles to the southeast corner of section 36, township 8 north, range 2 east, M. D. M.; thence leaving the line between said Yolo and Solano counties, and running west along the township line between townships 7 and 8 north, a distance of about 10 miles to the southwest corner of the "McMahan Rancho," record of the subdivision of which is now on file in the office of the Recorder of Solano County; thence north and northerly along the western boundary of said subdivision to the south line of the Rancho Rio de los Pinos; thence south 65 degrees west about 7½ miles along the southern boundary of the said rancho to its southwest corner; thence north 25 degrees west along the western boundary of the said rancho, about 1½ miles, to a point where the same is intersected by the line dividing townships 7 and 8 north, in range 2 west, M. D. M.; thence west along this said township line about 4½ miles to the western boundary of Solano County; thence northerly along the said westerly boundary of said Solano County about 1½ miles to the point of beginning, containing about 35,000 acres of land.

We therefore pray your honorable body to so define and locate the line between Yolo and Solano counties in such a manner that this above described territory shall be set over to Yolo County, where the interests and convenience of your petitioners always have and always will naturally lie.

And your petitioners will every pray.

C. M. Cooper, H. Seaman, F. J. Bonney, Mrs. F. J. Bonney, W. H. Allison, R. E. Sheldon, M. A. H. Wolfskill, J. B. Wolfskill, Sallie Wolfskill, F. Wolfskill, R. Wolfskill, A. P. Pleasants, A. A. By Senator Simpson:

To the Senate and Assembly of the Legislature of California:

We, the undersigned residents of Long Beach, in the County of Los Angeles, California, respectfully ask your honorable bodies to enact a Sabbath law that will prohibit all unnecessary secular labor and business, and all public sports and amusements inconsistent with the sanctity of the day, and that at the same time will secure the necessary weekly rest to all classes of weary toilers.

The above petition was presented in the Methodist Episcopal Church at the morning service, January 15, 1899, and by an almost unanimous vote of about 175 people we were authorized to sign it on their behalf.

A. W. ADKINSON, Pastor.
JOHN G. PALMER, Secretary.

QUESTION OF PERSONAL PRIVILEGE.

Senator Bulla arose to a question of personal privilege, and sent to the desk a statement, with the request that the Secretary read the same.

The statement was read by the Secretary, as follows:

MR. PRESIDENT AND GENTLEMEN OF THE SENATE: During the three sessions of which I have been a member of the Legislature of this State I have not heretofore risen to a question of personal privilege on account of a newspaper publication, not because I have not been ridiculed or criticised, but because such statements being simply the personal opinion of the writer or of the proprietor of the newspaper, I did not consider them of sufficient importance to demand notice or attention. I desire at this time, however, to call the attention of this body to a publication made in a San Francisco paper on last Saturday in which my character and the motives actuating me as a member of this body are called into question.

In that publication a statement was made that I was personally responsible for the defeat of a measure which the newspaper in question evidently considered desirable legislation.

Without discussing the character of the measure referred to, I believe it to be my duty to expose the falsity of the allegation that the defeat of the bill was due to my efforts. The record conclusively proves otherwise. The bill in question was one proposing to appropriate from the public moneys of this State \$30,000 to pay an accountant for expediting the books of the Southern Pacific Company, in furtherance of litigation then pending. The bill was introduced in both houses—in the Assembly as Assembly Bill No. 320, in the Senate as Senate Bill No. 329. The Assembly bill was at first defeated, then reconsidered, and finally passed. It was sent to the Senate and there substituted for Senate Bill No. 329. Believing that the amount of the proposed appropriation was greater than necessary, I made a motion, upon the second reading of the bill, reducing the appropriation to \$15,000. This amendment was carried by a vote of 23 to 8, after a full consideration and discussion of the amendment and the bill itself. Upon being placed upon its final passage, the bill was defeated by a vote of 22 to 12, I myself voting for the bill. It therefore becomes perfectly apparent that if the measure could not pass when carrying an appropriation of \$15,000, it would have had no possible opportunity of becoming a law without the amendment offered by myself.

I make this statement not only to refute the charges contained in the article referred to, but also to expose the attempt of the writer to mislead the public by falsifying the records of the Legislature.

ROBT. N. BULLA.

The statement was ordered printed in the Journal.

PETITIONS.

Senator Simpson presented the following petition, which was ordered printed in the Journal down to and including the sixth name:

REPORT OF SPECIAL COMMITTEE.

The following report of a special committee was received and read:

SENATE CHAMBER, SACRAMENTO, February 7, 1899.

MR. PRESIDENT: The Special Committee of Finance and Public Buildings, to whom was given the authority to inquire into the management and requirements of the Home of the Feeble-Minded, at Glen Ellen, beg leave to report as follows:

We found, on thorough inspection, that the institution is carried on in the most economical and efficient manner, the manager, Dr. Osborne, and his assistant, Mrs. Osborne, being conversant with every detail, and their charges are under perfect control.

The Home is very much overcrowded, and there is not a sign of extravagance in the management, nor is there any apparent lavishness among employees.

The requirements are such that the committee would unhesitatingly grant every demand, would the State finances permit, but as the demands of other similar institutions are so great and also pressing, we would recommend only such as the management deems absolutely necessary.

The completion of the main structure, the perfecting of the water supply, and the building of cottages, we think should be granted, and next in importance we would, were the finances obtainable, recommend the building and equipment of a power-house and perfecting of the heating system, which is now very unsatisfactory and expensive.

Respectfully submitted.

PETITIONS—(OUT OF ORDER).

Senator Laird presented the following petitions, which were ordered printed in the Journal, down to and including the sixth name on each:

To HON. J. T. LAIRD, *State Senator*:

DEAR SIR: We, the undersigned, residents of the State of California, respectfully represent:

That the laws and regulations thereunder, relative to quarantine against diseases among domestic animals, work a great and unjust hardship against that section of the State of California which lies at high altitudes along the Sierra Nevada Mountains, and to the east thereof, where the industry of stock-raising is one of great magnitude. Such unjust hardship consists in the following particulars:

It is a well-known fact that splenic fever in cattle is propagated by a parasite or tick; and that such parasite or tick is entirely destroyed by cold weather, such as prevails in the section of the State aforesaid during the fall, winter, and spring of each year. There can be, therefore, no just cause for maintaining a quarantine against said section, on account of such infection, during said cold season.

It is, however, a fact that said section is under a quarantine for such fever, proclaimed by the Honorable Secretary of Agriculture of the United States, which prevents the shipment of cattle from said section, except under very onerous and burdensome regulations, tending to restrict or destroy the profits of the business.

It is represented to the subscribers hereto that any quarantine proclaimed by the Honorable Secretary of Agriculture, must, under the existing Statutes of the United States, follow State lines, and affect all if any part of a State.

And such are the existing laws of the State of California that no local quarantine can be declared thereunder against one portion of this State, and for the protection of another portion; which state of the law renders it impossible to prevent the bringing into the section of the State aforesaid, at any period of the year, cattle from any other portion of the State, notwithstanding such cattle may be infected with some contagious disease.

Such being the existing conditions, we respectfully represent that some relief should be granted whereby the stock-raising industry of the State may be fostered and protected. And to that end we respectfully suggest:

First—That the laws of this State should be so amended as to authorize and direct the State Board of Health to declare a quarantine against any district in this State wherein any contagious or infectious disease exists among domestic animals, to prevent such diseased animals from being driven, or taken, out of such district.

Second—That the Legislature of this State should by proper resolution instruct our Senators, and request our Representatives in Congress, to use their best endeavors to procure the amendment of United States laws, so that the Honorable Secretary of Agriculture may relieve a portion of a State from quarantine when no contagious or infectious disease exists in such portion.

And we respectfully urge that you use every effort to procure the enactment of the laws and resolutions herein suggested, or such other and different laws and resolutions as shall tend to afford the relief desired.

T. J. DUNLAP.

T. J. SHEA.

A. H. WALLER.

J. S. CULCHER.

E. DUNLAP.

A. F. BRADSHAW, M. D.

And two hundred and fifty others.

Also:

To the HON. JAMES T. LAIRD and HON. G. G. CLOUGH, *Sacramento, Cal.*:

GENTLEMEN: We, your petitioners, residents and taxpayers of Lassen County, do hereby protest against Senate and Assembly Bills Nos. 363 and 308, Section 25, Subdivision 25, which reads as follows: "No license tax upon the business of raising, grazing, pasturing, or herding sheep shall exceed two cents per annum per head, and no license

tax shall be imposed for or on account of unweaned lambs." We most respectfully ask that said section be stricken out, or be made to read not less than five cents for sheep and lambs.

PETITIONS.

Senator Gillette presented the following petition, which was ordered printed in the Journal, down to and including the first six names:

To the Senate and Assembly of the Legislature of California:

We, the undersigned, residents of Eureka, in the County of Humboldt, California, respectfully ask your honorable body to enact a Sabbath law that will prohibit all unnecessary secular labor and business, and all public sports and amusements inconsistent with the sanctity of the day, and that at the same time will secure the necessary weekly rest to all classes of weary toilers.

MRS. A. D. VINAL.
MRS. J. R. FORSEY.
A. COTTRELL.
J. H. McDONALD.
E. L. COTTRELL.
G. M. YUILL.

And one hundred and forty others.

Senator Braunhart presented the following petition, which was read and ordered printed in the Journal:

The taxpayers of San Francisco, now in mass meeting assembled, confidently affirm:

1. That the City and County of San Francisco is justly entitled to have a State Normal School established therein.

2. San Francisco is the great metropolitan city of California, and the recognized commercial center of the Pacific. It belongs to all the people of the State as well as to San Franciscans, and one and all look upon it with pride and call it their own. It contains one fifth of the population of the State and educates one fifth of its children. It has furnished teachers to all sections of California, and its citizens contribute one fourth of the taxes for the support of State and municipal government.

3. The best educators in the land and the greatest economists in school matters have with singular unanimity declared in favor of Normal Schools for the special training of teachers.

We therefore look favorably upon the progress already made by our State in that direction, and while we hope for the continued success of the State Normal Schools in the interior, we most emphatically contend that it would be an act of great injustice to the people of San Francisco, and of incalculable injury and loss to those of their pupils who desire Normal School training, to be forced to seek that training and experience at boarding schools in the interior, away from their homes. And we furthermore say that a refusal to establish such a school here at this time would be in effect a denial to a large percentage of graduates from high-grade schools, who cannot afford the expense, of that degree of knowledge and experience which every person should have before receiving an appointment as teacher in the department; be it, therefore,

Resolved, That the State Legislature, now in session at Sacramento, be and it is

hereby earnestly requested to enact a law establishing a State Normal School in San Francisco, and that one of the bills now pending, with the amendments proposed by the Taxpayers' Educational League of San Francisco, be passed by said Legislature; and be it further

Resolved, That a copy of the foregoing declarations and resolutions be forwarded to the Senate and one to the Assembly at Sacramento, without delay, and that like copies be furnished to the daily press of San Francisco.

M. COONEY,
WM. HENDERSON,
T. B. EVANS,
Committee.

The foregoing resolutions were adopted in mass meeting of citizens held February 8, 1899.

W. G. JOBSON, Chairman.
W. H. BODFISH, Secretary.
